

SOCIAL & PERSONAL

WILMINGTON, N. C., Oct. 12.—Of the many beautiful ceremonies which have occurred in Wilmington during the past, the marriage of Miss Sarah Forbes Williams, the daughter of the late Mr. and Mrs. William A. Williams, to Mr. William H. H. H. of Asheville, stands out prominently for its beauty and interest. The wedding occurred, was appropriately decorated with palms and the altar illuminated with candles. Promptly at the appointed hour, a quartet of six, the little ribbon girls, Misses Margaret McMillan, of this city, and Mary Francis Johnston, of Asheville, entered the church carrying baskets filled with ferns and white roses. Immediately following came the ushers, Mr. Harold Johnston, of Asheville, and Messrs. Frank L. Williams, Richard Meares and Meares Harris of Wilmington. Then came the maid of honor, gowned in blue chiffon, carrying a beautiful bouquet of Killarney roses. The bride entered upon the arm of her father, wearing a gown of embroidered satin, carrying an exquisite bouquet of brides' roses and lilies of the valley. Arriving at the foot of the chancel she was met by the groom, who was accompanied by his brother, Captain Robert P. Johnston, of Asheville, where the impressive betrothal service of the Episcopal church was performed by Rev. Dr. W. H. Milton. Following the service, the marriage was solemnized at the altar. After the ceremony, there was an informal gathering of relatives and intimate friends at the home of the bride's parents. Mr. and Mrs. Johnston left at seven p. m. for New York and other northern points. They will be at home after November fifteenth at No. 44 Grove street, Asheville, N. C.

The board of directors of the Young Women's Christian association met in regular session yesterday morning. The first returns from the membership campaign were given showing a gratifying interest taken in increasing both the regular and one dollar and sustaining memberships. The educational committee, through its chairman, Miss Mary T. Jenkins, reported that classes will be offered in cooking, sewing, embroidery, German and some forms of literature or history, depending upon the requests for these subjects. The devotional committee announced that the informal Sunday afternoon gatherings will be begun next Sunday, October 17, the plan being for girls to be invited to consider the association a home to all from four-thirty to six o'clock. A hospitality committee, which will meet for organization next Thursday evening will be on hand to welcome all who wish to drop in, and help them feel at home and to become acquainted with each other. Miss Missie Atkins and others will furnish some special music and there will be a general informal singing of hymns. The afternoon will close with a short Bible lesson. Team F will meet with the captain, Mrs. W. B. McKee, at her home, 276 Chestnut street, this afternoon at four o'clock. Team D, Miss Hickok's team, will meet Thursday evening at seven forty-five; teams B and I, under Miss Ford and Miss Ramsay, met yesterday. The educational committee will meet Friday afternoon at five o'clock in the office to perfect the schedule for class and club work.

Miss Caroline Reynolds entertains informally with a bridge party Thursday afternoon at Edgemont.

Mr. and Mrs. John Acee who are at present in New York are expected to return the latter part of the week and will reside at the Knickerbocker. Several entertainments of an informal nature are being planned in their honor, and will be given by their younger friends.

The wintry blast of yesterday turned one thought to the warm "comfy" articles of inner and outer apparel of the winter wardrobe. The long coats which are so fashionable this season will be very serviceable and becoming. The military coats of several years ago were smart looking and especially favored by the tailor made girl. The coats this winter are not so severe in cut and have trimmings which soften the outline considerably. The one piece frocks, frequently braided, are, many of them, very pretty, but more often frilly and vulgar. Some of them with the old fashioned "Joey" of extreme length, advantage every line of the figure, seem to have

CAPES for Ladies and Misses

The new capes are a welcome change in fashion for autumn and winter wraps. There is a graceful dignity about capes, and the fact that they are becoming to every figure strengthens their appeal and usefulness.

DAMAGE DONE BY STORM MAY REACH THREE MILLIONS

Miraculous That Loss of Life was so Small in Florida Coast Hurricane

LITTLE DAMAGE ON RAILWAY EXTENSION

War Department Aids in Preserving Order And in Housing Homeless

KEY WEST, Oct. 12.—Part of the city is in ruins, over five homes have been destroyed and more than a hundred ships wrecked as a result of the hurricane which swept this city yesterday afternoon. Seven churches and nine of the largest cigar factories in the South also were destroyed.

Hundreds of men are now at work cleaning up the streets under the direction of Mayor Fogarty.

One death is reported, that of Frank Gray, a photographer.

Today hundreds of homeless were roaming the streets. Fortunately the weather is bright and warm and there is little physical suffering.

The war department has instructed the commandant of the coast artillery companies stationed here to aid the city authorities in every way possible and tents and bedding will be distributed by the soldiers. At this time no estimate can be given of the financial losses incurred by the storm, but it is believed it will be between two and three million dollars. It will be weeks and in some instances months before the big tobacco factories will be able to resume operations and business generally will be at a standstill for at least several days.

Thieves Were Active.

As soon as darkness fell last night thieves began their raid on the homes and office buildings destroyed by the storm. The police were unable to cope with the situation and Mayor Fogarty immediately called for the Key West guards, the local military organization and the city was placed under martial law.

In the residence districts the streets in many instances were rendered impassable by the ruins of the houses. Whole buildings were picked up by the gale and hurled across the street and only the advance warnings of the weather bureau prevented a heavy loss of life.

Along the water front the beaches were strewn with the wreckage of small boats of all kinds and here and there a building was left standing while piers and wharves were all swept away. At the time the storm broke yesterday afternoon there were nearly one hundred vessels in the harbor, the majority of these were swept to sea or broken up on the beaches.

Extension Safe.

The Florida East Coast railway extension steamer Phil Shekel arrived here this afternoon from Sugarloaf, bringing the first direct news from

the thousands of men employed on the railway extension, consisting whom there was great apprehension. The camps at Boca Raton and Sugarloaf were destroyed and the grade for thirty miles above Stock Island is badly damaged, but there has been no loss of life along the line.

Station Swept Away

Second Mate Andrew Cooper of the schooner Medford lost his life at the government wharf and his body was washed overboard. Three members of the crew of another schooner are missing and it is thought they were drowned.

The reported loss of eight hundred lives along the east coast is believed to be unfounded.

The United States weather bureau and ship reporting station at Sand Key was swept to sea at 10 o'clock yesterday morning. Observers Dague, Keiter and Willard on duty there, are safe.

The launch, Lanette, with the crew of the dredge Nimke, arrived here at 5 o'clock this afternoon, bringing additional details of the effects of the hurricane along the coast. The grade of the extension at Jew-Fish Hook is washed away, the dock at Pigeon Key is wrecked, the mill at Knights Key is washed away, leaving the trestle firm, the approach to Sand Key is gone, and wreckage is piled on the shore everywhere.

All of the massive concrete viaducts of the extension are reported safe as (Continued on Page Three)
