HEALTHY MOTHERS

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend, and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant and elastic those fibres and muscles which nature is expanding, prevents numbness of limbs, and soothes the inflammation of breast glands. The system being thus prepared by Mother's Friend dispels the fear that the crisis may not be safely met. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores. Write for free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

HEALTH IS COMBUSTION

My business is aiding nature to dispose of this unwelcome abnormality. I accomplish this by means of a physiological, scientific system of manual manipulation of the structure which, by accelerating the circulation, increases combustion and so facilitates the natural elimination of a diseased condition. In short, I make it possible for the body to purify itself by improving the circulation. This is the object and certain result of Mechanical Therapy. I do not disparage the noble art of the physician and surgeon, and if your sickness is not amenable to Mechanical Therapy, I shall tell you so frankly.

Last Day of the Sale of Fall Silks Splendid Showing of Fall Tailored Suits

Busy days here this week. The main attraction has been these beautiful Fall Suits. They have sold unusually well and only the fact that we had to buy large pieces would you have such an assortment left to choose from.

Not only are the colors beautiful, but the quality is fine. The satin finished messaline is of especially heavy grade. Suppose you drop in today, even if you only wish to look.

\$1.00 and \$1.25 grade of Fall Silks, 24, 26 and 27 inches wide, for 75c a yard.

We are now showing over 200 different models of Fall Suits. This is the largest display we have ever shown at this season of the year. We fully expected to be in our new store by this time and have prepared accordingly. Garments are coming in daily in the widest range of patterns. Every good cloth: Scotch Mixtures, English Worsteds, Imported Fabrics, Diagonals, Serges, Cheviots, Etc., can be found here. The price range is wider also, including suits to sell from \$15 to \$65.

The polo coat which has been exceedingly popular in the East has been immediately adopted as most of the new and becoming styles usually are. The polo coat comes in almost every shade, and is made of reversible cloth, which is of soft texture and sufficiently heavy not to require lining. The evening coats are white with delicate pastel shades on the inner side, the color turning over into large and very becoming collars and cuffs. For day wear the coats come in various shades of brown, tan, blue, gray, purple and a few are black. One very pretty polo coat with kimono sleeves was shown recently, the color being gray and the inside a wistaria shade, a most charming combination of color. The coats are not only very pretty but have the added attraction of being fairly inexpensive and within the reach of most people. The little polo hats which are worn with the coat are also pretty, and are made of the same color, the rolling brim of another color.

Mrs. Atley Peebles and Mrs. Floyd Peebles entertained a number of their friends at the home of Mrs. Atley Peebles on Central Avenue Monday evening in honor of Mrs. Atley Peebles' sister, Miss Nellie Foster, of Candler, and Miss Rose Chandler, also of that place.
