CHARLEY GANO MONOLOGUE COMEDIAN

CHARLEY GANO, PRINCIPAL COMEDIAN WITH COBURN'S GREATER MINSTRELS THIS AFTERNOON AND TONIGHT

Coburn's Greater Minstrels Charley Gano, principal comedian with Coburn's Greater Minstrels at tonight's performance...

Gano as well as Manager Coburn are of comfortable size and girth, in fact could easily enter in the fat men's club without question.

While parading in a neighboring city, a young lady standing with friends who knew "Cobe" sang the refrain of him, "Nobody Loves a Fat Man."

Embarrassed but game, the minstrel sang back, "None of the Fat Men Care," which evened matters temporarily, but furnished material for continuous kidding among the company ever since, and "Cobe" is now on the Fat Man subject.

"Carley" Gano, new to the south is a comedian who appeals immediately to that class of people who enjoy the performance of an entertainer of artistic and refined mannerisms.

He does not resort to coarse or objectionable comedy to secure a laugh from his audience. Comedians who possess these characteristics (like Gano) and who are really funny, are unfortunately few and far between.

Gano is one of the few, and is a finished performer, versatile to a degree and a gentleman.

Tickets for both matinee and night performance on sale at Whitelocks.

"Graustark" Geo. D. Baker's adaptation of Grace Hayward's dramatization of George Barr McCutcheon's novel, "Graustark," is to be the attraction at the Auditorium tomorrow night.

The theme of "Graustark" is as well known as any of the novels of recent years, and the play follows closely Mr. McCutcheon's book, for stage purposes.

The dramatization is along romantic lines, and there are numerous climaxes and situations, made more effective by presentation on the stage.

The play is well constructed and acted with a dash and spirit looked for in all first-class productions.

The locale of the play lends itself to beautiful scenic environments, all heightened by the costuming of the characters in the national dress of the country.

The company presenting the play is an adequate one, all the members of same having been highly commended for their individual and ensemble efforts.

Seats are selling at Whitelocks' The Manhattan Opera Company Just a passing review of the Manhattan Opera Company, which comes to the Auditorium in an entirely new

ORGANIZATION WILL BE PERFECTED TODAY

DIRECTORS AND OFFICIALS OF W. N. C. BOOSTERS MEET.

Constitution and By-Laws Will Be Arranged and Organization Made Permanent.

The executive committee of the temporary organization which was formed in this city on the morning of October 24, which has as its object the uniting of the western part of North Carolina as a section, will meet this morning in the rooms of drawing up by-laws, and arranging a constitution and a plan for a permanent organization, which will be submitted at an early meeting of the directors which will be held at Hendersonville, with the object in view of making the organization permanent and getting the work of boosting the "land of the south" started.

The executive committee is composed of M. L. Shipman, of Hendersonville; George S. Powell, of this city; George L. McKay, of Rutherfordton; B. J. Sloan, of Waynesville; J. B. Wilson, of Frevard, and the officers of the association, who are as follows: president, W. E. Breese, Jr., of Frevard; first vice-president, Passenger Traffic Manager of the Southern S. H. Harwick, of Washington City; second vice-president, W. A. Smith, of Hendersonville; secretary, Frank W. Miller, of Waynesville; treasurer, H. W. Sumner, of this city. It is expected that today's meeting will be attended by all of the members of the committee and the plans which they will adopt will doubtless prove interesting as their recommendations to the board of directors will in all probability be adopted when the latter meets in Hendersonville at the date which will be named by the executive committee this morning.

While it is not known just yet what their plans will be, it is supposed that the members of the executive committee will make recommendations to the directors and will present a definite way in which the many advantages of western North Carolina may be boosted to the best advantage and in the most judicious manner. A central office will probably be designated in the form of organization and steps will be taken to insure each part of the section receiving a full share of the benefits to be derived from the organization. The name of the association which will boost the "land of the sky" will also be designated and details of a minor nature will be gone into carefully.

