STRIKERS BLOCK ATTEMPT TO START GEORGIA TRAINS

Break up Freight into Several Sections And Block Road. Crews Flee For Safety.

(By Associated Press.)

ATLANTA, Ga., May 28.—The first violence to railroad property in the Georgia strikers' strike occurred tonight to a moving freight at Lithonia, Ga., and the race situation in consequence loomed more sharply than ever over the situation...

A negro fireman was apparently the cause of the trouble, and he was rushed to Atlanta in an engine to save him from what his engineer, at least, believes was a threatening situation.

The engine left here late this afternoon for Lithonia under an arrangement between Sheriff Morris of DeKalb county and the railroad officials to bring a train load of perishable provisions from the siding at Lithonia into Atlanta...

Conflicting Reports. The report telephoned to state officials here said merely that there was no violence that the train had run a short distance out of Lithonia when it stalled and the engine continued on its run to Atlanta...

Manager Scott's Statement.

Just before the engine left Atlanta this afternoon, General Manager Scott gave out the following statement: "By arrangement with Sheriff Morris, of DeKalb county, we have arranged to send to Lithonia for a number of cars of freight, including much perishable, to bring them back to Atlanta and forward from here to destinations of, in different part of this state and other states by other lines. Sheriff Morris guaranteed full protection to employees and property."

"As an instance of lawlessness, it is proper to mention that the air brake hose on several of the cars have been cut while they were detained at Lithonia."

Sheriff Powerless. "Application through our agent at Thomson to the sheriff of McDuffie county, for protection to our employees and trains has brought the following response: "Sheriff says he is powerless to give protection to passenger trains impossible to get deputies who are not strike sympathizers. He has made repeated efforts to get up posse and does all in his power. Cannot get municipal authorities to take any action."

"Here again is an example of the complete failure of state, county and municipal authorities to protect employees and property, as required by law, which in the present condition is essential to the resumption of train service."

"If state, county and municipal authorities will exercise their power for the protection of employees and property the Georgia railroad will have no difficulty in completely restoring trains of all kinds."

Race Trouble Looms Up. Today brought forth almost simultaneously the possibilities of speedy state or federal intervention believed by many persons of wide acquaintance with local conditions to be heavy with danger of race trouble. It is admitted that either federal or state authorities can run the trains and preserve armed order, but if the railroad insists on its rights to negro firemen it is feared that racial enmity and reprisals will be stirred up in regions remote from the railroad tracks. It is pointed out that not un-

SCHOOL MARM AND PUPILS CAUSE THE ARREST OF TRAIN ROBBERS

Discover Loot of Thieves Who Plundered Mail on Overland Limited Hidden in School House Attic. Will Receive Reward of \$15,000 If Men are Convicted.

(By Associated Press.)

OMAHA, Neb., May 28.—Eight bags of registered mail, the loot of the Union Pacific train robbery, were found this afternoon in the attic of the Brown Park school house, near which the guns and masks of the robbers were found yesterday. The mail had been rifled.

Three small school boys yesterday brought about the arrest of three men believed to be the robbers, who last Saturday held up the Overland Limited train on the Union Pacific railroad at Omaha, and a woman

school teacher today discovered the looted mail pouches. To these three boys and to their teacher will go \$15,000 reward offered by the Union Pacific railroad, if the prisoners prove to be the men wanted. To the sharp eyes of the boys belong the credit of discovering the hidden tools of the robbers, and to the deductive reasoning of Mrs. Nora Freeman, a teacher, score of detectives ascribe the finding of the robbers.

The boys found hidden revolvers, lights and other material used by rob-

bers. They told their teacher, Mrs. Freeman. She advised the police, and detectives arrested the men. Mrs. Freeman today notified that a ladder used for reaching the attic of the school building had been displaced. She sent two men into the attic where they found eight registered mail sacks, two rain coats, a long top coat and a pair of overalls. Fred Tortenson and W. D. Woods, two of the men held, were tonight identified by Engineer Micklejohn, and Fireman Prawl.

