YANKS BEAT SENATORS.
WASHINGTON, Sept. 8.—Caldwell was unhittable today and the New Yorkers shutout Washington, 4 to 0, on their last appearance here of the season. Three of Washington's recruits got into the game today. Spencer, an outfielder from Petersburg, Va., was in left field; Morley, an infielder from Hartford, Conn., played second, and Love from Atlanta, Ga., pitched the last inning, holding New York scoreless.

Score: R. H. E.
New York 000 001 000—4 2 1
Washington 000 000 000—0 0 1
Batteries: Caldwell and Sweeney; Shagl, Galia, Love and Henry, Time, 8 hours. Umpires, Egan and Connelly.

ASSOCIATION WILL HAVE STRONG TEAM

BASKETBALL TOSSERS WILL BEGIN TO PRACTICE SOON.

Young Men's Christian Association
Five Will Have Some Strong Talent—Some New Players.

With plans being completed for the launching of the Y. M. C. A. basketball league, the members of the varsity squad of that institution are beginning to pine for rapid-fire action on the court and by the latter part of the present month the tossers will be working at regular intervals on the gymnasium floor. The management of the association team hopes to put out a strong fighting machine this year and the supporters of the institution are pleased with the prospects for a good season. While several of the members of last year's team will not be here during the coming fall and winter, some unusually strong talent has been developed by the association league and it is expected that at least two of the men who played on the Class A teams last year will be in the running for positions on the varsity team this year. Besides the players who have been developed on the local court, the management of the team has received word to the effect that a few college men have moved to Asheville during the past summer and are desirous of working for places on the association five. Some of them are highly recommended and are the possessors of creditable records. It appears now that some fast performing is going to be seen on the local court when lid is pried from the basketball season.

During the latter part of the present month the performers will hold a meeting at the Y. M. C. A. for the selection of a captain and a manager. Following the choosing of these officials challenges will be sent to various teams and the management will put forth its very best efforts to give the local institution an attractive schedule and a five which will look after the interests of the Asheville association in good style.

THROUGH TRAINS WILL OPERATE BY THURSDAY

Norfolk Southern Rapidly Repairing Ravages of the Recent Storm.

NORFOLK, Va., Sept. 8.—That through trains will be running over the Norfolk Southern between Raleigh and Norfolk on Thursday night was the statement made today by C. H. Hix, president of the road. Mr. Hix has just returned from Washington, N. C., where traffic was cut off last Wednesday by the hurricane that swept the coast of North Carolina and Virginia. He said work on the demolished bridges over the Pamlico river and other streams was being rushed. Trains already are running between Washington and Norfolk.

President Hix estimated his company's loss at \$100,000, although the loss on account of suspension of through traffic could not be estimated. The property loss, he said, was small compared with the loss of business.

ITEMS OF INTEREST.

Cleveland will soon be in position to supply water to a population of two million.

In the first three months of 1913 machinery to the value of \$350,000 was imported into Rhodesia.

Dr. C. W. Fox, Roaring Springs, Pa., has a pet cat, seventeen years old, which is cutting its third set of teeth.

The Clifton suspension bridge, which originally stood at Charing Cross, London, was removed to Bristol in 1852.

The Panama canal lock gates are receiving a coating of marine paint that will average one-sixteenth of an inch thick.

A motor driven machine, operated by one man, has been invented to harvest sugar cane and deliver it ready for the mill.

In the palm of the hand there are 2,500 pores to the square inch. If these pores were united, end to end they would measure nearly five miles.

The common and familiar thread spun by the spider is so fine that 25,000 miles of it, enough to go round the world would weigh only eight ounces.

Judge Johnson is denouncing the administration for saying that armed intervention in Mexico is not a probability. However, a man who is whipped by his wife at least three times a week should keep still about intervention in Mexico — Atchison Globe.

A love letter urging his wife to flee to China, and written by a wealthy Chinese owner, is the first tangible clue to the death of a wealthy Chinese merchant found killed in his home recently.

