Miss Corn Campbell and Mr. H. E. Hines were married yesterday afternoon at 1 o'clock by Rev. L. T. Hill in the parsonage of Bethel Church. Mr. and Mrs. Hines left on the afternoon train for a two weeks' trip to Washington, Baltimore and New York and on their return will reside in Asheville. Mr. Hines is connected with the Southern Railway holding a responsible position.

The Women's club was most delightfully entertained Tuesday afternoon by Mrs. Charles A. Beale at her home in Arden, which constituted the last meeting of the club for the summer. Mrs. Hemphill, Mrs. Fletcher and Miss Beale assisted Mrs. Beale in entertaining the guests, among whom were the members of the Arden Women's club. The home of Mrs. Beale is one of the most artistic in the community and contains quite a number of valuable paintings and copies of the old masters from the brushes of Mrs. Beale and Miss Beale, and also many rare objects of art collected by them during their long residence abroad. This afternoon, following the serving of luncheon, was quite informal and anything in the nature of a program was dispensed with. Mrs. Beale's guests, including the members of the Women's club of Asheville and the Women's club of Arden, were: Mrs. Wetmore, Mrs. Bynum, Miss Adams, Mrs. Prescott Fletcher, Mrs. Bugas, Mrs. Cushing, Mrs. Edmund Blake, Mrs. Patrick Westfield, Mrs. Weston, Miss Weston, Miss Olivia Blake, Miss Alice Blake, Mrs. Bernard, Miss Anna Bernard and Mrs. Walter Fletcher, Mrs. Robert Carroll, Mrs. Charles Mitchell, Mrs. H. C. Beardsley, Mrs. J. E. Craddock, Mrs. Craig, Mrs. Eugene B. Glenn, Mrs. Rufus Hunt, of Palm Springs, Mrs. George T. Winston, Mrs. Charles Webb, Mrs. Paul Paquin, Mrs. Thomas C. Wetmore, Mrs. Elsie Beale Hemphill, Mrs. George Hayward, of Arden, and Mrs. Elizabeth Bolton.

The alumnae of the city schools last year reorganized their association and gave at about this time a brilliant banquet at the Battery Park hotel, at which there were about a hundred guests, including the school faculty. Hon. Mark Brown was toastmaster, while those giving and responding to the various toasts were Prof. Tighe, Mrs. June Adams, Mr. Mark Erwin, Miss Johnnie Williamson and others. The officers elected for the year were: President, Miss Edna Long, who since has become Mrs. Gustave Lichtenfels; first vice president, Miss Kathleen Ware; second vice president, Mr. Allmond Jones; treasurer, Mrs. Louis Schaus; social secretary, Miss Mabel Wolfe. The association is planning for the annual banquet, which is to take place shortly, and the members are most earnestly requested to send in their dues of a dollar, which entitles them to a card to the banquet. Cards will shortly be issued to the members and their return to the secretary, Miss Wolfe, or a phone message to the latter, will be requested. The time is very short, and it is asked that the members will please notify the secretary as soon as possible in order that arrangements may be made. There will be several guests who will make unusually handsome. A full program will be announced later.

The meeting for the organization of a nurses' club affiliated with the Y. W. C. A. was held Tuesday evening at the association. Many suggestions and responses came in reply to the letters sent to the nurses of the city, and the prospect for the establishment of the club is excellent. There was an interesting informal discussion concerning the purpose and possibilities of such a club. A committee of five was appointed to draft a constitution and by-laws for a nurses' club to be affiliated with the Y. W. C. A. of Asheville for the promotion of good fellowship and co-operation along lines of common interest. The next meeting will be held on Tuesday or Wednesday, June 13 or 14, further notice to be given. Every nurse in Asheville is invited to attend this meeting when the proposed constitution will be considered. It is hoped that nurses who are on duty will make an effort to arrange their hours so that they may attend this afternoon's meeting. After the adjournment of the business meeting a social half hour was spent and light refreshments were served.

Mr. Burnett Jordan, who has had a very successful winter in Cincinnati, has sailed for Germany, and will be in Berlin during the summer studying with Mr. George Ferguson, one of the most eminent teachers of singing in Germany. Mr. Jordan has given quite a number of recitals during the winter and has received the highest praise from the press of Cincinnati.

