

CHINESE IN THIS COUNTRY AGAINST PRESENT UPRISING

Believe That Reform is Needed But do Not Favor Resorting to Arms Now

BRAINS OF MOVEMENT IN THE UNITED STATES

Business Entirely Suspended in Hankow and People Attempting to Plunder

NEW YORK, Oct. 13.—News of the presence in this country of Dr. Sun Yat Sen, hailed as the president of a Utopian Chinese republic, to be born if the present revolution is successful, was announced in New York this afternoon by the publishers of the Chinese Reform News.

Against Movement "While we are in sympathy with anything that means reform in China," said Kwong Loy, interpreter for the publication, "we think Dr. Sun a demagogue and know the Chinese in this country are in accord with his plans."

Nor is Kang Yu Wal, the eminent Chinese scholar and reformer who has lived for years in exile under the British flag at Penang, straits settlement, in sympathy with Dr. Sun and the strife with which China is torn, according to prominent Chinese here.

TITANIC STRUGGLE BETWEEN GIANTS OF DIAMOND TODAY

New York and Philadelphia Will Open World's Championship Series At Polo Grounds This Afternoon. 60,000 Spectators Expected.

NEW YORK, Oct. 13.—With the stage set and the curtain about to be raised on the final act of a season of memorable baseball, the night before news of the series for the world's baseball championship between the Philadelphia Athletics and the New York Giants may be epitomized as follows:

Both teams are in New York ready for the first game. All of the forty-four eligible players are reported to be in fine fettle, with one exception, First Baseman McInnis, of Philadelphia, whose injured wrist, may keep him out of the game.

Pitchers were not chosen tonight, or, if they were, neither manager would divulge his choice. Tickets to the series, though still to be had, are mainly in the hands of speculators who are charging exorbitant prices.

Vague charges were made of mail robbery in connection with the ticket scandal. There is room at the Polo grounds for nearly 60,000 people.

Lined at Gate Last Night. So determined were some that they formed in line at the grounds late this afternoon intending to eat and sleep at the gate until admitted tomorrow.

The gates will open at 8 o'clock in the morning and the police and hundreds of ground employees have been ordered to be on hand perhaps an hour earlier. The police look for trouble, as they have been ordered to arrest ticket scalpers.

The Line-up. The probable line up is: New York—Devore, 1f; Doyle, 2b; Snodgrass, cf; Murray, 3f; Merkle, 1b; Herzog, 3b; Fletcher, ss; Myers, c; Marouard or Mathewson, p. Philadelphia—Lord, 1f; Oldring, cf; Collins, 2b; Baker, 3b; Murphy, rf; McInnis, c; Davis, 1b; Barry, ss; Thomas, c; Bender or Coombs, p. Umpires—Choice of two from Klem and Brennan of the National League.

and Connolly and Dinneen of the American league. The twenty-two Philadelphia players picked as eligibles arrived in New York tonight. The party was headed by Manager Connie Mack, accompanied by the wives of a majority of the players and a few Philadelphia enthusiasts.

Will McInnis Play? All the men looked in the pink of condition and in but one exception did look belittled. The exception was "Stuffy" McInnis, the Athletics star first baseman. "Will McInnis play," was the question which arose for discussion as a small party of New York friends met the Philadelphia players when they stepped off their train at the Pennsylvania station shortly after 6 o'clock.

"Big Chief" Bender answered: "Stuffy" won't play; he can't with such a wrist as he's got." Krause and a number of his team mates said the same. McInnis himself did not know, but plainly showed some worry over his wrist which hasn't responded satisfactorily to treatment since it was injured three weeks ago.

Connie Mack was seen in a smiling mood after dinner with his men. "Will McInnis play?" Mack was asked.

"I can't say tonight, but it is doubtful."

Davis at First. In quarters close to the management it was stated tonight that Harry Davis, the veteran first baseman, would take his old position if McInnis was unable to play.