Masked bandits held up a party of paymasters and deputy sheriffs in North Carolina, and secured a large amount of cash intended to pay the employees of a power plant construction company.

"It was enough to lose a dollar and a half in the game, without being arrested," said William Jerome in Coaticook, Canada, after he had been jailed for playing penny ante poker with newspaper reporters.

NATIONAL.

PHILLIES TAKE TWO.
BOSTON, Sept. 8.—Philadelphia moved doubly forward today in the race for the National league pennant winning both games of a double-header from Boston, the first by 13 to 0 and the second 5 to 2. The winning team made 40 hits for a total of 42 bases.

Score, first game:
Philadelphia 600 103 120—13 17 0
Boston 000 000 000—0 3 6
Batteries: Seaton and Killifer; Quinn, James and Whaling. Time, 1:52. Umpires, O'Day and Emsale.

Second game:
R. H. E.
Philadelphia 002 001 002—5 13 0
Boston 000 000 002—2 6 2
Batteries: Alexander and Doolin; Tyler and Whaling. Time, 1:40. Umpires, O'Day and Emsale.

THREE STRAIGHT.

CHICAGO, Sept. 8.—Chicago made it three straight from St. Louis today by winning 5 to 3. The game was a pitchers' battle between Perritt and Vaughan, the former Kansas City star, who made his Chicago debut as a National leaguer. Today's victory was Vaughan's third straight.

Score: R. H. E.
St. Louis 110 000 010—3 8 0
Chicago 000 100 40x—5 7 0
Batteries: Perritt and Wingo; Vaughan and Archer. Time 1:30. Umpires, Klem and Orh.

GIANTS WIN AGAIN.

NEW YORK, Sept. 8.—New York today made it three out of five from Brooklyn by winning the last game of the series 5 to 1.

Score: R. H. E.
Brooklyn 000 000 001—1 9 3
New York 001 020 50x—5 13 0
Batteries: Ragan and McCarthy; Heckinger; Marquard and Meyers, McLean. Time, 1:45. Umpires, Eason and Brennan.

EVEN BREAK.

CINCINNATI, Sept. 8.—Pittsburgh and Cincinnati broke even in a double-header today, the former winning the first game 15 to 3 and the latter the second, a six inning affair, 2 to 1. Wilson obtained four hits out of five times at bat in the first game.

Score, first game: R. H. E.
Pittsburgh 080 021 400—15 15 1
Cincinnati 000 000 002—2 7 2
Batteries: Adams and Simon; Ames, Packard, Harrington and Clarke, Blackburne. Time 1:56. Umpires Rigler and Quigley.

Second game: R. H. E.
Pittsburgh 100 000—1 6 1
Cincinnati 002 000—2 7 0
Batteries: Hendrix and Kelly; Suggs and Kling. Time 1:11. Umpires Rigler and Quigley.

VAUDEVILLE BILL AT THE MAJESTIC

"The Medoras," billed as a novelty act, and one of the best vaudeville acts ever seen in Asheville, is easily the feature of the four-act vaudeville bill at the Majestic this week. This clever pair open with a new variety of the old Punch and Judy show, substituting their own heads on the miniature bodies, and follow it with some clever rapid-fire sketching on canvas by the man, while the woman concludes the act with some clever shadows. A female baritone, Chester Bonner, the singer, who has evidently been shifted from the picture houses this week; the Lamar "stetters" and DuBarry and Leigh round out an acceptable show. The usual first-class motion pictures and special musical program by the Majestic orchestra complete the bill.

Some mischievous boys fastened a cow bell on the tender of the engine pulling the Vinegar Valley express the other night and the engineer ran by two stations thinking that he was still in Moses Kodd's pasture—Pleasant Valley items in Kansas City Star.

Allain Redou, of Havre, has invented a life preserver based on somewhat the same principle as that adopted in the water wings that children use. It consists of a shape as an ordinary vest, but equipped with inflatable rubber tubes.

Louisville factories consume 38 per cent. of the city's water supply.

