## BENEFICIAL

**N**EARLY every family consumes a certain amount of beer, and are benefitted by its use. Beer contains not more than 5 per cent alcohol—just enough to aid digestion. The malt and hops act as a tonic.

Beer is recognized by most people as the great American temperance beverage, and rightfully so. It is the only ideal beverage for every member of the family.

Our beer is brewed by people whose forefathers originated this beverage. Germans, and they know the art of brewing.

Our Malt Beer is appreciated in its beneficial effect upon the human system. We stipulated to the standard.

- 1. It is brewed from the purest malted barley.
