

MILLION MORE IS ADDED TO RECORD OF EXTRA SESSION

Urgent Deficiency Bill Is Almost Doubled on Its Final Passage

DEMOCRATS MADE STAND FOR ECONOMY

New Jobs Provided And New Automobiles Swelled Amount Far Beyond Estimates

(By Associated Press.) WASHINGTON, August 4.—Carrying an aggregate appropriation of \$1,100,000 or \$666,000 more than as originally reported, the conference report on the urgent deficiency appropriation bill was adopted by the house today. Bitter opposition was directed against the provisions of the bill respecting the establishment of a customs court and providing for the purchase of automobiles for the vice-president and the speaker, but all attempts to send the report back to the conference for amendment were defeated. The bill as passed made no provision for the payment of salaries of judges and officers of the court. Objections from Mr. Macon, of Arkansas, forced the house to take a recess immediately after convening today in order to enable the committee on rules to bring in a special order to enable it to consider the conference report on the urgent deficiency bill. Increased at this turn of affairs, Mr. Hughes, of West Virginia, declared that the business of the house should not be delayed but "simply to humor some whim of Mr. Macon's." "I don't appreciate any such gratuity as that," said Mr. Macon, more obdurate than ever. The republican leaders after being in session seven minutes, mustered up enough votes to force a recess for half an hour in order that the committee on rules might bring in a resolution covering the case. Democrats Vote "No." The thirty minute rule under which the conference report on the urgent deficiency bill would be taken up. The rule was put through with a whoop, the democrats generally refusing to support the Arkansas member. "The report appropriates \$25,000 to pay expenses of the proposed customs court," said Mr. Macon, "and I don't believe that the house should be asked to pay for such a purpose."

THAW'S DELUSIONS MUST BE CLEARED UP BY HIS COUNSEL

State Finishes Presentation of Its Case Against White's Slayer

ANOTHER LUNATIC DISTURBS THE COURT

Likely That This Installment of The Famous Case Will be Ended This Week

(By Associated Press.) WHITE PLAINS, N. Y., August 2.—The state rested in the Thaw case today, and from now on it devolves upon Harry K. Thaw and his attorney, Charles Morchauer, to offset the testimony of the state's alienists who have sworn without exception under cross-examination of District Attorney Jerome that Thaw is still insane and would be a menace to the community if released from the asylum at Matteawan. Dr. Carlos F. MacDonald, the last alienist called by the state, was followed by John D. Gleason, Thaw's original legal adviser. His most advantageous statement, from the prisoner's standpoint concerned the dropping of the law firm of Black, Gruber, Cleoff and Hoeny and of L. J. DeKalb and the engagement of Delphin M. DeLong, as chief counsel for Thaw. This had been done at his (Gleason's) orders, he said, and was not due to a whim of Thaw's. Monk Eastman Delusions. Through Mr. Gleason, Thaw's lawyer hopes to show that Thaw's attitude toward Stanford White was not due to delusions as the state contends, but was prompted by what Thaw knew of White's practices. Mr. Morchauer tried to prove the charges against White today by reading parts of Evelyn Thaw's testimony at the trials. Trying to clear Thaw of another "delusion," Mr. Gleason presented a report of detectives regarding an alleged attempt on Thaw's life on the night of December 24, 1903. The wording of this document was not made public but it was introduced to counteract the state's contention that Thaw had delusions concerning the "Monk" Eastman gang which he believed had been engaged by his employer. (Continued on page four.)

