### MADE NEW RECORD BY GETTING AWAY WITH TWO MILLION

Big Four Treasurer's Defaications May Become Star Performance

SHORTAGE GROWS WITH EVERY NEW STATEMENT

Railroad Officials Believe he Was Blackmailed But Can Prosecute no One But Him

CINCINNATI, O., Nov. 9 - Apparently well founded reports tonight sug guest that the shortage of Charles L. Warriner, formerly local treasurer of the Big Four railroad company who is now accused of embezzling \$642.-000, may exceed \$1,000,000 and may possibly reach \$2,000,000. These reports are supported by the fact that the railroad officers caused Warriner's arrest on a charge of embezzling \$54,500, and later admitted that the amount would be at least \$100,000, When that som was raised to more than half a million dollars, rumors began to circulate that the total embezzlement might reach a figure which would set a new record in such cases.

Whatever may be the culpability of persons alleged by Warriner to have blackmailed him for part of the loot it appears that as far as the railroad officers are concerned, they have no intention of proceeding against others than the defaulting treasurer.

Believe Blackmail Story. General Counsel Hackney today declared that he possessed no facts that would authorize prosecution of any save Warriner.

"I believe Mr. Warriner's statement," said Hackney, "that he was ties to do if they choose.

SOMERVILLE, N. J., Nov. While Arthur Everton, self-styled "professor", and traveling hypnotist, sobbed in his cell, three calm medical men witnessed a weird performance in the morgue of the Somerset hospital late this afternoon. There William E. Davenport, secretary to the mayor of Newark, and a student of hypnotism, vainly tried to bring back signs of life in the rigid body of Robert Simpson, a former street car conduc-tor of Newark, who apparently died last night after having been put into a hypnotic trance by Everten before a large audience at the Somerville