HEINZE REFUSES TO GIVE UP BOOKS ON COURT'S ORDER

Investigation into Bank Affairs Develops Sensation in Financial World

BOOKS REMOVED FROM THE COMPANY'S SAFE

Claims That Under Indictment he is Not Compelled to Surrender Evidence

(By Associated Press.)

NEW YORK, May 28.—The federal grand jury's investigation of F. Augustus Heinze's affairs in connection with the alleged misapplication of the funds of the Mercantile National bank took a sensational turn today obtaining from Federal Judge Lacombe an order directing certain directors of the United Copper company to produce the full and complete books of that concern in court forthwith or be declared in contempt.

The directors named Sanford Robinson, Carter Glass, William J. Curtis and Horace Abel, reported to the court at 4 o'clock this afternoon, that they were unable to comply with the court's order because Mr. Heinze, the president of the United Copper company, had refused to give them the books or tell where they were, giving as his reason that he was under indictment and further investigations. They also reported that they were helpless for the moment but would make every effort to get into the company's vaults and search for the books there if given time.

What Court Holds. The directors further told the court that they had called a special meeting of the directors to take place five days hence, when Heinze and Secretary and Treasurer Gifford, who it was alleged, had fled to Europe, would be deposed from their official positions with the company. Heinze, the directors went on, told them that Gifford took the minute books with him to Europe. Frederick Eckstein, the assistant secretary and treasurer of the company, who was included in the court order, said that he knew the combination of the vaults and was ready to add in getting the books if they were still there.

Judge Lacombe declared that under the circumstances he would be lenient and give the directors further time to recover the books. He fixed Thursday afternoon as the time for them to report in court again and added: "The court appreciates the honest efforts of the directors to get out of the scrape. They are unfortunate in getting associated with a man who is too terrified to allow his books to be examined."

Books Not Found.

The directors involved, Mr. Eckstein, Assistant District Attorney Smith and two deputies went to the office of the United Copper company on Broadway tonight to hunt for the books. F. Augustus Heinze had gone but Eckstein readily opened the vault. He stepped inside, turned on a light and then exclaimed: "They're not here."

Attorney Wise was indignant tonight over the manner in which the United States court and his office had been "blatantly" as he expressed it. He referred to it as a "cow boy hold-up."

CONGRESSMEN ARE NOT DISPOSED TO WORK HARD

No Quorum Prevents Final Action on the Porto Rican Bill.

(By Associated Press.)

WASHINGTON, May 28.—Debate on the bill amending the organic act of Porto Rico was continued in the house today. It was the expectation when the session began that consideration of the measure would be concluded before adjournment, but the membership gradually dwindled away until there was nothing like a quorum, and as an important amendment limiting the operation of the proposed law to one year was pending, Majority Leader Payne declared it expedient to postpone final action on the bill until there could be a better attendance. The democrats sought to frustrate him in this purpose, but were unsuccessful.

The principal speech today was by Mr. Borland of Missouri, who upheld the Porto Rican house of delegates for refusing to yield its legislative rights and pleaded for a territorial government for the Porto Ricans. Messrs. Parker of New Jersey and Payne of New York, advocated the passage of the bill. At 2:10 p. m., the house adjourned until Tuesday next at noon.

MUST SUPPORT WIFE WHO PROVED FALSE

Police Court Rules That Husband is Liable Even After Filing Divorce Suit.

(Special to The Citizen.)

Charlotte, May 27.—"I had rather go to the roads than to live with her," declared Sam Caldwell, colored, in the recorder's court yesterday morning, referring to his wife who had sworn out a warrant against him for non support.

The defendant plead guilty to the charge, but stated to the court that he had been informed by lawyers that he was not required to support his wife pending the disposition of a divorce suit which he alleged he had entered in the Superior court.

"Where are those lawyers, why haven't you got them here?" inquired Recorder Smith.

"They wouldn't come, I have not paid them," was the answer.

"Well, you will not have to pay them if they give you such advice as that," stated the recorder. "You will either have to show a sufficient cause for not supporting your wife, or insist in supporting the county roads. Where are your witnesses?"

"I'm saying them for my divorce case. I didn't know I had to have any down here."

