Mr. and Mrs. Henry Hedwood issued invitations yesterday to the wedding of their daughter, Lucy Taylor, to Mr. Samuel Thomas Nottingham, of Virginia, which will take place Saturday evening, 17th, at nine o'clock, at Trinity church.

The Daughters of the Confederacy held a business meeting yesterday afternoon at the residence of Mrs. J. P. Sawyer on Haywood street. After transacting the usual business, it was decided to have a quarterly social and historical meeting, the first of which will take place the first Thursday in May, at the residence of Mrs. Sawyer. Mrs. Edwina L. Ray, the historian, and a committee were appointed to take charge of the quarterly meeting. The meetings will undoubtedly prove of great interest to the members of the chapter.

The Woman's Guild and Woman's Auxiliary, of Trinity church, will hold a sale tomorrow from 10 a. m. until 6 p. m., at Sewell's Pharmacy. The Easter sale will be of interest to women who love the dainty articles of apparel, or to adorn the house. There will also be hand painted Easter eggs, for the egg hunt, which will soon take place in the children's world. The sale will be unusually attractive and the public is most cordially invited to attend.

The Woman's Missionary Society of Central Methodist church will meet this afternoon at 3 o'clock.

The public recital at the Asheville School of Music and Dramatic Art yesterday afternoon was one of the most enjoyable of the season.

Yesterday the program was given by the piano pupils of Mr. F. F. Barker and the vocal pupils of Mr. Barnett Jordan. Miss Katherine Readley played a Norwegian dance by Møller with good effect, bringing out the characteristic discordant climaxes and at the same time playing the softer singing passages with feeling and understanding. Miss Blanche Loftain sang "Hedge Rose" and "By the Sea," by Schubert pleasingly. Miss Loftain's voice is of pure soprano quality, and of sweet tone, which was heard to better advantage in "Hedge Rose." Mrs. Harkins read James Whitecomb's "Bear Story" beautifully, and possesses the pleasing faculty of referring hardly at all to the book. Her expression added greatly to the agreeable impression made by her well modulated voice and excellent expression. Miss Mabel Stone was warmly applauded for her playing of Grieg's "Danse Caprice," and faithfully interpreted the weird mood of the composer. Miss Stone plays unusually well. Miss Anne Hall's rich mezzo soprano voice was heard to excellent advantage in Tostis' "Mattinata," which she sang artistically and without a trace of nervousness. Miss Hall's voice is almost too big for a drawing room, and is heard to better advantage in a larger auditorium, or at Central Methodist church. Miss Robin Kennett sang "Mirza" and "Sing Me a Song of a Lad," her high, full and sweet soprano voice ringing out so brilliantly that she was accorded a well deserved encore and responded with "The Song of the Sea," composed by Mr. F. F. Barker, who accompanied her. Miss Kennett possesses an especially pleasing and sympathetic voice. Miss Egan Clements read "Mice at Play," by Neil Forrest exceedingly well, the delicate humor being well brought out by Miss Clements. Miss Clements shows great versatility in her work and appears to equal advantage in either the lighter, humorous recitations or the more serious dramatic work. There was a good audience and the entire program was well given.

The mixed doubles tennis tournament was commenced at the Battery Park hotel yesterday afternoon and drew an unusually large crowd. The playing was spirited and the first appearance of the ladies in the tournaments added interest. Tea was served by Mrs. William Bearden and punch by Mrs. Washington, during the afternoon. The scores were as follows: Dr. and Mrs. Charles S. Jordan, lost by default to Mrs. G. A. Harvey and Mr. DuBois Rees, Mr. and Mrs. Tench Cox, plus 1-15, lost to Mrs. R. P. Johnston and Dr. Jero Cocke by default. Mrs. Johnston and Dr. Cocke minus 1-15, defeated Mrs. Harvey and Mr. Rees, 6-0, 3-4, 6-1. This afternoon at 4:30 the tournament will be continued. Mrs. McNairy and Mr. Ellsworth Lyman will play against Mrs. M. Dunn McKee and Mr. J. A. Winn. There will probably be one of the best attendances of the week this afternoon at the grounds on account of the interest in the tournament, and also on account of the very pleasant weather. Tea and punch will be served as usual in the club room.

St. James Episcopal church of Hendersonville, was the scene of a beautiful marriage Wednesday afternoon of this week when Miss Eusebia Burton RoBards, the charming and attractive daughter of Mrs. W. O. RoBards, became the bride of Mr. William Alexander Keith. A musical program of rare excellence was rendered. Promptly at three o'clock Lohengrin's wedding march sweetly played by Mrs. Grace Colton and Miss Annie Smith, the violinists, and Mrs. R. M. Ivins, the organist, announced the approach of the wedding party. The ceremony was performed by Rev. R. N. Wilcox, rector of the church who used the Episcopal ritual including the ring service. Soft, sweet music was played while the marriage vows were exchanged, and Mendelssohn's wedding march was played as the party went out. Miss Rosa Few sang with great expression "Because."

The two suit cases reported to have been taken from the Battery Park hotel Wednesday were found in Aston park yesterday morning by a boy, and the police were notified. Most of the articles contained therein were found intact, but several pieces of jewelry and other articles of value were reported missing. Two negroes are said to be suspected of the theft.

