RECIPROCITY BILL UNSCATHED AFTER GOING THROUGH MOST SERIOUS ORDEAL

Vote for Cummins' Amendments so Small He Wouldn't Ask for Roll Call Upon All of Them—Simmons Amendments' Similar Fate—Cummins Says It's Useless to Try to Get Senate to Alter Bill

WASHINGTON, July 10.—The Canadian reciprocity bill emerged unscathed tonight from the most serious ordeal it has yet experienced in the senate. The series of amendments offered by Senator Cummins, of Iowa, and the two offered by Senator Simmons, of North Carolina, all seeking to increase the number of Canadian manufactured articles that shall be admitted to the United States free of duty were voted down by large majorities.

The vote in favor of the amendments were so small that Senator Cummins asked for only five roll calls, although he had previously announced his intention of asking for at least ten. The maximum vote for his tariff amendment was 14, compared to a minimum vote of 58 against.

The defeat of the Cummins amendments clears the situation in the senate and leaves the reciprocity bill much nearer final passage. Senator Bailey offered an amendment to the house woolen tariff bill imposing a duty of 25 per cent on raw wool. He will ask for the consideration of this amendment and of his farmers' free list amendment in the near future.

RECORD THROUG HEARS SPEAKER CHAMP CLARK AT ENDEAVOR MEETING

One of Main Thoughts Advanced Is That There Is No Room for Idlers

GOOD CITIZENS

ATLANTIC CITY, N. J., July 10.—With the big audience swayed to the tune of "Dixie" Speaker Champ Clark was introduced to a record throng on the million dollar pier tonight as the principal speaker before the Christian Endeavor convention. His speech was striking throughout. "There is no room in the United States for a pessimist or idler," he declared. "Any man who misses two general elections should be disfranchised. Our forbears did not fight so we could sit at home. They wanted us to have our say at elections. That's what the scrap was about. If I had one prayer that I was sure to be answered it would be that every citizen should acquire sufficient education to read his own ballot and cast it as an American citizen should. "Hoodlums run nine-tenths of our elections, and the hoodlum who goes out and votes is a better man than the citizen who fails to cast his ballot. It is the duty of every Christian citizen to take a hand in politics. These fine haired citizens who say they are too busy to enter politics are had citizens. The great question before the American republic is the question of good citizenship. I don't believe the United States is going to the dogs, no matter whether a republican or a democrat heads the next administration. I believe the party in power will work for the perpetuity of the American republic and amelioration of the condition of the people and betterment of society. "The world in general is growing better and particularly our part of the country. My opinion is that we will soon devise a scheme that will give labor the benefit of its toil and keep riches from a few greedy souls. Signs point that the change is in sight and the employer will soon share his profits with his workmen." Former Vice President Chas. W. Fairbanks criticized Sunday conditions at this resort in an address today before the Methodist Christian (Continued on Page Seven)

ON EVE OF BALLOTING EVERYTHING UNCERTAIN IN SENATORIAL CONTEST

Even Followers of Hoke Smith Work Like Trojans at Last Moment

MUCH SPECULATION

ATLANTA, Ga., July 10.—Tonight on the eve of balloting for United States senator in the Georgia legislature, the general opinion prevails that there will be no election as the result of the first day's ballot. That none of the five candidates is sure of capturing the top was evidenced by the hard work put in during the closing hours of the campaign. Even the friends of Governor Hoke Smith, who heretofore had been predicting his election on the first ballot continues up to the last minute to strengthen their fences. Among the late arrivals today were a number of friends of Congressman W. G. Brantly, of the eleventh district. The statement was given out in behalf of Mr. Brantly that his name would not be presented as a candidate for senator unless it was certain he would win. The prospect of a vacancy in the governorship in the event Governor Smith is elected to the senate is arousing considerable interest throughout the state. Today a newspaper in southeast Georgia sent thirty telegrams to leading papers throughout the state asking them if they would support former Governor J. M. Brown for governor in the event of a vacancy. Twenty-two replies signified in substance they would support "Brown against the field." Should the vacancy occur it is predicted there will be in the neighborhood of a dozen candidates for the position.