"Who will pitch?" the problem was as hard to solve tonight as the picking of tomorrow's winner. "There will be no night-before announcement," insisted Connie Mack. The Athletics came over from Philadelphia tonight in order to avoid the rush of the fans which is expected to tax the capacity of trains tomorrow.

"We will go into tomorrow's game as we have gone into games all through our league season," said one of the Philadelphia players, "simply resolved to play our best and win if we can."

McGraw Says "Victory" In the Giants' camp there was the same reticence as to which pitcher would be chosen. It depends on a

"The Game in the Window."

News Item: Every move in the world's championship baseball series which opens at New York today, will be shown almost instantaneously in The Citizen's windows by means of special telephone and telegraph arrangements. The first game will be called today at 2 p. m.

AFTER UNQUALIFIED SUCCESS, FIRST ANNUAL W. N. C. FAIR ENDS TONIGHT

Closing Day Will be Featured by Added Attractions—"Happy Jack" Taylor Will Make Three "Slides For Life," Another Lacrosse Game, Balloon Ascension at 5 p. m.—Management Gratified at First Effort.

- CLOSING DAY PROGRAM
11:30 A. M.—Indian dance and lacrosse game.
2:30 P. M.—Slide for life by "Happy Jack" Taylor.
5:00 P. M.—Balloon ascension.
7:00 P. M.—Slide for life.
7:30 P. M.—Concert.
8:00 P. M.—Fireworks.
9:00 P. M.—Slide for life.
9:00 A. M. to 11:00 P. M.—Midway attractions and fair exhibits.

Probably more children saw the exhibits at the Western North Carolina fair yesterday than at any other time which was due in all probability to the fact that the county schools granted a holiday yesterday in order that the pupils might view the offerings at the fair. It is believed that today's attendance will be large, too, in view of the fact that a large number of country people are expected to be in the city and the majority of them are expected to take in the fair. The Topperwell shooters attracted much attention yesterday afternoon and the exhibition was great. Many fancy shots were pulled off, but the one which caused most favorable talk, perhaps, was when a piece of zinc was shot at 180 times and the outline of the head of an Indian was made. Mr. Topperwell shot just as fast as he could pull the trigger. This exhibition was truly remarkable.

The slide of "Happy Jack" Taylor was not made last night on account of the fact that the lights at the fair grounds were burned out for about forty minutes. However it has been announced that he will make three slides this afternoon "to make up for lost time," the first of which will be pulled off at 3:30, the second at 7, the third at 9. The Indian war dance will be given this morning at 11:30, which will be followed by a lacrosse game and the band concert will be given this afternoon at 2 o'clock. The balloon ascension will be made today, without fail, if the weather permits. Mrs. Moore having signified her intention of ascending at 5 p. m. Yesterday's game of lacrosse was won by Oconaluftee by the score of 12 to 4. Women's Work Awards. In the department of women's work which is in charge of Mrs. S. E. Dilworth, the following awards were made yesterday: silk quilt, first

EXAMINATION OF FIRST TALESMAN NOT YET FINISHED

Magnitude of Issues Involved in Dynamiting Case Greatly Retards Progress. NUMEROUS PRECEDENTS BROUGHT INTO THE CASE. Every Point Stubbornly Contested and Jury May Not be Selected For Weeks.

LOS ANGELES, Cal., Oct. 13.—After two days of court sessions in the trial of James B. McNamara for the murder of Chas. J. Haggerty, a victim of the Los Angeles Times explosion on October 1, 1910, no far as had been selected even tentatively tonight and no decision has been reached as to the eligibility of the first talesman examined. Although court proceedings moved forward without interruption, the magnitude of issues involved in the examination of E. T. Nelson, the first talesman, made proceedings deliberate.

At sunset when court adjourned arguments on Nelson's status remained unfinished. A provision of the examination of the state differing somewhat from the examination of the United States section of the penal code regarding the qualifications of jurors and a contest over the meaning of the record of Nelson's examination combined to furnish points of contest which affect not alone the talesman under examination, but every prospective juror, and for this reason were stubbornly contested.