Mr. and Mrs. R. A. Houston, who are spending some time at the Battery Park hotel and are entertaining a party of friends from the east, gave a coaching party yesterday afternoon driving over the Hillsboro estate and the principal points of interest in the Hillsboro section. Mr. and Mrs. Houston afterward returned in time for the tennis tournament in the afternoon. The guests were: Miss Helen Binek, Miss Smith, Mr. and Mrs. C. A. Horne, Mrs. James L. Alexander, Mr. H. S. Houston and Mr. W. G. Horn.

The Jennie Wren Society meets this afternoon at the residence of Little Miss Kathleen Olive, on Haywood street. The opening of spring millinery yesterday at Mead's Daylight Store was attended by a great number of people and the styles shown were both new and attractive. The popular fruit trimming of the season was again in evidence and was combined with contrasting shades of ribbon or leaves. Flowers were also much used and many new varieties hitherto unseen were artistically arranged in half wreaths, large single flowers, or the small semi-wreaths of several of the smaller flowers. The children's hats were an interesting addition and are seldom shown at the openings. These were good in style and simply trimmed. The opening was very successful.

The Friday dance is given as usual this evening at the Battery Park hotel and will be largely attended. There are a number of young people at the hotel for the spring season and with the usual dancing set from Asheville the ball room will be well filled. It is again requested that those who have received season cards will kindly show them at the door to avoid embarrassment.

hat and carried a cluster of pink and white carnations.

An informal reception to the bride party and a few relatives and intimate friends was given at the home of the bride's mother, Mrs. W. O. RoBards, immediately after the ceremony and a buffet luncheon was served. Mr. and Mrs. Keith left Hendersonville on the five p. m. train on an extended bridal tour to Jacksonville, Tampa and New Orleans. Mrs. Keith formerly of Kentucky, has lived in Hendersonville only a few years, but has endeavored herself to a host of friends.

Mr. Keith is a native of Wilmington, North Carolina. He moved here some years ago and is one of the most successful and popular young business men of this city. The handsome and beautiful array of costly presents attest the esteem in which the estimable young couple are held. Among the out of town guests besides those already mentioned were: Miss Virginia Stuart Richerson, of Louisville, Kentucky, and Miss Henrietta Smith, of Chicago.

DIAZ SAYS THAT DOVE OF PEACE STILL FLIES

That Is To Say That Mexico and Uncle Sam Are Real Good Chums

CITY OF MEXICO, April 1.—President Diaz opened the second session of the twenty-fourth congress tonight by reading before the assembled deputies and senators his annual message. The legislators met in the palace of mines, the chamber of deputies building having been destroyed by fire a few days ago. The entire cabinet attended the opening session.

President Diaz in his message referred to the return of prosperity and peaceful relations existing between Mexico and the nations of the world.

He declared that the United States had asked Mexico whether or not she would co-operate in case it became necessary to compel the Central American republics to live up to the letter and spirit of the recent Washington peace pact and that his answer as chief executive of the republic had been that such co-operation would be given to the full extent of the powers of the republic. The outlook for the present session is that little more than routine work will be done.

PLEADS GUILTY IN EMBEZZLEMENT CASE

(By Associated Press.) NEW ORLEANS, April 1.—Samuel T. Stevenson, former financial secretary of Typographical Union No. 17, of New Orleans, pleaded guilty to embezzling the funds of that organization in the criminal district court here today. Sentence was deferred. It is claimed that Stevenson's defalcations amounted to about \$10,000.

Henry S. Hudspeth, who was president of the union at the same time Stevenson was secretary is under indictment for fraudulently obtaining money from the union. Hudspeth was a candidate for president of the International Typographical Union at the last meeting of that organization.

WHAT IS ELECTRICITY?

What is electricity? Can you answer the question? If not, you need not feel discouraged for nobody else in the whole world can answer it either.

Do you know what light is; not what it is like, or how it acts, or what it can be used for, but what its very nature is? Don't let it worry you.

Once a high school boy was asked to give a definition of light. He scratched his head and stammered, then finally explained that he did not know exactly what light was but had forgotten. Whereupon the professor told him that he by his lapse of memory had done science an irreparable injury, for nobody else in the whole world had ever been able to acquire the information that he had let slip from him.

Many men who call themselves engineers like to pretend they know all about electricity, but the real engineer never knows how it acts and what good it is, and he spends a lifetime in the study of it in its manifestations without being able to say in the end what it is.

In many respects light and electricity seem to be alike. Each seems to be due to very rapid vibrations in the ether which permeates all known substances including the atmosphere and space beyond the atmosphere.

The vibrations or waves of light are intensely rapid and of very short length, whereas the waves of electricity are much longer and correspondingly slower. These vibrations do not produce any motion of the wire transmitting the current, but nevertheless it is reasonably certain that they exist. It is interesting to note that because of these vibrations it is supposed that a wire does not really carry the current, but merely serves as a guide as it were, the current being really carried in space around the wire. The wire is however, a necessary part of the equipment.

GENERAL RIPLEY UP FOR PERJURY

(By Associated Press.) ... FRANKFORT, Ky., April 1.—Upon a warrant sworn out by County Judge E. H. Davis, of Shelby county, General Garnett Ripley was arrested here today charged with perjury. It is alleged he swore falsely in his testimony in the sensational \$25,000 damage suit filed by Mrs. Josie Hazlett against Walter Duncan in Shelby county. Duncan killed Newt Hazlett on the roadway and was pardoned by Governor Willson on the ground that Hazlett was a night rider and was about to attack Duncan's tobacco barn. Ripley was on patrol duty with state militiamen that night and swore at the trial he had heard shots. It was claimed by the soldiers with him that he was too far off to have heard the shots.
