

## Society and Personals

The wood carving exhibit given by Mrs. Gaillard S. Tennent yesterday afternoon in her studio in the Electric Building attracted a large number of people interested in the work. Gladiolus, scarlet geraniums, nasturtiums and golden glow formed a vivid floral decoration which showed up especially well against the sombre browns of the carved woods. There were a number of unusually handsome tea trays, the designs of which were artistic and distinctive. The nut bowls were greatly admired, with their carved wreaths of leaves and conventional designs. There were all manner of pipe trays, jardiniere, book racks and picture frames, all of which attested by their beauty, the artistic ability and execution of Mrs. Tennent. Mrs. Elise Heals Hempfling, of Arden, showed three brass pieces which were excellent specimens of her work. An umbrella stand and gun rack being among the number and screen of especially fine workmanship. There were also several baskets, etc., sent in by the children of Christ school at Arden, which were pretty and serviceable. The exhibition will continue today from 3:30 until 6 o'clock, and the public is invited to attend.

The Altar Society of St. Lawrence church meet this afternoon in regular monthly session. All members are requested to be present.

The residence was charmingly decorated with sweet peas, hearts and other card games were played after which a collation was served. Miss Stone's guests were Miss Manning, Miss Stewart, Miss Beard, Miss Wilson, Miss Niel, Miss Horton Jones, Miss Helen Taylor, Miss Laura Meares, Miss Elizabeth Murphy, Miss Myrtle Gudeger, Miss Byrd Henderson, Miss Exum Meares, Miss Dorothy Long, Miss Frances Oates, Miss Myrtle Rollins, Miss Catherine Beadles, Miss Beth Arbogast, Miss Eloise Carroll and Miss Elizabeth Williamson.

The Sigma Phi Epsilon fraternity ball tomorrow evening at the Swanano-Berkeley in honor of Miss Mary Louise Manning, will be one of the important events of the season and is a topic of much interest of the week. The twelve windows representing various colleges constitute a scheme of decoration which has seldom been equalled in Asheville. The fraternity colors, crimson and purple, will of course be much in evidence and these colors as far as possible, will be carried out in the ices and refreshments served. The ball room floor of the Swanano-Berkeley is one of the finest in the state and the ball room is unusually handsome, with its attractive entrance and smaller reception room. There were about a hundred and fifty invitations issued for the ball.

After the same refreshments were served. The children have a very pretty cottage and large grounds to live in in Wooten, and when they are adopted or homes are found for them, it is a duty of the board to keep a watchful eye over their happiness and welfare.

The Wednesday informal dance takes place this evening at the Manor and will be a pleasant event of the week. The dances continue to be popular and are very well attended.

The cotillion last evening at Tokaway Inn was the most brilliant event of the Tokaway season and largely attended by Asheville and Hendersonville people. The ball room of the Inn was beautifully decorated, with rhododendron and pine boughs, which formed a background for masses of flowers of various hue and variety. There were about thirty couples dancing, and the cotillion was led by Mr. J. P. Sloan, of Columbia, S. C., and Mr. H. L. Phillips, of Pine Bluff, Ark., who chose as their partners Miss Adelaide and Miss Fannie Mayo, of Chicago. The Misses Mayo have been belle at Tokaway for two seasons and are unusually attractive. They recently came to Asheville for the opening ball at the Battery Park hotel. The figures were original and unusually pretty and there were unique favors for each. Prizes were offered for the most original figure, a committee composed of a number of guests of the hotel judging the figures. A supper was served late in the evening. The cotillion was a most successful affair, and will probably be repeated later in the season. There are dances given each week at the Inn and informal dancing every evening.

## A MOTHER'S DUTY

It is the duty of every expectant mother to prepare her system for the coming of her little one; to avoid as far as possible the suffering of such occasions, and endeavor to pass through the crisis with her health and strength unimpaired. This she may do through the use of Mother's Friend, a remedy that has been so long in use, and accomplished so much good, that it is in no sense an experiment, but a preparation which always produces the best results. It is for external application and so penetrating in its nature as to thoroughly lubricate every muscle, nerve and tendon involved during the period before baby comes. It aids nature by expanding the skin and tissues, relieves tenderness and soreness, and perfectly prepares the system for natural and safe motherhood. Mother's Friend has been used and endorsed by thousands of mothers, and its use will prove a comfort and a benefit to any woman in need of such a remedy. Mother's Friend is sold at drug stores. Write for free book for expectant mothers, which contains much valuable information.

**DEATH OF LADY KNOWN HERE**  
News of the death of Miss Maggie E. Robinson at her home in Lexington, Va., has been received in Asheville.

Miss Robinson was a cousin of Mrs. R. F. Campbell of Asheville and spent considerable time with Dr. and Mrs. Campbell during the last few years. The deceased had been in poor health for about a year and had visited Baltimore and other points hoping to recuperate. Miss Robinson had a large circle of friends in the city.

An automobile man has calculated that in New York city if motor vehicles alone were used there would be a saving of three hundred miles of street space, now occupied by the larger horse drawn vehicles. This is about one-third of the total space.
