> FEEBLE OLD LADY Has Strength Restored By

Mrs Michael Bloom of Lewistown, Pa., who is 80 years of age, says: "For a long time I have been so feeble that After I have had to be wheeled around in the ships had set sail from Manila an invalid's chair. I had no strength and took cold at the slightest provocation, which invariably settled on my lungs, and a cough would result. My son learned of the cod liver preparation called Vipol, and procured a bottle for me. It built up my strength rapidly, and after taking three bottles I am able to do most of my work, and I can walk a quarter of a mile easily Every aged or weak person who requires strength should try Vinol. I am delighted with what it has done for me.

As a body builder and strength crea tor for old people, delicate children, weak, run-down persons, and after sickness, Vinol is unexcelled. If I falls to give satisfaction we will return your money.