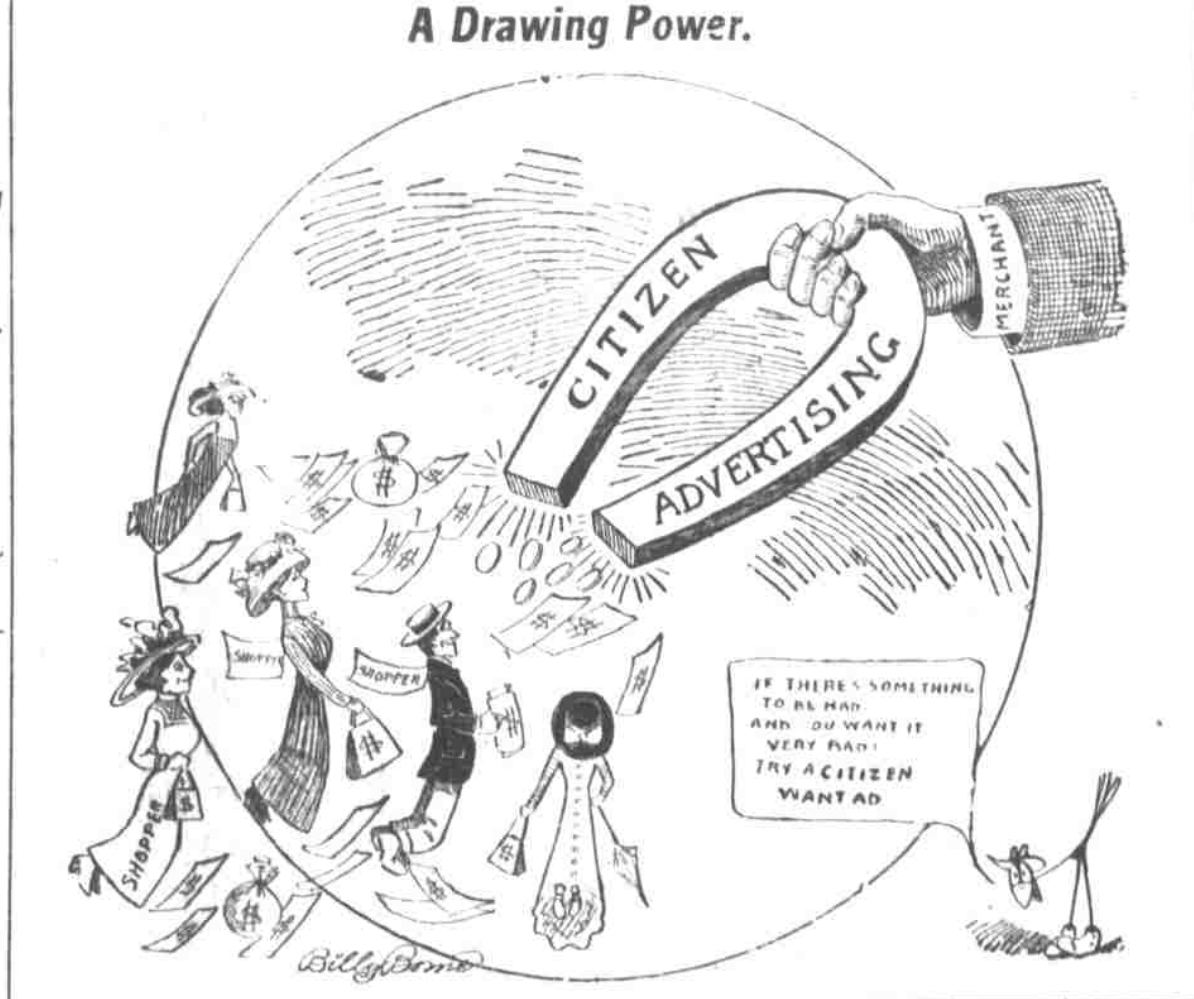

SENATE ORATORS HAVE NO AUDIENCE TO HEAR ORATORY

Interest In The Tariff Discussion Has Petered Out Entirely

INSURGENTS WILL NOT VOTE FOR BILL

But Most of Them Will Attempt to Tell Their Constituents Why

(By Associated Press.) WASHINGTON, August 4.—Small interest was shown in the tariff debate in the senate today but a night session was necessary to allow "progressive" senators an opportunity to express their views on the tariff bill. Most of the speeches during the day were heard by only a handful of senators, while the galleries had but a sprinkling of visitors. Interest now seems to center on the vote on the conference report, which will be taken at 2 p. m., tomorrow. Conferences among senators were numerous. Several times vice-president Sherman found it necessary to call the body to order and to insist that conversation be discontinued. Effect of the Terms. The effect of the maximum and minimum provision of the measure, as agreed upon by the conferees, was the chief subject of discussion during the afternoon. Senator Beveridge undertook to show that Senator Aldrich interpreted the language as reported by the conferees as practically guaranteeing all the results that could be obtained through the instrumentality of a tariff commission. Senator Hale argued that exactly the opposite purpose was in the minds of the house conferees whose views had been adopted. He insisted that they carefully avoided giving any authority to the president by which he could gather information on which another revision of the tariff could be based. From the committee on finance, Mr. Aldrich reported a concurrent resolution by which as soon as the conference report has been voted on, the hide and leather will be corrected, it is intended, to meet the views of Western Senators who demanded. (Continued on page three.)

JOHN D'S VIVISECTION FARM DISTURBS JERSEY VILLAGERS

Women of the Town Leading a Crusade Against Barbarous Practice of Experimenting Upon Dumb Animals. Are Bred for Rockefeller Institute. Racket Keeps Natives Awake.