By chance one of the cases cited by Attorney Horton showing that the law regarding the eligibility of talesman was that of a juror in the trial of Abraham Reuf, now serving a four year sentence in San Quentin penitentiary for bribery in the so-called San Francisco graft case. Another case cited was the famous one of "Red Shirt" Gordon, who with a band of fellow convicts fought his way out of Folsom penitentiary in a sensational break for liberty.

Fair Trial Guaranteed. The examination of California guarantees a fair trial "for all parties in litigation," whereas that of the United States guarantees such rights to the defendant. The penal code of the state under an act of the legislature was intended, Horton declared, to enable intelligent men to serve on juries and all others may do so unless they are of a state of mind which will prevent acting with entire impartiality and without prejudice to the substantial rights of either party.

Of these two propositions, Attorney Gordon based argument contending that the rights of the state must be preserved as scrupulously as those of the defendant, and further that the criminal code made express provision for jury service for a man of Nelson's frame of mind.

Interrupted in a declaration that Nelson had declared he was without bias toward the defense, Attorney Horton remarked that if the record showed otherwise it was because the talesman had confused the defendant's own case with his expressed opinion that the Times building was blown up with dynamite. The record as read by Attorney Jos. Scott, of counsel for the defense, quoted Nelson as saying that he had an opinion concerning McNamara's guilt or innocence; that he had held such opinion for about four months, and that it would take strong evidence to dislodge it. Judge Bordwell announced that he would go over the record on this point.

Attorney Clarence S. Darrow, chief

FLOURISHED \$100 BILLS AND NOW UP TO HIM TO TELL WHERE HE GOT IT. Witness in Lorimer Investigation Stands Crossfire of Questions. LITTLE PROGRESS.

CHICAGO, Oct. 13.—William C. Blair, lawyer, former state representative and brother of Francis C. Blair, state superintendent of public instruction, was a target today for a fire of cross examination in the Lorimer investigation. Blair was charged with having exhibited \$1,500 in \$100 bills at a ball game in Centralia, Ill., shortly after the election of Lorimer and this charge was followed by this frequently repeated question: "Where did you get it?"

The witness had not answered this question to the satisfaction of the committee when the hearing was adjourned for the day and he will be recalled to the stand tomorrow. Meantime the committee ordered by telegraph from the state auditor and state treasurer a complete report of when and how Blair drew the sum of \$2,175, his salary from the state as a member of the legislature. With this report in hand, the committee will ask Blair to account for expenditures which it is alleged amounted to more than \$2,000 before the legislative session concluded.

OPPOSES TARIFF COMMISSION. COLUMBUS, O., Oct. 13.—Opposition to the national tariff commission was voiced at the Farmers' international congress here today in an address by Geo. M. Staple of Chicago, legislative agent for the Farmers' organization. He declared that it became apparent early in January that the tariff commission was nothing more than an assault upon the interests of the farmer "even before the alleged reciprocity pact was made public."

TROOPS BOUND FOR CHI-PEKING. Oct. 13.—Eight trainloads of troops started today from Pao-Ting-Fu, province of Chi-Li, for the affected district. The revolutionists have informed the consuls at Hankow that they will respect all treaties and loans and indemnities contracted by the Chinese government.

JUSTICE HARLAN OF U. S. SUPREME COURT SUFFERS FROM ACUTE BRONCHITIS. On Account of His Advanced Age Condition is Considered as Grave IS 78 YEARS OLD.

WASHINGTON, Oct. 13.—Associate Justice John Marshall Harlan of the Supreme court of the United States is suffering from an attack of acute bronchitis at his home in this city. Justice Harlan is 78 years of age and his condition is regarded as grave because of his advanced years.

