One of the most beautiful weddings that has been celebrated in High Point in many years took place Wednesday afternoon when Miss Jones and Dr. J. W. Burton, became the bride and Dr. William M. Jones. The home was elaborately decorated for the occasion, palms, ferns and Easter lilies being used. The bride entered with her brother, James E. Burton, by whom she was given away, carrying a shower bouquet of lilies of the valley. She looked very beautiful in a traveling suit of gray with hat and gloves to match. Miss Alice Burton, the bride's sister, was maid of honor, and wore an exquisite gown of white silk embroidered in silver and blue with a large black picture hat, carrying white roses and lilies of the valley. Mrs. Thomas Jackson Gold, the matron of honor, wore a becoming princess gown of white chiffon cloth with black picture hat and carrying a shower bouquet of white roses. Dr. Frank E. Perkins was best man. Rev. E. L. Miller, pastor of the First Presbyterian church, performed the ceremony that united for life the happy couple, and as bride and groom with bowed heads there were many silent wishes for a long and happy life. The bride is one of the most attractive and beautiful young ladies of the state. The groom, Dr. William M. Jones, is a leading and able young physician of this city with a growing practice made so by his real ability and earnestness. The wedding was a quiet one on account of recent bereavement in the family, there being only the relatives and a few of the most intimate friends present. The couple left at noon for an extended trip north, after which they will make their home for the present at the bride's father, Dr. J. W. Burton, on North Main street. Many costly gifts were received, noticeable among these a chest of silver from the groom's parents.

The house parties are features of the long summer season, when one is glad to escape the heat and dust of town, the country is particularly refreshing and the opening of the camping and week end party season was inaugurated by the younger set the latter part of the week. The rhododendron ball which will be given shortly at the Battery Park hotel will be such an important event in the social calendar and one requiring much preparation, etc., that it has been decided by the management to discontinue the Friday dances until after the ball. Simple Wash Cures Eczema

Why Suffer Pain While a Simple Liquid Has Overcome Your Eczema.

It is now thoroughly established that the best local application for eczema is a simple wash. It is not a cream, ointment, or salve, but a liquid which penetrates the pores of the skin, and acts upon the diseased tissue, and causes it to shed itself, and to be replaced by healthy tissue. This is the only way to cure eczema, and it is the only way to prevent its return.