(By Associated Press.) NEW YORK, August 4.—A mystery that has long puzzled the citizens of the village of Clyde, N. J., is likely to be cleared up soon, when the state board of health has a hearing on a petition which was made to it yesterday, asking that "Vivisection Farm," a strange institution near Clyde, be suppressed. The farm is known as the property of John D. Rockefeller, and is said to be a part of the Rockefeller Institute for Medical Research, of this city. The mystery is whether or not vivisection is practiced on the farm. The complaint made by the Clyde people yesterday was to the effect that between seventy-five and one hundred dogs, of all breeds and varieties, are kept on the Rockefeller farm, and make night hideous by their howls and yelps. The villagers asked that measures be taken to relieve them of this nuisance. Besides dogs, there are horses, pigs, rabbits and other animals on the farm, it is said. These—not being noise makers, are not complained of. But they are all reared in large numbers, the Clyde people declare, and are shipped to New York alive and never come back. For months the nightly racket has been going on. All sorts of curdling sounds, from the whining bay hounds to the sharp bark of terriers, have assaulted the ears of early-rising Clydites. Several attempts have been made to visit the managers of the farm—Peter Gerhardt and his wife—but no one has been able to get beyond the gates. The residents of the neighborhood do not charge that live animals are operated upon at the farm, but many of them half believe, they say, that such is the case. They are sure, they declare, that the dogs and other animals are raised for no other purpose than to die in the cause of science. Mrs. Spencer T. Weart, wife of a prominent Jersey City lawyer, is leading the fight against "Vivisection Farm." She and the other complainants have engaged Attorney George Herdine, of New Brunswick, near which city Clyde is located, and they will force the place to keep more quiet or will have it removed.

YOUNG GIRLS PROSECUTE STEP FATHER ON CHARGE OF AN UNNATURAL CRIME

One of His Wife's Children Driven Insane by Worry.

