The golf tournament was postponed yesterday afternoon on account of the weather much to the disappointment of the number of players who were entered in the tournament. The new cinder path made by the city from Charlotte street to the Country club made it possible to reach the grounds with comfort yesterday and in spite of the rain there was a number of the members who spent the afternoon at the club house. The new additions which were made to enlarge the lockers are completed and are of great service. The ladies' tournament will be continued on Tuesday as usual.
