VETERANS AFTER STORMY SESSION RE-ELECT EVANS

Mobile Chosen For Next Reunion After Contest Among Cities And Several Ill Timed Speeches.

(By Associated Press.) MEMPHIS, Tenn., June 9.—After re-electing General Clement A. Evans, commander-in-chief over his vigorous but futile protest, and selecting Mobile, Ala., as the next place of reunion, the United Confederate Veterans adjourned their business meetings tonight on the heels of a very stormy session. The big feature of the re-union, the parade of the veterans, will be held tomorrow, and this parade will close the re-union of 1909. The only candidate for commander-in-chief placed in nomination was General William M. Cabell, commander of the trans-Mississippi division. Just before nominations were in order General Evans read an announcement to the convention, in which he declined re-election. He said he had served in every capacity, from the lowest to the highest, and that he felt that this highest honor in the veteran's gift should be passed from one ex-confederate to another in turn.

Lets Keep The Ball Rolling.

INDUSTRIAL MOVEMENT IS GIVEN BOOST FORWARD BY MR. RICHARDS

Representative Body of Citizens March from Square to Auditorium and Hear Opportunities of Asheville Aply Discussed by Industrial Expert—Banquet Was Postponed.

Featured by the closing of practically all the stores and by a big crowd gathered in the streets to take part in and witness the parade, the celebration of the "Industrial Development Movement" yesterday, was a pleasing success, both in attendance at the Auditorium and in genuine interest. In addition to this and providing encouragement for the fostering of this spirit of industrial achievement the address of Mr. M. V. Richards, land and industrial agent of the Southern Railway was notably helpful and admirably served the end sought by the board of trade and Merchants' association under whose auspices the movement was started.

CORPORATION TAX NOT ALLOWED TO SIDETRACK INCOME TAX PROPOSITION

Progressive Republican Senators Will Not Yield to Taft. ALDRICH WILLING

(By Associated Press.) WASHINGTON, June 9.—A tax upon corporations as substitute for an income tax does not appeal to the senate. This was demonstrated today by a canvass of that body. It developed that practically the same senators who are opposed to the income tax are also against the corporation tax. The income tax supporters decline to be side-tracked with a corporation tax idea.

FINANCE COMMITTEE IS NOT YIELDING AN INCH

In Spite of Clamor of Progressives Tariff Bill Is Forced Along.

WASHINGTON, June 9.—The senatorial managers failed to realize their expectation of being able to dispose of the woolen schedule at an early hour today, but instead were still engaged upon that schedule when at 6:30 o'clock the senate took its usual recess. Some progress was made. Several votes were obtained and thus a number of paragraphs were passed upon. Among these was the paragraph on top waste etc., on which the committee amendment increased the house rate on wool top waste and other wastes from twenty cents per pound to thirty cents per pound, which by a vote of 40 to 30. This was a finance committee change and the committee scored its usual majority on his as on all other votes of the day.

JILTING MAY LEAD TO AN UNSAVORY SCANDAL

Young Man Who Married Another Charged With a Grave Crime by Jilted One.

(Special to The Citizen.) STATESVILLE, June 9.—If the defendant in the case can be apprehended, and it is believed he will be a rather sensational case will be tried in Statesville some time in the future. Monday Miss Esodie Brookshier, a pretty young woman of the Troutman community, came to Statesville with her brother and other relatives and swore out a warrant for Mr. Lloyd Clossinger, of the Shepherd's community, charging him with seduction under promise of marriage. Miss Brookshier alleges that she and Mr. Clossinger had been engaged to be married for some time and that Sunday had been set as the day for the marriage and all preparations had been made for the event. Last Wednesday night, however, Clossinger called on her in an apparently friendly manner asked to see his love letters to her. She allowed him to see the letters and placed them in his pocket and took them away with him. Saturday afternoon Clossinger quietly married another young woman of the Troutman community, a Miss Wagner, and he and his bride left Sunday afternoon for the far West.

Acquaintance of a Day "Treated" and then Went Away with Friend's Cash.

(Special to The Citizen.) CHARLOTTE, N. C., June 9.—Reporting at police headquarters last yesterday afternoon E. M. Carter, of No. 409 Templeton avenue, reported that he had been drugged and robbed of \$500. Practically all of this amount was composed of \$20 bills. "A man from Wilmington, a fellow-Woodman, whom I had known but a day did it," said the complainant. "He proposed yesterday when we parted that when we met today he should have a good time if we had nothing to do. About 2 o'clock this afternoon we went to the New York restaurant on West Trade street where we drank a cognac. My companion then drew a bottle of wine from his pocket and told me to have some. I did so. We then went out to the Electric Park in North Charlotte. All the way out my head was getting heavier and heavier. When we finally reached it I lay down near the pavilion and fell sound asleep. I knew nothing more for several hours when I awoke to find my companion and my money gone."

RUSHING WATERS SWEEP STEAMERS THROUGH CANAL

Peculiar Accident Turns Lake Superior Into New Canal FORMED WHIRLPOOLS AND WATERFALLS Damage to Shipping Not Great In Spite of Swift Passage And Collisions

HAULTS RFR MARIE, Mich., June 9.—With all the weight of Lake Superior behind it an ungoverned torrent of water rushed through the four million dollar Canadian canal. The lock was wrecked today when the steamer Perry G. Walker, rammed her bow through the lower gate. The canal encased within its walls this evening presented a tremendous spectacle including two water-falls and a giant whirlpool. The upper gates were open when the Walker crushed open the lower gates and the tremendous power of the rapids was given instant play. The big steamer Assiniboia moored within the lock chamber, was torn away. She rammed the Walker from her path, the Assiniboia's port anchor ripping a hole in the Walker's side. The Assiniboia swept into the open reaches of the river below. Her cargo shifted and this gave her a considerable list, and several plates on her portside forward amidships were loosened.