THE OTHER A MOTHER

(Special to The Citizen.) SHELBY, N. C., August 4.—The principal case to come up before the regular August term of court which convened here yesterday with Judge James L. Webb presiding, is the criminal indictment against Stanford Randall, of Patterson Springs. The charge is for illegal relations with his step-daughter, whose mother died about one year ago. The oldest girl is about 18 years of age, and since the facts in the outrage have become known, she has lost her mind from worry. The other girl whose age is 15 years recently gave birth to a child, and the neighbors in the community in which Randall lived are pressing the indictment against him with all possible vigor. Randall has been married twice, but no children were born by his first wife. His second wife was a widow and had several children, among them being the two girls above mentioned. Their mother died about one year ago and they have been living at the home of their stepfather. Randall is a farmer and has accumulated some property. He had many friends before this crime was known publicly, but after the arrest the neighbors protested against anyone acting as bondsmen for him and consequently he has been in jail for several months awaiting court. The people in that neighborhood are much incensed over the affair and there is no possible chance for Randall to escape a heavy punishment. MONUMENT TO LIVE ONE. FRANKFORT-ON-MAINE, Germany, August 4.—A monument to Count Zeppelin was unveiled today near Oppenheim, on the Rhine, to mark the spot where Count Zeppelin landed in his airship August 4, 1909, during his flight from Lake Constance to Mayence. It was erected by the state of Hesse.

KNIGHT'S PLAN TO ERECT MASSIVE MONUMENT TO AMERICA'S DISCOVERER

Elect Officers for Ensuing Year and Choose Quebec as Meeting Place.

WILL ADJOURN TODAY

(By Associated Press.) MOBILE, August 4.—At the second day's session of the National Council, Knights of Columbus in annual convention here, Quebec was selected as the place of the next annual meeting in August, 1910, and officers for the ensuing year were elected as follows: James A. Flaherty, Philadelphia, supreme knight; M. H. Carmody, Grand Rapids, Mich., deputy supreme knight; W. J. McQuibben, New York, national secretary; D. J. Callahan, Washington, national treasurer; J. H. Pelletier, Boston, Mass., national advisor; Dr. E. W. Buckley, Minneapolis, Minn., national physician; Rev. P. J. McGeehan, Middlebury, Conn., national chaplain; P. J. McLaughlin, Newark, N. J., national warden. Washington will be one of the contestants for the 1911 convention, at which time it is proposed to dedicate the massive monument to Christopher Columbus, which is to be erected on the plaza opposite the union depot in that city at a cost of \$100,000. A testimonial of \$10,000 was given recently to the National Council by Heart of New Haven, Conn. The new position of national historian, which will be occupied by retiring secretary Don Colwell, who has served the order continuously for twenty-seven years, carries with it an annual salary of \$1,500. Most of the day following the election of officers was devoted to the report of the committee on laws. The matter of the Catholic university endowment will be considered tomorrow. The convention will adjourn tomorrow afternoon. COLLEGE BOYS WON. ATLANTA, Ga., August 4.—College athletes won a victory today when the house by viva voce vote overwhelmingly defeated a bill to prohibit football.

FIRE OF RESENTMENT SMOULDERS UNDER THE SURFACE CALM IN SPAIN

Government Relaxes Repressive Measures and Life Becomes Normal.

AMERICANS SAFE

(By Associated Press.) MADRID, August 4.—Spain is now tranquil from the bay of Biscay to the Mediterranean and the crisis in the country is over, according to an official announcement today. The release of Senor Ispardis, editor of El Progreso, and a certain relaxation of the censorship are considered the best evidences that the danger is past. The Spanish trans-Atlantic steamship company has offered three of its vessels to be used as hospital ships for the troops in Morocco. Senor Solortegui, a republican senator, who has arrived here from Barcelona denies that the recent movement in that city was separatist. He says also that the revolutionists during the two days they were masters of the city did not commit a single assassination or act of cruelty. A new civil governor of Barcelona has been appointed. The publication of a letter from Don Jaime, the pretender to the Spanish throne, has removed the apprehensions of a Carlist movement. Several gendarmes have been dispatched to Morocco to be used especially in stopping the landing of contraband. AMERICANS SAFE. BARCELONA, August 4.—The American consulate here announces that all Americans in Barcelona or in the affected districts during the recent disorders are safe. Life in Barcelona today was normal. The only evidences of the terrible night-mare through which the city passed last week are the ruins of the convents and churches and torn up pavements, the stones of which were used for the erection of barricades. There is, however, considerable disquietude for the future. The terrible repressive measures of the military authorities have left among the masses a deep under current of resentment.