UNFAVORABLE WEATHER STOPS ATWOOD'S FLIGHT

Intense Heat and High Humidity Make Continuation of Flight Impossible

BALTIMORE, Md., July 10.—Unable to resume their aeroplane flight to Washington this evening because of unfavorable weather conditions, his companion, Chas. K. Hamilton, Harry N. Atwood that that he and would try to get away at 4 a. m., tomorrow. He added that they would arrive at College Park, Md., where the army aviation school of instruction is located. Atwood announced this decision about 7:30 this evening after two futile attempts had been made at a flight from the field where the machine descended this morning after a remarkable and nerve wracking aerial journey which began at Atlantic City a few minutes after 5 a. m., and ended at 9:23 o'clock, a half a mile from the Pennsylvania railroad station at Stemer's Run approximately 148 miles from the starting point. The flight had to be discontinued on account of the intense heat and high humidity which made it almost if not quite impossible for aeroplanes to attain a sufficient altitude. The same atmospheric conditions prevailed this evening and forced the postponement until the morning.

CANDIDATES GALORE FOR COMMISSIONER'S PLACE

Delegations Waiting Upon Governor Trying to Bring Some Pressure

RALEIGH, N. C., July 10.—Two delegations that waited on the governor in the interest of candidates for the corporation commissionership to succeed the late Henry Clay Brown, today were from Northampton county and from Raleigh, the former in the interest of Capt. Thomas W. Mason and the latter in the interest of E. L. Harris of Raleigh, who is being urged by the Merchants' association, he being the state secretary. The Northampton delegation was composed of B. S. Gay, C. S. Peebles, J. S. Worrall and sheriff Joyner. The Raleigh delegation for Harris included J. V. Simms, E. E. Broughton, J. B. Pierce. A number of new candidates are being added to the list of those being pressed upon the governor for consideration. J. R. Smith of Randolph county and G. D. Parker of Duplin county being the latest. Major H. A. London of Pittsboro is not a candidate in the sense that he has any formal application with the governor. However, his friends have ascertained that he would accept and are urging the governor to give him the place. Ex-Judge A. C. Avery has presented to the governor the claims of former Commissioner Pearson of Morganton. The friends of Capt. Tom Mason believe that if the governor does not decide to give the place to his close personal friend, L. Travis of Halifax, that it will certainly go to Capt. Mason.

G. C. & O. STATION TOTAL WRECK FROM DYNAMITE CHARGE

Situated at Junction of C. C. & O. and Southern Railway Near Marion

SUSPECTS FIRE UPON SHERIFF INJURING HIM

Station Windows Shattered, Roof Torn Off, Safe Demolished and Robbed

The station of the C. C. & O. railroad situated at the junction of the C. C. & O. and the Southern railway track near Marion was dynamited yesterday morning between midnight and daybreak and practically wrecked, the safe having been demolished, the windows shattered, the roof torn off and the tables, seats and telegrapher's instrument totally demolished. The safe was robbed of \$4, the amount of money which was in it, but nothing else of value was taken, so far as can be learned. From all indications the wreckers placed dynamite on the top of the safe and blew a hole in it, thus filling the hole with dynamite which, when set off, blew the safe open. About three-fourths of a case of dynamite was used by the robbers. The county officials placed bloodhounds on the trail of the guilty persons, but they lost the scent and were returned. There is no clue as to who committed the robbery, though three men were seen to come into Old Fort on a freight train last night, two of whom are said to have gotten off at a wood pile, the other alighting at the depot and going to the rear of it. Sheriff H. S. Mashburn, of McDowell county, and others presuming that the men were the robbers of the depot at the junction, pursued the man who ran behind the depot and opened fire on him. Numerous shots were exchanged and Sheriff Mashburn was shot in the ankle. A carrier boy received a bullet in the arm. The supposed robber made his escape into the woods near the station, followed by almost the entire population of Old Fort. The two men who accompanied the man who was pursued made their escape.
