

HOUSE DEMOCRATS SEND THREE BILLS BACK UPON SENATE

Wool and Sugar Tariff Revision and Excise Tax Bills Sent Back

DEMOCRATS WORK LIKE MACHINE

Ask no Conference and Put Bills Squarely up to the Senate

WASHINGTON, July 30.—With machine-like precision, the democratic house today forced over all opposition three tariff measures back upon the senate.

The senate tonight was in a quandary as to the program it would adopt in further consideration of the three bills.

Senate democrats, enjoying the republican disagreement, will seek to take advantage of it. Some concerted plan of action probably will be adopted tomorrow morning when the senate democrats caucus on the wool measure.

The wool tariff revision bill was the first taken up in the house today. There was virtually no debate, except a statement by Majority Leader Underwood and a short reply by Representative Payne.

WILL RECOMMEND ENFORCEMENT OF MONROE DOCTRINE

Senate Will Be Asked to Pass Resolution Against Foreign Acquisitions

NO FOREIGN COUNTRY CAN HAVE NAVAL BASE

Investigation Started by Report That Japanese Syndicate Was Buying Land

WASHINGTON, July 30.—The vigor of the terms that the senate shall use in declaring that no foreign country shall establish naval base at Magdalena Bay or at any other point on the American continent, will be the subject of consideration tomorrow by the foreign affairs committee of the senate.

Within a day or two, it is believed, the senate will be called upon to pass a resolution stating in unequivocal terms that the Monroe doctrine requires that no foreign power be permitted to secure a military or naval foothold in the western hemisphere.

Senator Lodge, as chairman of the sub-committee that investigated the rumors of a Japanese purchase of three million acres of land on Magdalena Bay, will make a formal report tomorrow to the foreign affairs committee, recommending that the United States reaffirm the policy known as the Monroe doctrine, in terms that cannot be misunderstood by any foreign power.

The senate investigation began as the result of the report that a private Japanese fishing syndicate was attempting to control a vast tract about the southern California Bay, long regarded as the best naval base on the Pacific coast.

The sub-committee consists of Senators Lodge, Root, Sutherland, Rayner, and Hitchcock. Senator Root, it is understood, has not agreed fully to the broad resolution the committee desires to adopt.

MUTSUHITO LIES IN STATE UNTIL ABOUT SEPTEMBER

New Era Commences in Land of the Rising Sun, Following Death

IMMEDIATE FAMILY GUARDS THE DEAD

Body Will Be Buried About September 1—Will Lie in State Until Then

TOKYO, July 30.—The era of taisei—"great righteousness"—has commenced. The era of Meiji—"intelligent administration"—closed with the accession of Yoshihito. The death of the emperor, Mutsuhito, while causing widespread grief, has had small effect on normal conditions here.

A special chamber in the palace has been arranged for the reception of the coffin containing the body of the dead emperor. The coffin reposes on a raised dais, covered with a white cloth, in the center of this simply furnished apartment.

The emperor and empress, the dowager empress and the imperial princess and princesses formed the sole guard and kept 50 guns, ensuring the age of the dead emperor.

A company of imperial infantry surrounds the palace. Thousands of prominent personages called at the palace during the day. These included the entire diplomatic corps.

A salute of 21 guns for the new emperor will be fired tomorrow and the following day 59 guns, ensuring the age of the dead emperor.

The self-restraint and dignity of the entire people under a great sorrow and a sudden shock, involving perhaps a superlative change and certainly irreparable, was one of the most striking features of the first day of mourning.

POLICE GRAFTED MILLIONS FROM NEW YORK GAMBLERS ANNUALLY. STATEMENT OF 'BALD JACK' ROSE

Lieutenant Becker One of Four Officials Who Collected \$600,000 Each Every Year From the Gamblers for "Protection"—Men Who Shot Rosenthal Received \$2,000 for the Job.

NEW YORK, July 30.—Sworn statements tending to show that the annual graft collected by high police officials in New York city from gambling houses and other illegal resorts has amounted within the last year to \$2,400,000, are in the hands of District Attorney Whitman tonight.

Other Officials. Mr. Whitman, it was learned, had the names of the other police officials whom Rose has named and his further efforts in this most sensational "police exposure" that New York has ever seen, will be directed toward strengthening the evidence which points against them.

