HIGH SCHOOL GRADUATES DEFICIENT IN MANY LINES ONE SPEAKER DECLARED

Latin, Mathematics and English not Given Sufficient Attention

MEETING OF U. D. C.

RICHMOND, Va., Nov. 10.—In reporting for the committee on educational reform to the United Daughters of the Confederacy today, Miss Mary Poppenheim, of South Carolina, declared that high school graduates in the south are so deficient in Latin, mathematics and English that they experience difficulty in being admitted to class "A" colleges.

There was much applause when Mrs. Alexander White, of Tennessee, director of the Shiloh association, announced that the movement to erect a monument to Confederate soldiers who fell at the battle of Shiloh is rapidly approaching realization.

HISTORIC NANKING NOW SHAMBLES OF MANCHU BUTCHER

Such a Scene of Fire, Rapine, Desolation and Butchery Unrecorded in Modern History—Horror of Massacre Beyond Description.

NANKING, Nov. 10.—Historic Nanking this evening is the shambles of the Manchu butcher. The sun set upon a scene of fire, rapine, desolation and butchery unrecorded in modern history. Tonight 12,000 Manchus and imperial old-style soldiers hold Purple Hill, where they are entrenched while from beneath their stronghold they are driving before them hordes of Chinese out of the city.

FUNERAL EXPENSES OF AVERAGE R. R. EMPLOYEE SUBJECT OF COLLOQUY

Compensation to Injured Employees Stated as 1 Per Cent of Payroll

NUMBER EMPLOYED

WASHINGTON, Nov. 10.—The proper funeral expenses of the average railroad employee formed the subject of a brief colloquy today between Frank V. Whiting, claims attorney for the New York Central railroad, and D. L. Cease, special representative of the Railroad Employees on the employers' liability and workmen's compensation commission.

Mr. Whiting was engaged in the presentation to the commission of some of the details which he thought should enter into the proposed legislation for the insurance of railroad men against accident, and, in case of death, incidentally mentioned \$100 as a proper allowance for the cost of a funeral. Mr. Cease took immediate issue with him, saying that he did not believe that a man could be buried for less than \$125 or \$150.

Mr. Whiting gave the present total expenditures of the railroads of the United States as compensation to injured employees as almost \$12,000,000 or about 1 per cent of the aggregate payroll of the roads. He placed the number of railroad employees at 1,848,923, of which number, he said, 2,502 had been killed and 125,029 injured during the past fiscal year.

Charles A. Emary, counsel for the National Association of Manufacturers, said that 4,000,000 men were employed in the various manufacturing industries of the United States and urged that they be included in the proposed law.

men and children. The aged, the young babes in arms, were shown no mercy. Thousands of Chinese poured from the gates until at noon today it was estimated that fully 70,000 persons had escaped. Before nightfall 20,000 more, representing every class, the merchants, the gentry and coolies had gotten away.

Children Stabbed. The correspondent of the Associated Press saw several women executed and their children stabbed and trampled under foot. The order appeared to be that any one wearing anything white which suggested the white badges worn by the reformers must be killed forthwith.

The horror of the massacre cannot be described. An attempt tonight to estimate the number of innocent people and non-combatants would be futile.

The Chinese found wearing foreign clothing immediately fell a victim of his advanced taste, but foreigners were not molested. Their protests against the massacres, however, were disregarded and even laughed at. The correspondents of the Associated Press worked throughout the day within the outer walls of the city eight miles from the telegraph station with which they communicated and which they were permitted access through the courtesy of the railway officials.

TWO MORE DYING UNDER MRS. VERMILYA'S ROOF HAD POISON IN VISCERA

Woman Too Ill From Attempt at Suicide to be Told of New Evidence

HAS HEART DISEASE

CHICAGO, Nov. 10.—Poison found in the viscera of two more of the ten persons who had died mysteriously beneath the roof of Mrs. Louise Vermilya made more than tangible today the suspicions and accusations made against the woman. At the county jail hospital, where she lies ill from attempts to take her own life, she was not informed of the new evidence the police will bring to bear in charging her with murder.

Toxicologist Walter Haines today communicated his report to the coroner's office. The finding was that arsenic was present in large quantities in the viscera of Conductor Richard T. Smith, and of Frank Brinkamp, the latter being Mrs. Vermilya's son. These two bodies were exhumed after poison had been found in the remains of Policeman Arthur V. Bissonette, the last of the ten to die when relatives and friends told the coroner the circumstances of their deaths were similar to those of Bissonette.

In the case of Frank Brinkamp, Mrs. Vermilya's favorite son, the fiancée of the boy induced an investigation of the possibility of his having partaken of the "pepper boy" poison. The coroner announced he would ask the state's attorney to request an indictment charging Mrs. Vermilya with having criminal knowledge of the causes of death of Brinkamp and Smith.