The idea of advertising this section of the state in a co-operative manner had its beginning in the Asheville board of trade, which tendered a banquet to the people of the other cities and towns of the section at the Battery Park hotel. At that time the principal address was made by President W. W. Finley, of the Southern Railway company, who assured the promoters of the organization of the support of the railroad which he represents. Speeches were also made by many of the representatives of the western North Carolina towns, all of whom were enthusiastic and who expressed the hope that the organization would be formed.

Later, a meeting was held in the board of trade rooms, a temporary organization was formed and officers were elected. Already good results have been felt and it is believed that when the association is permanently organized and is placed on a working basis, the results which will be derived from it will be manifold.

Today's meeting will doubtless be a most interesting one and the action which is taken by the executive committee will be eagerly watched by the people of the entire western part of North Carolina.

Good football game at Riverside today 3:30.

NO COLOR LINE IN ALLEGED DICE GAME

Six Arrested, Four Colored, and Two White, Charged with Shooting the Bones.

There was no color line drawn in a little game which it is alleged was pulled off yesterday afternoon in the stables of Cathey and Wells, on College street, and in which a part was taken in by the following employees at the stables, who were arrested: C. A. Rodgers, Fred Donley, colored; Will Morrison, colored; John Banks, colored; C. F. Thompson, colored; Walter Bruce.

It is said that the young sports were winning and losing at a fast gait when such signals as "Come even, come eleven," "Come Phoebe," "Drop right you big bullies" and others of a like nature fell upon the ears of the policemen who were on duty near the stables. They quietly made their entrance to the improvised game room, the tables of which it is said were in the nature of the bottom of wagon beds, and when a policeman's uniform appeared upon the scene, it is reported no one had the nerve to pitch the bones again.

Judge Adams will be called upon in police court this morning to inform the alleged gamblers just exactly how they came out on the game until which time, those who are said to have rolled the dice will be unable to check their accounts with any degree of certainty.

Don't fail to see game Bingham-Georgia teams today.

A few Japanese women who have traveled abroad have adopted corsets, and it is possible that more of them will do so as occidental customs increase, but the prospects of an export large gain in the trade of this article are not bright.

The Peevish Child Needs a Laxative

It is natural for a child to laugh and play and when it sulks drowsily or cries you may depend on it something physical is the matter. If you see no evidences of a serious ailment you will not be wrong if you quietly give it a dose of mild laxative that evening on putting it to bed.

The remedy most generally recommended for this purpose is Dr. Caldwell's Syrup Pepsin, which mothers throughout the country have been giving their children for a quarter of a century. Today thousands of families are using it where hundreds used it then, and there must be good reason for this word of mouth recommendation.

It is admittedly the perfect laxative for children, women, old people and all others who need a gentle bowel stimulant and not a violent salt, cathartic pill or doctored water. Dr. Caldwell's Syrup Pepsin will act gently, and when taken before retiring will bring complete satisfaction in the morning.

After a short use of this remedy all forms of outside aid can be dispensed with and nature will again act alone. All classes of good American people keep it in the home for ill of the stomach, liver and bowels, and among the thousands who have written the doctor that they will never be without it are Mrs. J. W. Brooks, Durham, N. C., and Mrs. C. M. Branch, Apex, N. C. A dose of it has saved many a person from a serious illness. Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 408 Washington St., Monticello, Ill. Your name and address on a postal card will do.

Double the Value of Your Operator's Services

The employer who considers his employes as well as himself will secure a better day's work.

The light key action—an exclusive Monarch feature—so lightens the operator's labor that she turns out a greater volume of work, proportionately increasing the value of her services.

The thoughtful employer must appreciate

Monarch Light Touch

Send for Monarch literature—it thoroughly explains Monarch construction. Try the Monarch; you will at once learn that its superiority actually rests in the machine itself, not merely in what we say about it.

MONTHLY PAYMENTS

Monarch machines may be purchased on the Monthly Payment Plan. A post card will bring full information.