Retired on Becker. In regard to the murder itself Rose stated to Mr. Whitman that the reason why it was done so openly and that no effort was made to cover the number of the gray murder car as it drove up to the Hotel Metropole to "get" Rosenthal was that Becker was "relied upon for protection."

Five in Party. There were five men in the Rosenthal party, according to both Hickey and Walker. Hickey declared he was standing only three feet from the gambler when the assassins approached and began shooting. He felt sure he could identify at least one of the slayers.

afternoon fulfilled his promise to Rosa, Webber and Vallon, the three gamblers who confessed yesterday to have them transferred to another prison than the Tombs. They were taken from the criminal court building in a locked and heavily guarded prison van to the west side court prison. The gamblers told Mr. Whitman they were sure that the Tombs was "stool pigeons" and that they would be blackjacked if sent back there after making confessions.

The details of how Rosenthal was shot down were related officially to the press for the first time by two of his companions, who were eye-witnesses of the murder, in the trial of Patrolman William J. Fife before Deputy Commissioner Dillon.

ARIZONA AND CAROLINA SENATORS CONFER WITH GOV. WOODROW WILSON

Discuss Tariff Question and Both Advocate Gradual Reduction

NEGRO QUESTION

TRENTON, N. J., July 30.—Governor Wilson had a long conference at the state house today with Senators Mark Smith of Arizona and Ellison D. Smith of South Carolina, upon the tariff question and how he will deal with it in his speech of acceptance.

"There is a growing sentiment in my state and in the south generally," Senator Ellison D. Smith said, "for adequate tariff protection. In my opinion, the reduction should be gradual. High protection is now the law. We ought to give our friends who believe in it a chance to come back into the fold."

The South Carolinian said that he had told this to Governor Wilson and that he and his colleague had also discussed with the nominee the plan of the campaign generally and in their localities especially.

J. Taylor Elyson, formerly lieutenant-governor of Virginia, an old friend, took luncheon with Governor Wilson.

A delegation from the United Negro Democracy of New Jersey called on the governor and told him that men of their race wanted to support a candidate in sympathy with their aims and ambitions in life.

DRAINAGE ENGINEERS FILE SERIOUS CHARGES AGAINST THEIR CHIEF

Incompetency and Neglect of Duty Are Among the Charges Made

OTHER CHARGES

TALLAHASSEE, Fla., July 30.—Charges of incompetency and neglect of duty have been filed against Chief Drainage Engineer J. O. Wright by assistant engineers who have been in active charge of the work of draining the everglades. The full text of these charges has not been made public.

The Internal Improvements board, under whose jurisdiction the drainage of the everglades is conducted, has been investigating these charges in executive session for several days. No intimation of the nature of the proceedings was announced until today when a statement was issued which says that "all of the charges made against Mr. Wright have been heard in Mr. Wright's presence and that he has made answer. The trustees are making a thorough investigation and will advise the public when a conclusion has been reached."

The charges against Major Wright were preferred by First Assistant Engineer G. C. Pierce and R. F. Ensey, the engineers who made the survey for the drainage work. Both of these engineers have resigned.

REFUGEES AT EL PASO. EL PASO, July 30.—Ordered by General Salazar to leave Mexico, five hundred American women and children of colonists at Pearson, Casas Grandes, Colonia Doublin and Colonia Juarez, arrived at El Paso today and are being provided with homes. Five hundred more will get here later and more than two thousand others will come to the border as quickly as means for bringing them can be provided.

PROMINENT GEORGIAN ARRESTED ON CHARGE OF CONTEMPT OF COURT

Wrote Letter to Judge Calling "Venal and Corrupt Judge"

OUT ON BOND

MACON, Ga., July 30.—W. A. Huff, twice mayor of Macon, several times a member of the Georgia general assembly, at present water commissioner of the city and eighty-one years of age, was today arrested on a charge of contempt of court by an order of United States District Judge Emory E. Speer. He was held in a bond of \$1,000 to appear before Judge Speer tomorrow.

Colonel Huff's testate has been in bankruptcy for nearly thirteen years. He alleges that when he went into bankruptcy he was a wealthy man, with plenty to pay his creditors and still leave him a fortune.

He says that he now is penniless, that the estate has been eaten up in fees and still is in bankruptcy and that a bank in Macon for years has had \$34,000 of his money without paying interest on it.

