HEARTBREAKING WAS **HUNDRED MILE RACE**

Was Won in Last Lap After Sensational Changes of Leadership

ATLANTA. Nov. 10,-Two heart-breaking finishes, the lowering of two track records by Strang and rain which caused the postponement of two events were the leading features of the second day of the automobile speedway meet here.

After many disappointments yesterday, Harding drove an Apperson "Jack Rabbit" to victory in a 10-mile

The Buick car won the amsteur 10milel free-for-all by 1-100 of a sec-ond, but lost the feature event, one hundred miles on the last lap. The Buick was driven by Joe Nelson, Chevrolet's mechancian, and he lost on the last lap to Will Knipper when his lubricating oil became exhausted. Strang's Great Speed,

Lewis Strang was compelled to withdraw from the 10-mile race for large stock cars after the first lap in which his Fiat "Sixty" had assumed the lead. He captured two other races in his 200-horse power Fiat with ease. He defeated Oldfield and Christie in a specially arranged 10-mHe race in the remarkable time of :07:01:94, averaging about :39,5 to themile, except in the last lap when he "blow" a tire and had to reduce speed at the turns. This alone prevented him from negotiating the distance in less than accept minutes. As it was his time broke Alken's new record made yesterday of

In the four mile event Strang avoraged :41.11. George Robertson was compelled to withdraw his Fiat from both events in which he was entered.

Terrific Finish The feature event of the day, the the Chalmers-Detroit drivers, Knipper and Matson respectively: At the start Nelson fought Matson for second place eventually winning it when the latter stopped for repairs. A thirty mile chase of Knipper put bim in first position, where he held until the eightieth mile, when Knipper, who took brilliant advantage of the curves swooped past him at the grand stand bringing the crowd to its feet with great roar of applause.

At the eighty-eighth mile another thunderous outburst arose, but this time it was Nelson who had re-captured the van. Knipper clung close to surprise of the spectators, Nelson slowed up. His machine had been out of lubricating oil for ten minutes and moved at greatly reduced speed, Knipper shot past him and came in an

Before daylight today, Chief of Police Egan, twice dispersed crowds of men and boys who had started towards the city jail. In one case he tore a mask from the face of a man who seemed to be leader of the gathering and then prevailed on the others to disperse, pleading that the evidence against James was only circumstantial.

Many citizens, after an outburst of ndignation, tonight were ready to let the law take its course. For this reason it was tonight thought that the

ituation would be controlled. James, who is known as "Froggie" ecause of his facial resemblance to that animal, was "sweated" by the police today. While all circumstances point to him as the slayer of Miss hounds, which went from the alley where Miss Pelley's body was found, to several places where James had been on the night of the murder, the prisoner refused to confess.
