

HARRIMAN SUCCEUMS TO GRIM REAPER AFTER LONG FIGHT IN WHICH SCIENCE AIDED LITTLE

EVEN OFFICIAL HOUR OF HIS DEATH HAD TO WAIT UPON CLOSING OF STOCK MARKET

ALL FAMILY PRESENT AROUND DEATH BED

GREATEST RIVALS OF THE RAILROAD WIZARD PAY TRIBUTES OF ADMIRATION AND RESPECT

(By Associated Press.)
AIDEN, N. Y., Sept. 9.—Edward H. Harriman, the world's largest railroad, died at 7:30 p. m. today, after a long illness, at his home on Tower hill, surrounded by members of his family, physicians and nurse he succumbed to an intestinal disorder, this afternoon after a fight against disease which will look for sheer grit with his remarkable struggles in the financial world.

Announcement Kept Back.
The exact time of his death is known only in that limited circle of relatives and associates who had so effectively shielded Mr. Harriman from all outside announcements during the last illness. The time was given to the world as 7:35 p. m., but Mrs. Mary Simons, sister of the dead man, said tonight that the end had come at 1:30, more than two hours previous. Whether this apparent discrepancy has any bearing on the current belief that every effort was made to lessen the influence of the financier's death on the New York stock market is problematical.

Tamely Aroused Him.
Mr. Harriman died peacefully and almost to the end his brilliant mind retained its faculty. After a response on Sunday he sank steadily, and soon after the noon hour today there came a relapse, which marked the approach of the end. His wife, two daughters,

the Misses Mary and Carol, and his sons, who have been constantly with him, as he lay in the bed, and a carriage was hastily dispatched for Mrs. Simons, whose home is here in Aiden, three miles from the Tower hill mansion. During hurriedly up the mountain side Mrs. Simons entered the great silent home in time to be present at her brother's death. She joined the wife and children who with Dr. W. M. Tuley, of New York, and several Harriman family members, and the nurse, formed a group at the bedside.

WALL STREET WAS FULLY PREPARED FOR DEATH NEWS

Stability of The Stock Market Seems Assured by Conditions Prevailing

HARRIMAN PROVIDED AGAINST BEAR RAID

Reported That He Trusted Stocks so That Policy Would Not Alter

(By Associated Press.)
NEW YORK, Sept. 9.—Mr. Harriman's death came at a time when it seemed the business affairs of the country are in excellent condition with a realization of these beautiful days, which he himself, in one of his last notable addresses, prophesied would be one of the greatest in the history of American credit.

No Conference Held.
For a time there was some talk of a conference of financiers to discuss the possibility of a counter-attack had even this precaution was deemed unnecessary. The representative of Wall Street left for their homes about the usual hour this afternoon. Such prominent figures as J. P. Morgan, Jacob H. Schiff, James Stillman and George W. Perkins went to their various homes without conferring.

It is believed by Mr. Harriman's associates that the railroad system which he organized and carried forward to such a degree of success will be continued with practically no change of policy and that the plans to that end will be perfected by Mr. Harriman long before his death.

There were numerous reports current in financial quarters during the afternoon concerning the status of the vast properties under Mr. Harriman's direction, and of these reports that he would die today.

It is not thought, however, that the death of Mr. Harriman will have any effect on the stability of the stock market, which is believed to be in a position to withstand any shock.

One Party Drowned.
Mr. Harriman's death was reported to the members of the party by Mr. Tuley, who was with him at the time of his death.

EXPLORERS HURRY HOME TO BOLSTER UP THEIR CLAIMS

Dr. Cook Cancels Lecture Engagements In Order to Sail Saturday

PEARY HELD UP IN LABRADOR SOMEWHERE

Lack of Warm Interchange of Courtesies Makes Polar Business Dull

(By Associated Press.)
The two explorers upon whom the world's eye has been fixed during the past few days spent the day busily preparing for their return to the United States. Dr. Cook, in Copenhagen, announced that he had definitely arranged to sail next Saturday for New York. Peary, according to reports, was still delayed in Baltic harbor, Labrador, it is thought, either awaiting the completion of repairs to the Roosevelt or the arrival of a steamer.

