

# SOCIETY AND PERSONAL

The children who attend the matinee of "Buster Brown" tomorrow afternoon will have the privilege of meeting Mary Jane, Tug and Buster after the matinee. The trio has for some years been a source of amusement to the children all over the country, to say nothing of their elders, and tomorrow afternoon they may become personally acquainted with the very naughty trio which small children are permitted to laugh at but not emulate their various degrees of naughtiness. All of the children who wish to, and who attend, are invited to attend the informal reception held on the stage after the play.

The opening of spring millinery at the Asheville Dry Goods company was one of the shopping attractions of the week. There were dozens of spring hats shown to be worn on every occasion. Some of the straw boules were trim and pretty and fitting closely were becoming to most people. There were several smart turbans made of plaid straw, one of the Gordon plaid, green, blue and white, with a line of red, was especially fetching. A handsome model was of coral straw, faced with black straw, and was trimmed with a large and stiff coral and black bow. There were many hats with summery decorations of flowers in all of the new shades. The children's hats were made a feature of the opening and

were unusually pretty and serviceable. Hats for children are rather difficult to find and the splendid array was a cheering sight to many of the visitors. The opening was most successful and was very largely attended.

About The Time It Takes For A Stuart's Dyspepsia Tablet to Work On The Food And Bring Relief.

TRIAL PACKAGE SENT FREE.

There is no long wait between the time you take a Stuart's Dyspepsia Tablet and the feeling of relief it will bring to an overloaded stomach. It gets busy in a jiffy and quickly sets things to rights in that tired and disordered stomach. It goes right at the work of digesting the food it finds lodged there and in no time at all has things on the move—the gases cease forming, the breath is sweetened, the coating on the tongue disappears and you are no longer conscious that you even have a stomach.

That is one of the chief recommendations for Stuart's Dyspepsia Tablets—that they don't take forever to accomplish the purpose for which you need them. It is just as if you put an extra stomach or two to work when you're needed help. You can't continually overload your stomach and expect it to always smile. It is going to get rebellious and sulky after awhile and refuse to go on being driven to do double work. You must rest it occasionally—by starving and thereby weakening yourself physically—but by using Stuart's Dyspepsia Tablet to do the work of digesting your food.

These tablets contain all the active elements of the natural stomach juices and will alone and unaided digest food just the same as the gastric juices. And nothing could be more harmless than these tablets. They do not affect the system in any way—do not cause any ailment except as they digest food. Use them freely. Stuart's Dyspepsia Tablets are sold by all druggists everywhere. Price, 50 cents per box. A trial package will be sent if you will write F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.