PREACHER ASKED TO GET OUT OF TOWN AT ONCE

Feared His Familiarity with Negroes Would Stir up Race Trouble.

(By Associated Press.) ETHEL, Miss., August 4.—Indignation was caused here today by a dispatch from Cincinnati quoting Rev. Frank R. English as saying that he was threatened with mob violence and driven out of Ethel without anything to eat when he came to take the presidency of the Kent university at Holly Springs. Leading citizens of Ethel admit that Mr. English was seen shaking hands with negroes and acting familiarly toward them, which they believed would excite the blacks and stir up race trouble. They say, however, that no mob was formed and that no threats were made. They say Mr. English became frightened when told that it would be better for him to go. POWER CO. ADDS TO ITS CAPITAL STOCK. RALEIGH, August 4.—An amendment is filed with the secretary of state for the charter of the Carolina Tennessee Power company with its North Carolina office at Murphy by increasing the capital from \$250,000 to \$5,000,000. W. T. Church is president. An order was made today by the corporation commission for the reduction of the toll on the Vaila Creek, Shawanoke and Elk Park Turnpike and for the corporation to apply the receipts from tolls for a considerable period of time to improvement of the road. The order is in suit instituted before the commission by citizens of Mitchell and Watauga counties. SEABOARD PLAN APPROVED. PETERSBURG, Va., August 4.—A meeting of the stockholders of the Seaboard Air Line railway was held here today, presided over by Judge Leigh E. Watts, of Portsmouth, Va. The adjustment plan incident to the company's reorganization was approved, as were the authorizing of the new refunding mortgage to secure an issue, not to exceed \$125,000,000 of funding bonds, and of the new mortgage securing an issue, not to exceed \$25,000,000 of adjustment bonds.

HEARINGS IN SUTTON CASE WILL BE RESUMED

Two Important Witnesses for Navy's Side Will Be Introduced.

ANNAPOLIS, Md., August 4.—Mrs. James N. Sutton, of Portland, Oregon, and her daughter, Mrs. Rose Sutton Parker, of St. Paul, Minn., with Henry E. Davis, their counsel, arrived here tonight from Washington, determined they would, to fight to the bitter end to remove the stigma of suicide from the name of Lieutenant James Sutton, of the marine corps, Mrs. Sutton's son, when the naval board of inquiry resumes the investigation of young Sutton's death tomorrow. Lieutenant Harold O. Utley and Surgeon Frank C. Cook, who returned Tuesday from the Mediterranean on the United States cruiser North Carolina, reported at the Naval academy tonight. They will be the principal witnesses for the navy at the continuation of the hearings. When the inquiry was abruptly adjourned a week ago because of the absence, the alignment of the entire proceedings was changed, and Lieutenant Utley and the others officers of the marine corps who have already testified were made parties defendant, instead of merely interested parties, at the request of Major Henry Leonard, the judge advocate.

PARIS MAY AGAIN ENJOY PLEASURE OF GUILLOTINE

Immense Crowd Gathers to Witness First Public Execution in Years.

PARIS, August 5.—A sudden official announcement that a public beheading would take place at 1.30 o'clock this (Thursday) morning in the Boulevard, fronting the Sante prison created a sensation in Paris which had not seen an execution in fifteen years. Immediately immense crowds gathered at the scene but were kept back from the guillotine by heavy details of police and municipal. Public sentiment long has been opposed to public executions, for in the past they were accompanied by scandalous scenes of revelry. Nevertheless parliament refused to abolish the death penalty in France and in view of the revolting crime of the man executed this morning President Failloux refused to commute his sentence to life imprisonment. The victim was one Duchemin, aged twenty-three, a butcher. In 1908 he stabbed his mother and this not resulting in her death quick enough, he finished her by strangulation. The motive for the crime was robbery. FIND THOUSANDS LYING AROUND LOOSE. ANDERSON, S. C., August 4.—More missing cash of the Orr cotton mills was found in the company's vault today. The discovery was made by auditors who are investigating an alleged shortage of \$20,000 in the books of Assistant Treasurer Calhoun Harris. About \$15,000 has now been found in the vault. Harris says that errors in book-keeping will account for the entire alleged shortage. He was released today on bond in the sum of \$22,000. SHAH TOOK THE JEWELS. TEHERAN, August 4.—It is understood that the government has offered Mohammed Ali, the ex-shah, an annual pension of \$75,000 on condition that he will deliver up the jewels enumerated in the nationalist inventory or inform the government how he disposed of the missing gems. It is believed that Mohammed Ali will accept this offer and his departure is expected within a fortnight for Persia.

