Contagious Blood Poison, as the name indicates, is an fectious blood disease, of such intense nature that once the irus gets into the circulation, no portion of the body is free om its destructive force unless it is promptly checked.

It usually begins with a tiny sore or pimple as the only tward evidence of its presence. But in a short while its any symptoms begin to make their unwelcome appearance. e mouth and throat ulcerate, itching rashes appear the body, the hair comes out easily, brown splotches apar on the limbs, etc. So highly contagious is the disease at it is sometimes communicated from one person to another by the use of the

Each day sees our showing of Fall Suits increase. So many are received by each express that not even the strenuous buying of the past week has materially decreased the stock.

Many are the designs that have been selected for the new suits. Sailor collars, braided models in semi-tailored effects as well as the strictly mantailored styles tend to make our display most comprehensive.

Prices of the Junior Suits for girls, 13 to 17, range from \$10.50 to \$25.00.

Ladies' and misses' Suits are marked to sell at \$15.00 to \$45.00.
