Veterans of Blue and Grey Gathered to Pay Tribute to Memory of Dead

FUNERAL CORTEGE OVER MILE LONG Active Pailbearers Old Friends of Deceased Named by Him Months Ago

MEMPHIS, Tenn., Aug. 12.—Clad in a uniform of Confederate gray, the body of Gen. George W. Gordon, commander-in-chief of the United Confederate Veterans and member of congress from the Tenth Tennessee district, was laid to rest in Elmwood cemetery this afternoon.

Veterans of the Confederate and Union armies and representatives of the nation and state joined in paying tribute to the memory of the dead.

Procession Mile Long. Former foes marched side by side in the military procession that formed a conspicuous part of a funeral cortege more than a mile in length.

The procession passed the court house where the body has rested in the headquarters of the United Sons of Confederate Veterans since Thursday to the Second Presbyterian church, where a brief service was conducted by the Rev. R. Lin Cave, of Nashville, chaplain general of the Confederate veterans' organization.

The general procession ended at the church, the military guard of honor, pailbearers and Gen. Gordon's official staff accompanying the body to the cemetery.

The active pailbearers were all close friends of Gen. Gordon residing in this city. They were named by him several months ago.

Congressional Delegation. The delegation from congress included Representatives Padgett, Houston, Garrett, Hull, Byrne, Austin and Sells of Tennessee; Richardson, of Alabama; Lamb and Slomp, of Virginia; Craven, Arkansas; Thistlewood, Illinois; Tison, Connecticut; Kahn, California; Bradley, New York; and Anthony, of Kansas.

INTO MOUNTAIN OF COAL RESCUE PARTY DIGS FOR THREE ENTOMBED MINERS

Constantly Urged on by Faint Tappings From Men Believed Dead

WORK IN RELAYS POTTSVILLE, Pa., Aug. 12.—Working in relays and constantly urged on by faint tappings, a large party of rescuers are frantically digging into a mountain of coal and rock tonight to reach three entombed anthracite mine workers who were caught behind a heavy fall of roof at 2 o'clock Friday afternoon in the East colliery near Ashland.

Whether only one or all three of the men are alive cannot be determined but the mine officials late tonight announced that they hoped to reach the men alive tomorrow morning.

The three imprisoned men are John Dolan, a miner, married, with five children, and Anthony Thomassen and Peter Zebulskis, his laborers. They had completed their day's work and were on their way out of the mine when the roof over the gangway in which they were fell without warning.

PRESIDENTS WISH SET AT NAUGHT AS TO TWO TREATIES

Taft Keenly Disappointed Man by Action of Senate Committee Eliminating Special Powers of Joint High Commission

WASHINGTON, Aug. 12.—Disregarding a telegraphed request from President Taft for a contrary course, the senate committee on foreign relations today agreed upon an amendment to the British and French arbitration treaties, eliminating the provision conferring special powers on the proposed joint high commission.

The failure of the treaties rather than ratification with the paragraph eliminated. There is considerable mystery about the manner in which the views of Ambassador Bryce, as expressed in his book, were brought into the present controversy.

Both in committee and in the senate the characterization of the senate in Mr. Bryce's work was referred to as indicating a hostile disposition on the part of the ambassador towards the senate's exercise of its functions.

Personal Plea. Before leaving Washington, President Taft had made strong representations to individual members of the committee urging as vital important the retention of the provision giving to the joint high commission the right to determine disputed questions without reference to the senate.

WOOL BILL MAY BE READY FOR TAFT'S SIGNATURE OR VETO BY NEXT TUESDAY

Not Believed That Congress Will Hold Together for Action on Cotton Tariff Bill After Final Action on Wool and Free List Bills—Immediate Demand for Adjournment After President Acts Expected

WASHINGTON, Aug. 1.—Tariff revision legislation moved swiftly toward a congressional vote today as the wool bill was reported to the house with a view to final action.

Little Argument. There was little argument in conference over the free list amendments. Chairman Underwood, of the house conference committee, declared the house could not accept the Kern amendments, which were injected into the bill after the original free list bill had been lost by a tie vote in the senate.

To Force Another Vote. The result will be to force another vote in the senate on the Kern amendments and in the house on the lemon amendment. Following such action the bill probably will again go to conference and a final agreement on it is confidently predicted.
