

Society and Personals

There are several clubs in Asheville belonging to the Federation of Women's clubs, and the following opinion of Mrs. R. R. Cotton, president of the State Federation, concerning the After School club will be of interest to the members of local clubs, and is published by request:

"All that helps the mother in the training of children; all that gives to the child higher ideals of life; all that brings into closer union the home and the school should be welcomed and utilized. The After School club of America seems to have woven into one strong cord the three important factors in life, the mother, the child and the school.

"With the marvelous facilities for education along the most vital of all lines, the study of training of child nature, its special demands, and its most these special demands, and its array of child welfare workers, who are giving time and talents to this work, the After School club cannot fail to be a blessing to all who share its benefits.

"The home council department seems of special value, because it reaches the individual mother and helps her solve her individual problem in child training. It is the individual mother, in her universality upon whom primarily develops the solution of racial problems, and what helps her helps all humanity.

"Hoping the After School club may reach and help every mother in America."

MARRIED AND UNMARRIED LADIES

Will Find Some Useful Advice in the Words of Mrs. Jay McGee of Stephenville

STEPHENVILLE, Tex.—"For nine years," says Mrs. Jay McGee, of this place, "I suffered from womanly troubles. I had terrible headaches and pains in my back, etc.

"My husband suggested Cardui to me, but I did not think anything would do me any good. "It seemed as if I would die. I suffered so! At last I consented to try Cardui, and it seemed to help me right away. I was interested and continued its use.

"The full treatment not only helped me, but it cured me. "It will do the same for all sick and suffering girls or women—both married and unmarried.

"I will always praise Cardui highly, for it has been the means of saving my life and giving me good health." Half a century of success, with thousands of cures, similar to the one described above, simply prove Cardui's real, scientific, medicinal merit.

Being purely vegetable, Cardui can be taken safely by young and old, and can do nothing but good. Its action is very gentle, and without any bad after effects.

Why not benefit by the experience of others? Try it, today.

MEN WORKING ON NEW HOTEL COME TO BLOWS

Participants Will Tell Judge Adams This Morning How It Happened. Was Misunderstanding.

S. I. Bean and Claude Goodlake, both of whom are at work on the construction of the new Lange-Green hotel at the corner of North Main and East College streets, came to blows yesterday morning as the result of a misunderstanding about some scaffolding work, it is said. Mr. Bean has the contract for placing the stone work in the new building while Mr. Goodlake is sub-foreman on the concrete construction and carpenter work. It is reported that Mr. Bean ordered that a scaffold be built for the use of his stone cutters, and that when the work was finished, he was not satisfied with it, as a result of which he complained to Mr. Goodlake in a manner that the latter did not stand for. The men came to blows, it is said, and both received ugly cuts across the face, rocks and fists having played an important part in the proceedings. As a result of the encounter, the stone cutters were taken off the job, although they will in all probability return to their tasks this morning, as it is the intention of the owners of the structure to push the work to completion. The affair will be aired out in police court this morning.