The lawn fête and carnival which will be given at Whitewood Friday afternoon and evening for the benefit of the Mission hospital is going to be a most interesting and unusual affair. The ladies who have the various booths met yesterday morning at Whitewood, and the sites of their booths were chosen and marked off on a map of the grounds. The latter are ideal for such a purpose, and the numerous grotesque, quaint summer houses, etc., will be converted into most attractive little shops. The merchants of the city have taken special interest in the undertaking and have been most generous in their offers to aid those in charge of the carnival by sending a complete assortment of their goods out to the booths to be sold, allowing the carnival a liberal percentage. There will be a jewelry shop, a dry goods shop, and one with most interesting bronzes, crystal door knobs with initials, one of the new fads, and various glassware. Another little shop will be devoted to china and pottery, which is always popular. There are quite a number of others, and the list is steadily growing. The music will be a feature, and Mr. Spears' orchestra will be located in a central spot on the veranda of the house, where the music may be heard from every part of the grounds which will be in use. The natural beauty of the latter, the rose gardens and pergolas covered with climbing roses and the innumerable rare plants and flowers which meet one at every turn in the grounds will enhance the beauty of the scene beyond description. The little green outdoor theater, where the vaudeville is to take place, is unique, and will in itself be a great attraction. It is laid out just as real theaters are, with lobby, box office, main and side entrances, aisles, boxes, orchestra seats and stage. The latter raised, but everything of green privet, which is verdant the year round. Many gardeners boast of a maze, the intricacies of which afford not a little amusement, but a little theater is quite odd and a better one could not have been devised for the vaudeville. There will be a large covered pavilion for the children's amusements, and branching off the midway, where the kiddies may amble up and down to their hearts' content on the backs of Shetland ponies and donkeys. There will be no camels, but the menagerie will have a collection of animals well worth seeing. There will be every kind of amusement, and the public will find many attractions to divert and interest. The carnival is one of the biggest undertakings for a local charity promoted in Asheville, and the aid of the public in helping them by attending the carnival is asked.

The marriage of Mrs. Frances Fox, of Augusta, and Mr. H. A. McEachern, of Red Springs, occurred yesterday at the residence of Dr. B. F. Campbell. Mr. and Mrs. McEachern left later in the day for Colorado Springs, Col., where they will spend a part of the summer.

The commencement exercises of the Home Industrial school were given yesterday afternoon in Oakland Heights church, which was filled with interested relatives and friends of the graduates. Miss Elizabeth McKinstry opened the program with an organ prelude, followed by the invocation, pronounced by Rev. Thomas Lawrence. The Garden of Flowers, a cantata by Denna, followed, and was well given. Miss Bertie Mincer played Durand's waltz in E flat, with good execution and style. The certificates were presented by Dr. R. R. Swape. Rev. Clarence G. Reynolds pronounced the benediction. A most interesting exhibition of the work of the departments of cookery, domestic science and sewing was held afterward in the Home Industrial building and viewed by the large number of guests who were invited to the exercises.

## NO ONE KNOWS

In a Recent Letter, Mrs. Wilkerson of Lynchburg Says No One Knows What She Had to Suffer.

Lynchburg, Va.—"I am now feeling better than I have for several years," writes Mrs. Elsie Wilkerson of 406 Pearl street, this city. "No one knows what I suffered as a result of female weakness. "Since taking four bottles of Cardui I feel stronger and better than I have in some time past. I shall always praise Cardui to all of my suffering friends."

The strength-giving properties of Cardui are not the result of powerful druggery, but of its gentle, natural, building action on the womanly organs.

Cardui is not a stimulant, but a mild and effective tonic remedy that, through fifty years of success, has been proven to have a merit that is all its own.

Cardui is prepared principally from the extracted medicinal principle of a plant grown in Southern Europe, not mentioned in the pharmacopoeia. Imported direct by the manufacturers and combined with other ingredients, to form a scientific medicine that brings results.

NOTE—The Cardui Home Treatment for Women consists of Cardui (41), Theford's Black Draught (25c), or Vello (50c), for the Liver and Cardui Antiseptic (50c). These remedies may be taken singly, by themselves, if desired, or three together, as a complete treatment for women's ills. Write to Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

### URGING ATTENDANCE UPON CONVENTION

D. McEachern, vice president of the State Association of County Commissioners, is issuing letters to the county commissioners of each county in the state, urging upon them the importance of attending the annual convention to be held in Asheville, August 16.

The letter states that the law provides for the expenses of one commissioner from each county in the state, the same to be charged up to the county.

It is planned to have a large attendance of commissioners in order that valuable ideas and suggestions may be exchanged to the benefit of those present.

Mr. McEachern requests the board of trade to forward him about 100 attractive post cards descriptive of scenes in and around Asheville, in order that they may be sent out with the letters to the commissioners, thinking perhaps it would be some inducement towards a better attendance.
