The fatality occurred at Jeannette, near here. The wind blew down the north wall of the Jeannette opera house, recently damaged by fire. It fell on the residence of Dr. A. A. Custard, adjoining, crashing through the roof and instantly killing Mildred Felton, sixteen years old, who was visiting the Custards.

Grace Swift, sixteen years old, a niece of the physician, was seriously injured about the head and body. Two other members of the doctor's family were slightly injured.

DISASTROUS FIRE IN CITY OF ROCHESTER WITH \$500,000 LOSS

Several Sections of the City Were Destroyed---Panic Ensues in the Jewish Section.

(By Associated Press.) ROCHESTER, N. Y., April 13.—Swept along in the face of a twenty-five mile gale, fire today destroyed several sections of the city and did damage estimated at half a million dollars.

For a time it was thought that a great portion of the city would be swept, and aid was summoned from Buffalo and Syracuse. Generously and promptly the out of town firemen, with apparatus responded, but ere they reached the scene the heroic work of the local department and of volunteers had gotten the flames under check and their assistance was not required.

Mayor Edgerton has issued a call for relief funds for these families. Some of them are quartered in pre-occupied houses and a large number are spending the night in a public school. A heavy rain set in at 6 o'clock tonight and while it helped in extinguishing the smoldering ruins it was a hardship on the homeless, especially those whose household effects are in the open.

Thieves Busy. Thieving which started early in the day has been stopped by the presence of the militia. Because of the numerous fires which Rochester has had lately the board of fire underwriters has increased rates here on all buildings except dwellings, twenty-five cents on every \$100. The increase went into effect at 5 o'clock today.

The Palmer building, a four-story brick structure devoted to manufacturing interests, at Main and Gibbs streets, was the starting point of the conflagration which spread over a wide area, and then jumped nearly a mile and started a second series of fires of such proportions that aid was summoned from Buffalo and Syracuse. By the time the out of town firemen arrived, however, the local firemen were masters in both fire areas.

Although accurate estimates cannot be made at this time, the loss is estimated at at least \$500,000. This includes \$50,000 on the Palmer building; \$100,000 on the Hunting company, manufacturers of plumbers supplies; \$90,000 on the beautiful Jewish temple, Berith Kodesh, which is in ruins, and the rest in small amounts, is apportioned among manufacturers, houseowners and tenants. Buildings which were destroyed in addition to about fifty residences were the Palmer building, Temple Berith Kodesh, First Reformed church, of America; the Ward apartments, and First German Lutheran Zion church. The St. Peter's Presbyterian church, the Palmer lumber yards and several small firms on Main street were damaged. Several firemen were injured by falling

walls or were overcome by smoke, but none was seriously hurt.

Rapid Spread. The spread of the flames, once they had gotten a good start in the Palmer building, was rapid. Here and there sparks, carried by the swift winds, kindled new fires. Residents became panic-stricken. Apparently all reason was lost and there was but one thought—the city was doomed. Some of the women threw from the windows of houses not yet burning, beds, bureaus, tables and all sorts of articles of furniture and personal property. In this way considerable property was needlessly demolished. The fire broke out so frequently in the northeastern part of the city that companies could not be dispatched to all of them, but volunteer brigades helped in keeping down the fire loss.

From the Palmer fire the sparks carried a mile and set the First Reformed church of America ablaze, completely destroying it. Little attention was paid to the new fire at first, but soon alarms sounded from half a dozen boxes in the same vicinity. Jets of fire were beginning to appear on buildings scattered over a wide area. The Reformed church fire, aided by the wind, helped to spread the destruction. The entire district rapidly became a scene of confusion and calls for additional aid were sent in. Chief Little then sent three companies away from the main fire.

Panic Among Jews. Recognizing the seriousness of the situation, Chief Little held a conference with the fire underwriters and it was decided to appeal to Buffalo and Syracuse for aid. The Chatham, Nassau and Kelly street section is in the Jewish district of the city. This is the last day of the feast of the Passover, and many of the Polish Hebrews, seeing the pall of smoke and the fire falling on all sides, interpreted the situation as the outward, visible sign of the second coming of the Messiah. Men, women and children tore their hair and knelt in the street to pray. Their shouts were terrifying. One woman, Mary Kirshnamy, went violently insane. Draymen reaped a harvest. A large number of rigs of various descriptions invaded the district and offered for \$5, \$10 or more to remove goods to places of safety. Any amount asked was given by the half crazed Polish Jews and they stored as many of their goods as possible on the wagons, never knowing even their destination.

