There has been a number of chilfiren's parties during the week and one of the most attractive was the dance given by Master Reeves Rutledge, at the home of his parents, Mr. Comberland avenue, The guests were: Misses Elise Mason-Smith, Eleanor Bright, Annie Perry, Frances Emily Bourne, Katherine Grant, Fan-nie and Helen Rutledge, of Fletchers, Masters Girault Thacher, John Minor, Bright, Thomas and Charles and Jean and Willie Mason-Smith,

J\$ J\$ The Eastern papers have contained recently lengthy accounts of the rumored wedding of Mme. Nordlea and Mr. George W. Young, which it seems is about to take place. Mmc. Nordica has sung in this city, and as recently as last winter, passed through the city in her private car, stopping long enough to drive over the Biltmore estate. The following account is taken from The N. Y. Daily Tele-"Tillings from London confirm the report that Mme. Lillian Nordica is soon to be married George Washington Young and add that the marriage will occur as soon as the residential requirements of English law are fulfilled. Mr Young will marry her in London and is on his way to England on the Lucana and will arrive there, today. Quite proud is Mme. Nordica of the fact that she received \$2,500 for singing at the Dorchester house at the time Ambassador Reid gave a party to the king and queen. The singer had to break an engagement to appear at the Dorcester house at the time, which accounts for the large figure. After the opera singer returned from a concert tour of Canada she formally announced her engagement to Mr. Young at a dinner which she gave at the Plaza hotel. Miss Florence Huberwald, of New Orienns, one of the most noted singers of the South, will give a recital Thursday evening at the Battery Park hotel. Miss Huberwald is of German extraction, and received her musical education in Berlin. She possesses a dramatic contraits voice of great range and beautifal timbre. The program for the recital will be printed in a subsequent issue. The recital will he of interest owing to the prominence of Miss Huberwald in the musical world and to the unusual beauty and rare quality of her voice,

Do You

Know

It Requires 4

to 6 Years

to build a Stieff or Shaw plane, from the time we place the lumber in our lumber yards until the piano is finished? We air-dry all our humber and that is one reason why our planes are so thoroughly good.

The Lumber

in about two-thirds of the pianos made is in virgin forests less than twelve months before they are finished ready to sell. They are made out of kiln dried lumber and this is the principal reason they will not stand and are so unsatisfactory after a few years. One plano in a lifetime is enough and if that plane is STIEFF it will.