Justice Harlan has been ill since last Monday when he contracted a severe cold. The following day he did not occupy his seat on the bench. Chief Justice White announced Monday that Justice Harlan was ill, though no alarm was felt. During that day Justice Harlan became more seriously affected and on Wednesday bronchitis developed. Today and tonight the patient had high fever, which, however, abated toward midnight. Its abatement permitted Justice Harlan to sink into restful slumber, whereupon, Misses Laura and Ruth Harlan and Interstate Commissioner James Harlan and John M. Harlan, Jr., of Chicago, daughters and sons of the Justice, who had been summoned to his bedside, gave up their vigil for the night. Some hope was given by this peaceful rest of the patient, though the attending physician said as he left the sick room that Justice Harlan was in very serious condition.

Dr. Richard C. Harlan, another son, is in Europe. He has been cabled regarding his father's critical illness and is expected to return by the first steamer.

WANT FOURTEEN-FOOT CHANNEL. CHICAGO, Oct. 13.—Following a day's enthusiastic session when sentiment of the delegates to the Lake-to-the-Gulf Deep Waterway association changed the slogan of the association from "fourteen feet through the valley and dig 'er deep through Dixie," to a demand for a deeper channel more than fourteen feet throughout all the length of the proposed water interest at the close of the day's shifted to the forthcoming report of the resolutions committee.

GREETINGS SENT FROM DUKE OF CONNAUGHT TO ECUMENICAL CONFERENCE. Power of Laymen in Church and Social Service Subjects Discussed. "WOMAN'S CLAIMS"

TORONTO, Ont., Oct. 13.—A telegram of greeting from the Duke of Connaught gratified the delegates attending today's sessions of the Ecumenical Methodist conference here. The message was sent shortly after the duke's arrival at Quebec and just before his installation as governor general of the dominion.

"On landing in Canada," it read, "I wish to send the ecumenical Methodist conference warmest greetings and hope you have had successful meetings."

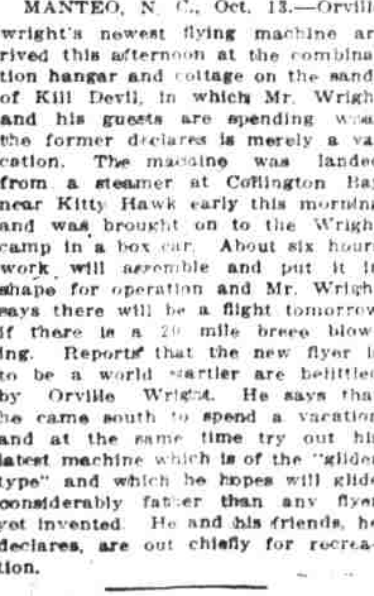

After the reading of the message the delegates rose and sang the national anthem, and a suitable communication of acknowledgement and greeting was sent. The power of the laymen in the church and social service and the world-wide helpful results to come from further extension of the so-called "laymen's movement," were subjects considered today. "Laymen are not merely conveniences to be drained of cash," said Norman T. C. Sargent, of London, England, a Wesleyan Methodist class leader and circuit steward. "The layman, moreover has a duty beyond the giving of funds. The expenditure of time and personality is essential."

As viewed by Prof. A. G. Atkins, of the African M. E. church, "the evolution of Christianity has been, since the reformation, a shifting center of influence in the priesthood to the people. Every movement onward and upward has been a sort of laymen's movement. This movement has rediscovered the laity in the work of the church and has enlisted men in the work previously done largely by women."

In a paper on "Woman's Claims and Responsibilities," Mrs. Jos. Johnson, of London, England, said that the equality of the sexes was a Biblical teaching which she assumed all members of the conference recognized. "A the enana," spiritual wind is blowing on the world of women," she continued. "In the east it is lifting the curtains of the harem and opening the doors of

NEWEST WRIGHT MACHINE IS READY FOR BUSINESS. Orville Wright Belittles Rumor That Machine is World Startler.

