VOL. XXVII., NO. 143

General Campaign of Public-Ity Will Be Made During **Coming Summer**

CHAIRMAN ALDRICH WILL MAKE TOUR

Bills to be introduced in Next **Congress Along Lines he** has Suggested

WASHINGTON, March 12 .- Plans for the reform of the currency laws will be prosecuted with a great deal surrectos and thousands of women of vigor by the members of the national monetary commission during plies, are helpless. the summer and fall. A campaign of education will be started within a few weeks in the hope of creating details concerning the battle at Casa sentiment in favor of a bill which will be probably introduced in both houses as soon as the regular session is convened next December,

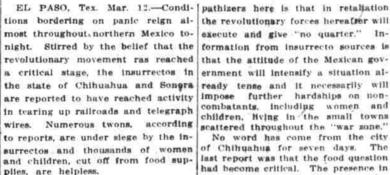

Thus far the work of the monetary contmission has not been regarded as political and especial care is to be lass, Ariz. Five hundred insurrectos taken to avoid the introduction of attacked 300 federal troops, but were any partisan views in the campaign for the bill. A majority of the members of the commission who have been working on the proposed legislation are not now members of congress and most of the members are regarded as out of politics. This is particularly true of the chair-man, former Senator Aldrich, of man. Rhode Island, who expects to devote a great deal of time to the work during the coming year.

Getting Views of Public. Beginning with the hearing to be

granted to the currency commission of the American Bankers' association in this city on March 22, the members of the commission will be actively engaged in getting the views of the public on needed legislation up to the time a bill is introduced. It is not known that there will be many hearings in Washington, but that several members of the commission shall visit the large cities of the country for the purpose of ascer taining the views of the interested public. The most active tour will be made by Mr. Aldrich, the author of public bill which is expected to form the basis of any legislation attempted With one or two members of the commission probably he will visit the larger citles of the West and South and meet people for the purpose of exchanging views regarding necessary reforms. General approval has been given to the Aldrich bill by the public so far as heard from.

Bankers seem to regard it as in the fature of a legalization of the clearing house methods employed by the These methbanks in time of panic. bds for the most part have proved efficacious. Criticism may arise later. owever in fact members of the

Hot, Short Fight. Following the receipt of corrected be Grandes. a town of about 500 inhab-Itants, about 150 miles southwest of El Paso, where 80 men were killed last Monday, news reached here of a fight at noon today at Guapri on the border across the river from Dougrepulsed with a loss of 35 and wounded on both sides ... The fighting was short and the insurrectos armed with and the rest scattered, while the inrifles only, soon scattered under the fire of a machine gun. What is believed to be a reliable report of the casualties at Casa Grandes says that 15 Americans were killed and 17

Americans taken prisoners. The following, at first believed to have been killed, are known to have escaped: Lieut, Colonel Garibaldi, Raul Madero, brother of Francisco I. Madero,

so-called provisional president of the insurrectos; Captain Guitterras and Cuti Valencia of El Paso, Captain Euardo Hay, a Mexican of Madero's personal staff was not killed but was taken prisoner. Raoul Madero was vounded

R. F. Harringtoin, a former ser geant in the United States army who lived at El Paso; Robert E. Lee, and Robert Evans of San Francisco and Roy Glenn, a boy of Mineral Springs, Texas, were killed. The names of the Americans killed or taken pris Eas Thousand Men.

A letter written by Madero was re ceived here today in which he denied he made another attack on th town after he was driven away. He asserts, however, that he has gathered a force of 1,000 men and now is within a few miles of the town. His explanation of the defeat is that several scouts sent out to reconnoiter before the attack failed to report the coming of Colonel Cuellar with a fed-

eral force. The unexpected arrival of the federal resulted in a panic among the insurrectos. The schuts, he said, had been shot. The news from Mexico nonetary commission appreciate that City that President Diaz had decided

> GRAND JURY BUSY CINCINNATI, O., March 12 .- Th esent week is expected to furnish a number of new developments in the grand jury investigation which has been going on for the past month. The trial of Jacob Baschang, forner deputy liquor tax collector, indicted by the present grand jury on the charge of "accepting and soliciting bribes," will begin tomorrow. There are six counts egainst Bas chang.

The fact that the grand jury has read the testimony of former Chief of Police Milliken and former Police Inspector James Casey, both recently discharged from the police department indicates that the body has opened a new line of research.

WIVES AND CHILDREN

DULUTH, Minn., March 13 .- Ten bodies, erushed almost into an unrecognizable mass, have been taken from the Norman open pit mine at Virginia, Minn., where a cave-in oc urred Saturday evening, burying

twenty-six miners. Sixteen bodies have not been reached but the mine officials are bending every efffort to expedite the work of rescue. A large force of men is working vigorously, but it is not believed any of the men will be

taken out alive. To hasten the work additiona 'clams" have been sent for, and these capable of lifting many tone of ore, will, it is thought, bring to light the missing bodies before hours elapse. The ten bodies recovered lie at a morgue which has been besieged all day by wives, children and relatives of the men. The scenes of agons and distress are such as to affect the

stoutest heart. The cause of the accident is at-tributable, it is said, to the thaws of the last few days suddenly leasening boulders and earth and causing the ore body to slide toward the bottom of the pit.

A cordon of guards is stationed about the works to prevent entrance of those who are not identified with the plant, and the only information

the plant, and the only information is that which is sathered from those who emerge from thele homes. It was asserted by some tonight that it may require two days before all of the badies are recovered. <u>Another Accident</u>, <u>Capitals, Banny, of the Ellis, mino</u> at Gibert, Mina, who with two min-ers was entombed in a shaft 150 feet below the surface yesterday on ac-count of the cave-in, was rescued alive this morning and taken to his home.
