## Amusments.

Two Performances of "Buster Brown" Monday, March 27.

The announced attraction at the Auditorium Monday, March 27, is the hilarious musical comedy, "Buster Brown." The prolific Brown family has no better member than this self same "Buster," the brain creature of that prince of caricaturists, P. In giving Buster to the world, Mr. Outcault's pencil was actuated by the desire to present the Joyous side of strenuous boyhood. How well he has succeeded is duly evidenced by the fact that Buster and his ever-attendant "dog "Tige" is known whevere the modern dally with \* its prodigious edition penetrates, And so cleverly does the pencil of the ar-tist portray the creature of his brain that Buster from a pictured thing has grown into a living, breathing stage celebrity. There is sure to be W. Boyd and M. L. Boyd, land on big crowds at both performances and it would be advisable for everybody to secure their tickets, in advance and avoid the crush at the box office.