Clean Sweep. From house to house, through street after street, the fire leaped along, burning buildings on Chatham, Nassau, Kelly, Baden, Oregon and Harrison streets and Hudson avenue until the stand by the firemen at Kelly street was successful in stopping them. The total number of houses burned is about fifty, in addition to

DR. C. P. AMBLER IS NOT A CANDIDATE FOR MAYOR

Sends Letter To Executive Committee Announcing His Withdrawal From The Municipal Contest.

Expressions of Regret Heard

A decided filip of interest was given to the republican city campaign by the announcement last night that Dr. C. P. Ambler, who was nominated for mayor by acclamation at the republican convention Monday night, had sent a letter to the republican executive committee withdrawing from the mayoralty race. Inquiries by a Citizen representative as to the reason which prompted Dr. Ambler's action elicited no information beyond the statement that the doctor had no wish to become embroiled in a bitter campaign, such as the impending contest promised to be.

In another quarter it was stated that Dr. Ambler was not a man who would take any political detraction, and it was stated that his action may have been brought about by a disinclination to play the game of politics according to the direction of the powers-that-be.

At any rate the announcement that Doctor Ambler had taken himself off the ticket was heard with much surprise and regret as the doctor was looked upon as an ideal candidate by members of his party. He has always been in the forefront of public movement, showing a special interest in the agitation for meat and milk inspection.

It is known, however, that Dr. Ambler was never an anxious seeker for the mayoralty nomination on the republican ticket. Indeed, he yielded only after strong pressure was brought to bear on him, and then his acceptance was based on the understanding that he was in no sense a ring candidate.

CALHOUN JURY WAS FILLED YESTERDAY

After Ninety-One Days of Hard Struggle The Panel Is Now Complete

(By Associated Press.) SAN FRANCISCO, April 13.—The jury that will try Patrick Calhoun president of the United Railroads, on a charge of offering a bribe, was completed today. Otto S. Mackroth, a retired grocer, was sworn in as the twelfth juror. The attempt to get a jury has extended over a period of ninety-one days. Assistant District Attorney Francis J. Honey immediately made application to the court for the selection of a thirteenth juror who shall be in readiness to take the place of any of the twelve who may be disqualified by illness or by some other reason. The request was earnestly opposed by counsel for the defendant who declared it might consume another week to secure the additional juror.

HOW TO RAISE THE "MAZUMA" IS NOW LEADING PROBLEM

How To Get Revenue To Meet \$120,000,000 Deficit Puzzles the Solons

PAYNE MEASURE WILL FALL SHORT

Receipts From Original Measure Would Be Far From Meeting Deficit.

(By Clyde Tavenner.) WASHINGTON, April 13.—The problem of raising revenue to offset the \$120,000,000 annual deficit resulting from republican extravagance is daily looming larger on the horizon. Although an attempt was made in the Payne bill to solve the deficiency in the national finances by increasing the tax on necessities, and even by placing a double duty on death through an inheritance tax, it failed utterly. Figures show in a striking manner how the Payne bill falls short, by over \$87,000,000 a year, of bringing in sufficient revenue to equal the expenses of the republican administration.

The appropriations for the next year are \$1,044,014,298.23, or more than \$12 per capita if distributed to the individual. To meet this it is estimated that \$223,340,712 will be received from postal revenue. It is claimed that \$50,000,000 is for sinking fund on public debt and need not be paid; that \$35,000,000 is appropriated for the Panama canal, which can be paid by the sale of bonds under the provisions of the Payne bill. After these reductions have been made the sum left as a necessary amount to be raised by taxation is \$725,673,586.23. To meet this enormous sum the following estimates are made: from customs duties under the Payne bill, \$305,224,752; from internal revenue, \$251,000,000; from taxes on legacies, \$20,000,000; from miscellaneous sources, \$62,000,000.

The total of these amounts is \$638,224,752.30, which is \$87,448,833.84 short of equaling the expenditures of the government.

"Why is Uncle Sam having such a hard time meeting expenses?" is being asked by the man who has little time to keep close track of national finances.

"Extravagance" is the answer of those on the scene who are able to get a view into the business methods of the government from close range.

It is almost impossible to understand that the Roosevelt administration could have been more expensive to the American people than was the

LAND OF SULTAN IS DISTURBED BY NEW ORDER OF THINGS

First Tryout of the New Constitution Promises A Stormy Future

CABINET GETS OUT FROM UNDER

Kiamil Pasha, the Former Grand Vizier, To Form New Ministry.