The defendant was very earnest in his declarations that he had sufficient evidence of the unfaithfulness of his wife to win the divorce suit which he has instituted, and he thought this would justify him in not supporting his wife before his divorce case comes to trial. Attorney J. D. McCall, representing the wife, stated to the court that in a case brought against the defendant some time ago by the wife charging assault, a compromise had been made, the defendant agreeing to pay the costs and to take a non suit in the divorce case. Caldwell denied this morning that he had agreed to a non suit.

He was required to furnish a \$100 bond for the support of his wife pending the judicial disposition of the divorce case.

DANGEROUS CRIMINAL CAPTURED BY SHERIFF AFTER EXCITING CHASE

Keith Pritchard Wanted for Murder Arrested as He Was Leaving Home.

OF NOTORIOUS FAMILY

(Special to The Citizen.)

ENOIR, N. C., May 28.—Sheriff South and three deputies arrived Wed. night from Mortimer, this county, with one Keith Pritchard, who has been wanted for several months on a charge of murder. When the officers went for the prisoner they tramped all night and awhile before daylight they hid themselves in the woods near where the man they were after lived. Just after day dawned Pritchard was seen to come from the barn with a Winchester rifle under his coat and entered the house. In a few minutes he came out into the yard after having laid his rifle down in the house. As he stepped out of the door he was halted by Sheriff Smith and the deputies covered him with their guns and told him to throw up his hands. He reached for his pistol but dropped it and threw up his hands in the face of certain death if he had not complied immediately. While standing there with his hands up the sheriff handcuffed him and the officers started with their prisoner for the railroad station eight miles distant, arriving at Mortimer about ten o'clock and remained until the following morning.

The Pritchards have been the terror of the section in which they lived for many years and this one of the boys was considered the most dangerous. They have been causing trouble for many years in the northern part of the county and were known as the "bad boys." The people living in that community say it was dangerous for anyone to travel through that section, as these men were liable to kill whoever they met, for fear they would be reported to the authorities of the law.

After being captured it was learned that the prisoner had arranged to make his departure to another state to spend the rest of his days, but was apprehended in time. He told

After Rejecting the Young Overtures, Calls Attention to Book of Order.

FINALLY ADJOURNS

(By Associated Press.)

SAVANNAH, Ga., May 28.—Even in the final hours of the meeting of the general assembly of the Southern Presbyterian church, the Central University of Kentucky had its impact in the formation and adoption of the assembly's reply to the communication of the synod of Kentucky within a short time afterwards the assembly adjourned.

The reply which includes the text of the Kentucky synod's note concludes: "To this communication, the assembly responds that, having not sustained the complaint of Bennett H. Young and others, we recognize that the administration of the affairs of Central University of Kentucky has passed beyond the general assembly of the Presbyterian church of the United States."

"In the matter of review and control we call the attention of the synod to the language in the Book of Church Order, paragraph sixty-two, although each court exercises exclusive original jurisdiction over all matters, especially belonging to it, the lower courts are subject to the review and control of the higher courts in regular graduation."

"The assembly assures the synod of Kentucky of the deepest interest in its education work, and expresses the hope that Central University may continue a source of great blessing to the church."

This resolution was also adopted. "The assembly instructs all our lower courts to take no action that will tend to lessen the churches' direct control and ownership of any of the educational institutions."

Practically the entire estate, valued according to Wall street estimates at between \$50,000,000 and \$75,000,000 will ultimately be divided among his four children and their heirs. Half of the equal shares into which the residuary is to be divided will be given to the four when they reach the age of forty years, while the remaining half they may dispose of only by will, continuing however, to enjoy the income until their death. The will is a document of comparative brevity. No estimate of the value of the estate is given in it beyond the customary phrase, "more than \$10,000,000 personal and more than \$10,000,000 real."

The widow and a large number of relatives are provided for through trust funds, the interest on which they will receive during their life time. The principal is to revert to the estate upon their death. Mrs. Rogers' annuity is to specify as \$100,000. The others, only ten in number, will receive the interests on amount ranging from \$10,000 to \$200,000.

The only public bequest is one of \$100,000 to the town of Fair Haven, Mass. Mr. Rogers' birth place, to be used for school purposes.
