FOREST COMMISSION WILL VISIT PISGAH

GOVERNMENT OFFICIALS LEAVE FOR ASHEVILLE TODAY.

Members of the Cabinet, Senator and Representatives Are in the Party. Inspect Forests.

For the purpose of inspecting the Pisgah forests to determine whether or not the famous timber lands of George W. Vanderbilt shall be purchased by the government and turned into a national reservation, as part of the scheme for the protection of the upper Atlantic coastal river, the Appalachian forest commission will arrive at Asheville tonight or tomorrow morning for a stay of three days. The party will include Secretary Houston, of the department of agriculture; Secretary Lane, of the interior department; Senator John Waller Smith, of Maryland; Representatives Hawley, of Oregon, and Lee, of Georgia; Chief Forester Graves, Assistant Forester W. L. Hall, and George Otis Smith, chief of the geological survey. Secretary Garrison, the president of the commission, will join the party at this city Saturday morning.

The members of the party will spend the greater part of their time here on the Pisgah property and will examine the timber lands of Mr. Vanderbilt. The tract comprises about 68,000 acres and for some time past the owner has been considering selling the property to the government. It recently was recommended for purchase by the forestry bureau and it is said that the trade probably will be closed within the very near future.

The lands have attracted much interest in the lumber world and the timber is considered very valuable. Foresters from all parts of the country have visited the property and have been greatly pleased with the stand of timber. At the recent meeting of the American Foresters' association, it was stated that the timber is among the most valuable in the United States and the visiting foresters spent a day on the reserve.

The members of the party which leaves Washington city this morning for Asheville will be taken to Pisgah in automobiles, and while they are here they will make a thorough investigation of the property.

MYSTERY SURROUNDS FINDING OF SKELETONS

House of Old Confederate Veteran Burned While He's at Reunion.

ATLANTA, May 28.—Mystery surrounds the finding by neighbors early today of two charred skeletons in the smoldering ashes of a house which had stood on the McDonough road, two miles from the federal prison, and which had been occupied by Mrs. Sarah C. Stevens, her son, 17 years old, and her adopted daughter, 15. The three were seen at the house about dusk Tuesday. It is reported, but no one has been found who saw the house burn during the night. Mrs. Stevens left Atlanta Tuesday for Chattanooga to attend the reunion of the United Confederate Veterans.

Near the two charred skeletons were found the metal portions of a shot gun, including the barrels and law. A local dentist declared one of the skeletons was that of Mrs. Stevens, basing his opinion upon the false teeth which still cling to the roof of the mouth. The other skeleton is believed by the authorities to be that of the daughter, as the bodies were found together, and it is said Mrs. Stevens and her daughter were accustomed to sleeping in the same room.

The authorities of DuKalb county, in which the house was located, are investigating the tragedy. The girl was taken in infancy from an orphanage.

Police are searching for the son, who has disappeared.

KOHN FILES ANSWER TO BRUNSWIG SUIT

Through his attorneys, Jones & Williams, Adolph Kohn, manager of the Dreamland theater, yesterday filed answer in superior court to the suit recently brought against him by Brunswig brothers, in which the latter ask for judgment for \$500 which they allege was paid Mr. Kohn as first payment on the Dreamland.

In the answer filed yesterday Mr. Kohn enters a general denial to most of the allegations in the complaint of the Brunswigs, admits receiving the \$500, but says that it was to bind the sale of the Dreamland for \$6,000 to Brunswig Brothers and Sparks, and that the latter failed to keep their part of the contract. He files a counter claim for \$1,000 and asks that the plaintiffs recover nothing on their suit, averring that he still stands ready to fulfill his part of the contract.

J. W. Phipps and Emie Phipps yesterday filed suit in superior court against Stanton and Hester Penland, seeking to recover land on the Brunswick road they allege is unlawfully held by the defendants.

Stephen Byers filed suit against John and Katie Hicks, seeking to recover a piece of land in Asheville.

REFERRED TO GRAND JURY.

WASHINGTON, May 28.—The Wasmaker customs case, it was definitely decided today, will be referred to the federal grand jury at Philadelphia, to determine whether there was any criminal liability in connection with importations of sample merchandise by the firm of John Wasmaker during the past fifteen years in which, through alleged irregular practices, the government did not receive full value.

ANOTHER GREAT CROWD HEARS CONSPIRACY CASE

Evidence Intended to Show Intimacy Between Wood and Atteaux.

BOSTON, May 28.—Another big crowd listened today to evidence introduced by District Attorney Feltler in support of the charge that William Wood, president of the American Woolen company, and Frederick E. Atteaux, a dye manufacturer, conspired with others to "plant" dynamite at Lawrence to cast suspicion upon striking textile operatives.

One of the many witnesses called was Max Mitchell, a banker of Boston, whose direct examination was apparently intended to show intimacy between Wood and Atteaux.

Several times during the trial the prosecutor had questioned witnesses concerning the whereabouts of Charles A. Hardy, an official of the American Woolen company, and Orville Reddig, formerly employed by Wood as a chauffeur, but without receiving any information. Today three police officers testified that they had been unable to serve a summons on Hardy requiring his attendance at the trial, and a Lawrence police inspector testified similarly regarding his efforts to locate Reddig.

The danger of the "plant" was illustrated in the testimony of Joseph Assad, a Syrian painter of Lawrence, in whose home some of the explosive was placed. Assad said that when he opened the package he thought the sticks might be some new form of paint. He tried to burn a stick and then smelted of the scorched portion. Later on he showed the stick to a person who told him it was dynamite. He intended taking it to the police station and hid it for safekeeping in his bedroom where it was later found by the police who arrested him.

COLOMBIA'S CLAIM.

WASHINGTON, May 28.—Colombia's claim for reparation on account of the separation of Panama was the subject of an hour's conference at the state department today between Minister Balanourt and Secretary Bryan. It was stated that this was merely preliminary to formal resumption of negotiations suspended last January owing to the decision of the Colombian government to appeal to the incoming Democratic administration.

It is understood it is the desire of both parties that the negotiations be resumed at Bogota, where they were initiated, as soon as a new American minister succeeds James Dubois, resigned.

equally positive as to Colonel Roosevelt's habits of sobriety.

Wrote Letters.

Memories of the Cuban campaign were brought to Colonel Roosevelt as he sat in the court room. A telegram was handed him from Hugh T. Herbert, of St. Paul, Minn., referring to a letter which the colonel wrote while in camp in Cuba to L. Outman, at Corsicana, Texas, about the use of whiskey among soldiers while on duty.

It is likely that Colonel Roosevelt's side of the case will be completed tomorrow. Among those still to take the stand are Clifford Pinhot, James T. Gasford, Reels H. Post, Lawrence Abbott, William Leob, Jr., W. E. Smith Roosevelt, a cousin of the colonel, and two secret service men who traveled with the colonel when he was president.

Announcement was made yesterday to the effect that the firms of M. V. Moore and company and H.