(By Associated Press.) CONSTANTINOPLE, April 13.—The troops of the garrison made a demonstration today before the parliament building against the committee of union and progress and the government. They demanded the dismissal of the grand vizier, Hilmil Pasha, the minister of war and the president of the chamber. The outbreak was caused by an order issued to the troops to the effect that they must obey their officers under all circumstances, even if called upon to shoot down their co-religionists.

The ministers as the first move seized all the officers of the committee of union and progress and held them prisoners. Only a few of the troops refrained from taking part in the demonstration. The latter, which were chiefly artillerymen and cavalry, are named at the war ministry. They have orders to fire on anyone approaching the building, and during the course of the day a number of persons were killed or wounded. Deputies were escorted to the chamber in order that they might vote on the question of forming a new cabinet and appointing a new president, but, owing to the Easter holidays it was impossible to form a quorum.

New Cabinet. The cabinet met at the port early in the morning and after a long consultation the ministers sent in their resignations to the palace. A new ministry is being formed. The latest rumor is that Tewfik Pasha, who was recently appointed ambassador to Great Britain, will be the new grand vizier, with Edhim Pasha, minister of war. Edhim Pasha was the Turkish commander in the Greek war and as he proceeded from the Beldis to Stamboul, he was greeted with cheers from the troops.

The Sultan's principal secretary read to the chamber an irade announcing that his majesty had accepted the cabinet's resignation and that a new ministry was in process of formation. Measures had been taken, the irade continued to preserve order throughout the country. It announced that the mutinous troops had

PLOT TO BLACKMAIL A PRIEST FRUSTRATED BY THE GOTHAM POLICE

"Black Hand" Plot Is Disclosed by Trapping of the Miscreants.

THEY DEMANDED \$2,500

(By Associated Press.) NEW YORK, April 13.—The arrest late yesterday at Forty-second street and Second avenue, of a stranger, who gave his name as Edward Zerlinsky, disclosed a Black Hand plot to blackmail the Rev. Father Valentine Chibowsky, pastor of St. Joseph's Polish Catholic church, at Passaic, N. J.

Father Chibowsky five days ago received a letter signed by the Black Hand demanding that he place an envelope containing \$2,500 at a certain spot on the corner of Forty-second street and Second avenue. The priest notified the police and word was sent to the New York Central office. It was arranged that Father Chibowsky should go to the point designated last night and place the envelope, while the detectives were watching, but at the last moment the priest declined to act a messenger, made up to look as nearly as possible like him, placed an envelope containing marked bills in the spot indicated.

Central office detectives saw Zerlinsky secure the envelope a few minutes later, and before he had taken five steps he was a prisoner. He declined to do more than give his name and he was locked up at police headquarters. "I have not an enemy that I know of," said Father Chibowsky, last night, "and I cannot imagine that the Black Hand is after me. The plan must have originated in this fellow's brain." Father Chibowsky has charge of a parish containing two thousand, mostly mill hands.

KENILWORTH INN IS BURNING FIERCELY

Fire of unknown origin broke out at 2:30 this morning at Kenilworth Inn, one of the best known hostleries in the South. The fire is alleged to have started in the kitchen. The guests were roused, and as far as is known, all succeeded in making their escape. The fire is burning furiously at this hour. The Asheville fire department has been called. It looks as if the hotel is doomed to total destruction. The Kenilworth property is owned by Senator M. Gazzam, of Philadelphia, and was built at a cost of \$140,000. The amount of insurance is not known.

FALL OF THE DICE WAS FOLLOWED BY CRACK OF TWO DEADLY PISTOLS

Game of Chance Has Fatal Ending at the City of Knoxville

KILLED THEIR MAN

(By Associated Press.) KNOXVILLE, Tenn., April 13.—Theodore Rose and Dick Thomas were the principals in a bloody tragedy enacted near Mentor yesterday. Meagre details of which have been received here. Rose was killed and Thomas lies at the point of death. It is stated that the two men were gambling when a dispute arose and pistols were pulled. Rose was shot four times and Thomas in three places.

A coincidence of the tragedy is that each man had previously killed a man. Rose killed Harvey Birchfield some twelve years ago. When tried for murder he was acquitted, as the principal witness against him could not be found. Thomas killed a man six years ago near Townsend but was acquitted on the ground that he was shooting at another party, and that the bullet had accidentally passed through the side of a cabin and killed an innocent party.

GOOD FISH STORY.

(By Associated Press.) NEW YORK, April 13.—Captain Chichester, of the steamship Arapahoe, in today from Jacksonville and Charleston, reports having passed through immense schools of mackerel while off the Delaware capes and New Jersey coast last night. There was school after school, each containing millions of fish. One school alone according to Captain Chichester, covered an area of more than a square mile. He said he had not seen so many fish together in years.