Mrs. Vermilya was near death during the day. She is suffering of valvular heart disease. AERONAUT FATALLY INJURED. PERKINS, Okla., Nov. 10.—Samuel Heller, an aeronaut, after clinging to the broken cross bar of his parachute in a drop of more than 2,000 feet lost his hold when within 200 feet of the ground and was fatally injured near Perkins yesterday afternoon. The bar snapped as a result of the jar when Heller cut loose from his balloon.

HIGHER STANDARD FOR MINISTRY URGED AT METHODIST CONFERENCE

Report Made at Western North Carolina Conference Shows 784 Sunday Schools With Nearly 75,000 Students—Probability That Number of Districts Will be Raised to Ten—Big Financial Saving.

STATESVILLE, N. C., Nov. 10.—

At the opening of today's session of the Western North Carolina conference, Dr. M. Dickey, missionary to Brazil, presided. A deep sense of responsibility fell upon the conference, as with the outpourings of a great heart, the missionary led the prayers in behalf of all workers in foreign lands.

Rev. J. L. Cunningham, secretary of the board of education, who was elected to that position at Asheville in 1910, called attention to the fact that the Western North Carolina conference pays less money into the treasury of the board than the total amount of the appropriations to the schools of the conference. The correspondence school of Vanderbilt university is under the special care of this board, and it is designed to assist undergraduates in the conference course of study.

The twelve young men who are seeking admission to the conference on trial are: J. W. Combs, W. E. Davis, C. E. Dupont, A. C. Gibbs, F. A. Hawley, J. A. Holmes, J. E. McSwain, J. A. Marr, J. W. Purtt, W. H. Shelton, W. E. West, G. W. Williams, J. R. Betts asks for re-admission.

CONFERENCE NOTES.

Rev. W. H. Willis, who has just completed the full four years' service on the Waynesville district, will be transferred to other fields in this session of conference. In the four years in which he has spent in his charge, the membership has increased about 400, the conference collections about 50 per cent and the pastor's salary about 50 per cent.

When F. L. Townsend's name was called, the presiding elder answered: "Nothing against him." The bishop replied: "Nothing against his wife either. She has written a very interesting book: 'Among the Nantahalas' and some excellent articles for the 'Quarterly Review' that are 'up to the notch'.

Z. Paris, who has been at North Wilkesboro for four years, was called and the bishop said: "It is an uncommon Methodist preacher who stays at a place four years and has nothing against him. It is a Methodist custom to shoot the captain when the ship springs a leak." Continuing, he said: "To drop a name from the church roll because a person has moved from the neighborhood and whose whereabouts are known to the officials of the church is misadministration."

SYNODS MEET JOINTLY AT RICHMOND IN 1912

Will be Celebration of Centennial of Union Seminary at Richmond

CHARLOTTE, N. C., Nov. 10.—Dispatching with precision business that it was presumed would have carried the sessions of the Presbyterian synod of North Carolina through Saturday, the program was completed late this afternoon and the body adjourned sine die, with this as the record meeting in point of attendance. The most complete action was the decision to divide the synod into ten instead of eight presbyteries, as at present and the appointment of a committee to make the division. This step was rendered necessary by the great growth of the church in the state. The day was largely occupied with reports of committees and the filling of vacancies in the various boards over which the synod has jurisdiction. The synod voted to meet jointly the third Tuesday in October, 1912, with the synod of Virginia in the celebration of the centennial of Union seminary at Richmond.

ANOTHER CHICAGO WOMAN CHARGED WITH MURDERS

Three Husbands Have Died Under Unusually Mysterious Circumstances

CHICAGO, Nov. 10.—Mrs. Jane Quinn was held charged with murder in connection with the death of her husband, John M. Quinn, by a coroner's jury today. Quinn was found dead in bed November 2, with a bullet wound in his body and Mrs. Quinn declared that he had been killed by burglars. The coroner's jury deliberated less than four hours before returning its verdict. Mrs. Quinn listened to the verdict without exhibiting the least sign of emotion. The Chicago police will continue their investigation into the mysterious death of Mrs. Quinn's two former husbands, John McDonald, whom she married in London, Ont., October 23, 1883, and Warren Thorpe, whom she married at Bass Lake, Mich., in October, 1901. McDonald is reported to have died of alcoholic poisoning September 23, 1901. Thorpe was found shot to death in his home at Jackson, Mich., under circumstances similar to those attending the shooting of Quinn. Mrs. Quinn and her daughter by a former marriage were detained after Thorpe's death but were released because of insufficient evidence.