MANTEO, N. C., Oct. 13.—Orville Wright's newest flying machine arrived this afternoon at the combination hangar and cottage on the sands of Kill Devil, in which Mr. Wright and his guests are spending what the former declares is merely a vacation. The machine was landed from a steamer at Collington Bay near Kitty Hawk early this morning and was brought on to the Wright camp in a box car. About six hours work will assemble and put it in shape for operation and Mr. Wright says there is a light breeze blowing. Reports that the new flyer is to be a world startler are belittled by Orville Wright. He says that he came south to spend a vacation and at the same time try out his latest machine which is of the "glider type" and which he hopes will elude considerably faster than any flyer yet invented. He and his friends, he declares, are out chiefly for recreation.

WASHINGTON, Oct. 13.—Forecast: North Carolina: fair Saturday and Sunday, except rain Sunday night or Sunday in extreme west portion. Light to moderate northeast to east winds on the coast.

AUTHOR'S WIFE GRANTED INTERLOCUTORY DECREE. Geo. Randolph Chester, Wallingford Creator, in Domestic Trouble.

NEW YORK, Oct. 13.—Elizabeth M. Chester, wife of George Randolph Chester, famous as the creator of "Get-Rich-Quick Wallingford," has been granted an interlocutory decree of divorce. This fact became known today when Justice Delaney approved the report of Herman Heydt, the referee.

While it has been known for some time that the Chesters were not living together, the facts of the divorce proceedings were shrouded by the referee's trial. In order to keep the case out of open court the author even stipulated the amount of alimony he was willing to pay without contest. She accepted the offer, and until the case was on trial drew the royalties from the "Get-Rich-Quick Wallingford" play that George Cohan dramatized from Chester's stories. The Chesters were married in Davenport, Iowa, in July, 1895, and have two children. The eldest boy, George Randolph Chester, Jr., is fourteen and the youngest boy, Robert Fay Chester, is seven. The children are in the custody of their mother. When the Chesters first came to New York they resided at the Van Cortlandt hotel. They continued to live there until the separation last January. Then the wife went to the Hotel Alhambra. She claimed her husband continued to maintain an apartment at the Gainsboro until about the middle of last June. A maid, who was employed by him there testified that he and a young woman occupied the apartment. Mr. Chester stipulated to pay his wife \$1,000 a year and \$2,400 for the support and education of the boys until they are twenty-five years old.

COL. O. H. P. CORNELL DEAD. CHARLOTTE, N. C., Oct. 13.—

Col. O. H. P. Cornell, son of the founder of Cornell University, and brother of former Governor A. B. Cornell, of New York, died at his home in Winston-Salem this morning at the age of 69, from uraemia, the end coming suddenly. Colonel Cornell was chief engineer of the new South Bound railroad from Winston to Wadesboro, which has just been completed. He is survived by a widow and seven children. The remains will be taken to Albany, N. Y., for interment. His distinguished father was a partner with Moras in the invention and construction of the first

WEBSTER'S NEW STANDARD (ILLUSTRATED) DICTIONARY COUPON. OCT. 14, 1911. SIX COUPONS OF CONSECUTIVE DATES CONSTITUTE A SET. Cut out the above coupon, with five others of consecutive dates, and present them at this office, with the expense books amount herein set opposite any style of Dictionary selected (which covers the limits of the cost of packing, express from the factory, checking, clerk hire and other necessary EXPENSES), and receive your choice of these three books: The \$4.00 WEBSTER'S New Standard Dictionary Illustrated (The illustration in advertisement elsewhere in this issue is bound in full Limp Leather, flexible, stamped in gold on back and sides, printed on Bible paper, with red edges and corners rounded; beautiful, strong, durable. Besides the general contents as described elsewhere there are maps and over 600 subjects beautifully illustrated by three-color plates, numerous subjects by monochrome, 16 pages of valuable charts in two colors, and the late United States Census. Present at this office six consecutive Dictionary coupons and the \$98c. The \$3.00 WEBSTER'S New Standard Dictionary Illustrated with square corners and the \$1c. The \$2.00 WEBSTER'S New Standard Dictionary Illustrated with square corners and the \$48c. Any Book by Mail, 25c Extra for Postage.