Many aspersions on Judge Speer's public and private life were also made. This afternoon Judge Speer made it a matter of court record.

WEATHER. WASHINGTON, July 30.—Forecast: North Carolina—Local showers Wednesday and probably Thursday.

STATE'S EVIDENCE IN GRACE TRIAL IS CIRCUMSTANTIAL

Rely on Interview Between Mrs. Grace and Husband Night of Shooting

CLAIMS SHE ASKED WHY SHE WAS ACCUSED

At Same Time Had Not Had a Chance to Hear Accusations Since Shooting

ATLANTA, Ga., July 30.—Mrs. Daisy Ople Grace's greeting to her wounded husband at the hospital the night of her arrest, before she knew he accused her, was dwelt upon with great stress by the prosecution in the Grace trial today.

"What are these things they are saying about me," were the wife's first words as quoted by Morris Prieley, a state's witness, while the jury was excluded.

"Daisy, why did you shoot me?" was Grace's response.

Previously, Solicitor-General Dorsey, while the jury was excluded, had indicated how he hoped to secure the conviction of the accused, in the following words:

Circumstantial Evidence. "This is a case in which the state must rely entirely upon circumstantial evidence. We expect to show that Daisy Grace faced her husband and upbraided him for accusing her of the deed when not a living soul had intimated to her that she was suspected or accused of the crime."

From that time on, however, the defense successfully blocked every effort to the state to get the interview between husband and wife before the jury.

The prosecution attempted to prove that Mrs. Grace had no opportunity to learn of her husband's accusation between the time she was informed of the shooting at Newnan and her meeting with him here.

Grace's mother, Mrs. B. L. Hill, first testified that she was with Mrs. Grace all that time but admitted under cross-examination that she rode from the station to the hospital in another cab.

Morris Prieley, Grace's chauffeur, testified that Mrs. Grace learned nothing from him on route from the station.

He admitted that she talked to a number of persons in the reception room of the hospital although within his hearing. He added that she commenced to cry while in the reception room.

Witness Confused. Mrs. Hill was the most interesting witness of the day. She maintained her composure well and answered questions freely although she became confused several times under cross-examination. Through her, the state brought out the alleged motives, the collecting of a \$25,000 insurance policy, which Mrs. Hill testified Mrs. Grace had taken out at her request.

CONNECTICUT MOOSERS IN MASS CONVENTION CHOOSE 49 DELEGATES

Instruct for Lion Hunter and Decide to Nominate State Ticket

SEVEN VOTES

NEW HAVEN, Conn., July 30.—Believers in the progressive movement in politics from all over the state met in mass convention here this afternoon and chose 49 delegates to the Chicago convention of the progressive party.

Those delegates for Theodore Roosevelt for the presidency, decided to have the party legally enrolled as a political body in Connecticut bearing the name to be chosen at Chicago, voted that a state ticket should be placed in the field and adopted a platform in which equal suffrage was the noticeable plank, owing to a contest which developed over it.

As the delegation will have seven votes in the convention each delegate will have a seventh of a vote.

The delegation is instructed to support the short ballot, direct primaries, popular election of United States senators, the initiative, referendum and recall, an independent federal commission plan for regulating industrial corporations, a protective tariff which shall protect both industry and employe, while destroying monopolies which have increased the cost of living, a parcel post, woman's suffrage and a working men's compensation law.

The sensation of the session was the presentation of the following resolution:

"We demand that the consolidated railroad company recall from the position of chairman of the republican state central committee its chief lobbyist, Mr. Henry J. Roraback."

It was adopted with a cheer.

GRAND JURY MAY PROBE SCANDAL

DETROIT, July 30.—That a grand jury investigation of affairs in the city government will follow the recent graft exposures involving nine councilmen and one council clerk, was the opinion today of those closely connected with municipal affairs.

It is said that evidence which would warrant such an investigation was found when the safe of E. R. Schreier, council clerk, was opened. According to Assistant Prosecutor Jahnowski, the detectives found in the safe about fifty personal letters and several council roll calls which will have direct bearing on the present cases. The ten officials will be arraigned tomorrow and it is expected that the majority will plead not guilty to the charge of grafting, although several have confessed.

The accused men seem to have recovered their nerve completely, as all have filed petitions of candidacy and are planning to go before their constituents for re-election.