Dr. Cook appeared today at a high official function. The University of Copenhagen conferred upon him the degree of doctor of sciences, thereby recognizing, in an important official manner, his claim to the discovery of the pole.

Dr. Cook has cancelled his engagements to lecture before the geographical society of Brussels and will reach New York about September 20 or 21. Captain Roald Amundsen will probably accompany him.

Can't Get Eskimos.
Dr. Cook's plan to send a ship from Copenhagen to Greenland to bring back to civilization his two Eskimo companions on his expedition trip will not be carried out until next year, as Danish officials have informed him that it is now too late in the season for a trip to Etah.

SURGEON'S KNIFE AND GIRL'S SHAME CAUSED TRAGEDY

Finding of Part of Mabelle Millman's Body Confirms Police Theory

OTHERS WHO ADVISED HER UNDER ARREST

No Clue Found to Person Who Sent Her Money Through The U. S. Mails

(By Associated Press.)
DETROIT, Sept. 9.—The missing portion of the body of Miss Mabelle Millman of Ann Arbor, which had been cut up, packed in sacks and thrown into Ecorse creek following the young woman's death after a surgical operation was found late today near Grose Lake, where it had been washed ashore. The gruesome finds were brought to Detroit tonight and examined by corner physicians, who announced that the girl undoubtedly had met her death on an operating table.

Sheriff Gaston declared that the theory upon which the authorities had been working to solve the mystery of Miss Millman's untimely death had been verified.

Sheriff Gaston late today returned to Ann Arbor with Martha Henning, the chum of the dead girl, whose statements to the police yesterday resulted in the apprehension of Dr. Geo. A. Fitch, who is still held. The arrest of another doctor is probable, Miss Henning made a statement to prosecuting attorney Van Sile, and Captain of Detectives McDonald in which the name of a second physician was mentioned.

Woman Arrested.
This statement resulted in the apprehension of a woman who formerly lived at Ann Arbor who had advised Miss Millman to go to another physician. The woman was brought to police headquarters after Miss Henning had made her statement and was spirited away to her home by detectives after she had told her story.

She said that Mabelle Millman had told her of her trouble and that she had recommended to her a physician. The identity of this physician is guarded by the officers. Sheriff Gaston and deputies went to the Ann Arbor post office and examined records but found nothing to give them any clue to the identity of a man who sent money through the mail to Miss Millman before she left her home for Detroit to meet her fate.

Doctor Denied Taking Case.
Miss Henning has told the authorities that she knew of Miss Millman's plight and that she had gone with her to Dr. Fitch's office. What happened after that the physician is guarded by the officers. Sheriff Gaston and deputies went to the Ann Arbor post office and examined records but found nothing to give them any clue to the identity of a man who sent money through the mail to Miss Millman before she left her home for Detroit to meet her fate.

The police tonight are endeavoring to trace several letters said to have been written to Miss Millman by students at the University of Michigan. They have the names of several young men but so far have been unable to learn anything upon which to base charges.

DEMOCRATS ORGANIZE PERMANENT LEAGUE TO INSURE FUTURE PEACE

Prominent Leaders in New York Get Together and Bury The Hatchet.

BRYAN'S MESSAGE GIVES CUP TO WINNER

(By Associated Press.)
BALTIMORE, N. C., Sept. 9.—One of the democratic conferences which began a two days' session here today under the guiding hand of men who held prominent places in the party's history, there promises to grow a permanent organization to be known as the Democratic League. Speeches were made by Allen Parker, Thomas C. McLean and Edward M. Shepard, outlining the purpose and hope for the conference. John S. Edwards, of Wartrace, said it is not only a possibility that the members of the conference will be organized into a permanent organization, but that the name of the organization will be "The League of Democrats."