ALL SWEDEN EVEN TO GRAVE DIGGERS GOES ON STRIKE

Prospect of Clash Between Labor And The Employers Classes

BOTH SIDES GATHER TOGETHER ARMS

Whole Industrial Life of Country May be Choked as The Trouble Spreads

(By Associated Press.) STOCKHOLM, August 4.—For the purpose of maintaining order in the labor conflict in Sweden which threatens to become more acute, a corps of workmen, several thousand strong is being organized, and the people generally, bankers, merchants, etc., are arming themselves for self-protection. The gun shops of the city are practically denuded of revolvers and small arms. All tourists have left Stockholm and the number of visitors now in the city is smaller than at this season for many years past. The railroad men have decided not to strike but the government is taking the precaution to guard the tracks with troops, fearing attempts to blow up bridges or injure the roads. Quantities of dynamite are reported to have mysteriously disappeared from the government stores. Strike is Spreading. Although the ranks of the strikers are considerably swelled the general strike called for today has not yet become entirely effective. Many organizations, although sympathizing with strikers, hesitate to join them actively. Street car employes and cab drivers stopped work today. Strike leaders claim that the end of the week will see a notable spread of the movement; that the railroad, postal telegraph and telephone employes and the printers will by that time have joined in the strike. The streets are filled with idlers who promenade back and forth chaffing the volunteer street cleaners, many of whom belong to the better class. The strike is by no means general in the provincial towns and industrial centers of Sweden. In most places, the street cars are running and the city employes are at work. No disturbances have been reported. The strikers total about 45,000 men of whom 8,000 are at Malmo. The landing of ships at Gothenburg where 10,000 men are on strike is being done by the troops. The grave diggers employed in the Northern cemetery struck today. Those in the Southern cemetery are still working, but are expected to join the strike movement later. USED POPGUN ON FORMER ADMIRAL TO MAKE HIM SORRY FOR WICKEDNESS. Now She's in Jail and Resists Her Tearful Pleadings to "Will." STICKS BY HIS KATE. (By Associated Press.) NEW YORK, August 4.—Mrs. Neville Castle, the woman from California, who has a difference of opinion with Mrs. W. D. Craig, who she shot but did not seriously injure last night at the Waldorf Astoria has pursued her or she him, found no mercy today in the man who she says loves her. Nor had any one gone on her bail tonight. Craig refuses to dismiss his complaint against her and when she laid her hand on his shoulder in court and pleaded gently, "Will, please drop it, don't you?" he turned brusquely and left the room. She was held in \$3,000 bail for further examination. In the matrons' room of the Jefferson Market prison tonight Mrs. Castle gave out a statement, interrupted by bursts of weeping, in which she intimated that her negro servant could give testimony in her support. Tells Her Story. "The night before last," she said, "Will, (Mr. Craig) called at my house about seven o'clock. Something occurred that I swore I would punish him for. I had my servant put him out. He said things which he said he should tell somebody. I said he should tell somebody. If you had sisters you would have told them to act just as I have acted. "Last night I went to the Waldorf to make him retract. I told him it would have to be in the presence of the negro because he had been in the room and had heard. When I met Will he said, 'I wish I was dead, that would be the best thing for me.' (Continued on page four.)