DETERMINED TO HAVE NEGRO.

MEYERSDALE, Pa., Nov. 10.—Hundreds of enraged citizens surrounded the borough jail here tonight threatening to lynch Isiah Dorman, aged 22, a negro, who is alleged to have attacked Ethel Morgan, a white child 9 years old, last night. After making two attempts to get the negro to the county jail at Somerset, Pa., the authorities were compelled to rush the prisoner back to the borough jail. At each attempt the mob intercepted them, and almost secured possession of the negro. At 4:30 they decided to barricade the jail and try to keep off the mob until reinforced.

\$5,000 IS SAID TO HAVE BEEN PAID FOR ONE VOTE

Witness in Lorimer Investigation Had Heard Tales to This Effect

CHICAGO, Nov. 10.—Stories alleged to have been current at Springfield that Emanuel A. Abrams, a member of the legislature referred to as the "bell wether" of the election of United States Senator William Lorimer, had refused to vote for Lorimer for \$2,500 but had done so when given \$5,000, were related before the senatorial investigating committee today. Frederick E. Sterling, editor of a newspaper at Rockford, Ill., testified that prior to the election in May, 1909, he had had several conversations with James H. Corcoran, a former democratic legislator. Corcoran then testified he remembered conversations with Sterling, but he could not recall having made the exact statements attributed to him. He said he had heard of a report that Abrams, a democrat, had refused to "break the ice" in voting for Lorimer until was paid \$5,000, but he regarded it as a joke and he did not know that he had repeated it to Sterling.

THRONE ACTIVELY ENGAGED TRYING TO END REBELLION

All Quiet Within Peking and Tien-Tsin and Hope Has Not Been Given up WOULD PROTECT RULER IF STILL REIGNING If he Has Abdicated Chinese Generals Would Side With the Peace Party

PEKING, Nov. 10.—Again today all was quiet within the capital and at Tien Tsin and there was no sign of the revolutionary upheaval that has been expected for several days.

In Peking those who surround the throne are actively engaged in efforts to end the rebellion and tonight there seems foundation for the government's hope that it will be able to regain the allegiance of General Chang Shu Tsch. Chang is commander of the army division at Lanchow, but at present is detached from it on "sick leave." He contrasts the situation in North China and the government has been using every endeavor to gain his support. It desires Chang to return to Peking and confer with Yuan Shi Kai and Hsi Kiang, the victors of Manchuria. That Chang possibly may do so is indicated in advice received today from London. A correspondent interviewed Chang and Gen. Pan, the latter temporarily in command of the twentieth division during Chang's "illness." Both generals, it is said, agreed that they would protect the emperor, if he is still reigning, or if he has abdicated that they would side with the peace party and the constitution.

Regardless of race, they state, if the Manchus should massacre the Chinese of vice versa, they would fight against the offending party. "Court Will Move" An official announcement tonight says the court, meaning the dowager empress and emperor, will move from the winter palace to the summer palace November 17 and orders all officials on duty to attire themselves in winter garments. An imperial edict again pathetically begs the Manchus and Chinese to sing their differences and live in brotherly affection. The Chinese newspapers say General Li Yuan-Heng, leader of the revolutionists has made a counter proposition to Yuan Shi Kai to join the rebels and assume temporary presidency of the republic pending the assembling of parliament.

FIERCE RIOTING MARKS STRIKE OF DRIVERS OF ASH AND GARBAGE CARTS

One Man Killed, Another Probably Mortally Hurt and Scores Injured MANY WOMEN IN IT

NEW YORK, Nov. 10.—Fierce rioting in which one man received injuries that caused his death, another was probably mortally hurt, scores of others injured, and the police practically held at bay, marked the strike of drivers of ash and garbage carts here today. In half a dozen clashes between the police and strikers and their sympathizers the rioters only dispersed under threat of revolvers drawn by the police. Night brought the first trace in hostilities when all the drivers were withdrawn and efforts to make collections were abandoned. Owing to the violence practically no headway was made in the removal of ashes and garbage and conditions in the city, especially in the congested districts are becoming serious. Unless relief is afforded soon it is predicted the board of health will be compelled to act. Today's disorders were marked by the participation of many women sympathizers of the strikers. The most serious rioting took place in Harlem. In an attack there upon strike-breakers Robert Meader, a driver was struck on the head by a brick hurled from a roof and received injuries that caused his death. Henry Wilson, another strike-breaker, received what are believed to be mortal injuries when he was attacked by rioters. The grievance of the drivers is the single one that the city is compelling the collection of garbage at night. The strike was inaugurated to enforce the demand for a return to day collections. Mayor Gaynor has taken a strong stand against yielding to the men and refuses to recognize the walkout as a strike.