In a certain school a teacher was giving her class reading. It came to a part about a woman drowning herself. The teacher asked a boy to read again. He began:
"She threw herself into the river. Her husband, horror stricken, rushed to the bank."
Quick and sharp came the answer "Please, Ma'am, to get the insurance money."

VIENNA, Sept. 8.—The newly appointed American ambassador to Austria, Frederick Courtland Penfield, arrived here today. He succeeds Richard C. Kerens.

Peru has passed a law to encourage irrigation projects in every possible way.

Pity the Unpainted House!

Would you go out in the pouring rain wearing your best clothes if you had no protection such as an umbrella or raincoat? Not if you could help it, you say.

Yet some people expose expensive material to the elements without adequate protection. The building material in your house is expensive and should be protected. Otherwise it will be ruined as surely as the fine clothes you wouldn't wish to wear out in the rain.

Dampness causes decay in wood-work. If you keep out the dampness you keep away decay. Paint made with

Lewis White Lead and Pure Linseed Oil

will keep away dampness and prevent decay. We sell it. Come in and have a talk with us about painting.

Dr. T. C. Smith.

SOUTHERN RAILWAY SEEKS INFORMATION

Will Prepare Report Dealing With Number of Visitors Entertained During the Summer.

In order that comparative statements may be prepared showing the increase of the tourist business this year over last year, members of the passenger traffic department of the Southern Railway company are calling upon local boarding house keepers and hotel proprietors with the request that they tell them how many guests were entertained during the months of June, July and August of this year. The railroad men are desirous of getting as much information as possible in order that their reports may be comprehensive and it is stated that the residents of this city are co-operating with them heartily. They desire only information regarding the number of visitors and are not asking for any other data from the people who entertain visitors during the summer months.

It is believed that the records which are being compiled now will show that Asheville has entertained more people during the past summer than at any other time in the history of this city.

RECORD COTTON CROP WAS GINNED BEFORE SEPT. 1

Census Bureau Shows Greatest Quantity Before Sept. 1 in History.

WASHINGTON, Sept. 8.—The greatest quantity of cotton ever ginned in the period prior to September 1 was reported by the census bureau today, when it was announced 794,006 bales of the growth of 1913 had been put out from the ginneries throughout the south since the beginning of the ginning season.

The heavy ginnings for this first period of the season are the result of an early maturing of the crop and of an effort of the farmers to beat the boll weevil, in the opinion of census bureau officials.

All states reported an increased ginning for the period over last year's total for that time with the exception of Texas and North Carolina. Last year to September 1 there had been ginned 5.4 per cent. of the entire crop; in 1911 the quantity was 5 per cent.

This year's crop is compared with 730,935 bales last year to September 1, 771,297 bales in 1911, and 353,011 in 1910.

Round bales included in this report numbered 7,834, compared with 7,434 for last year.

Sea Island bales included 430, compared with 232 for last year.

Ginning by states to September 1:

Alabama	44,625	12,824
Arkansas	2,200	81
Florida	2,956	1,832
Georgia	72,622	34,526
Louisiana	7,566	1,724
Mississippi	2,027	442
North Carolina	188	674
Oklahoma	4,943	323
South Carolina	7,272	4,260
Tennessee	9	—
Texas	649,694	674,249
All other states	4	—

MODERN IDEA.

In a certain school a teacher was giving her class reading. It came to a part about a woman drowning herself. The teacher asked a boy to read again. He began:
"She threw herself into the river. Her husband, horror stricken, rushed to the bank."
Quick and sharp came the answer "Please, Ma'am, to get the insurance money."

PENFIELD ARRIVES.

VIENNA, Sept. 8.—The newly appointed American ambassador to Austria, Frederick Courtland Penfield, arrived here today. He succeeds Richard C. Kerens.

PERU HAS PASSED A LAW TO ENCOURAGE IRRIGATION PROJECTS IN EVERY POSSIBLE WAY.

WALLACE RAY AWAITS SENTENCE IN JAIL

Found Guilty of Manslaughter and is Placed in County Jail—Trial Was Hard Fought.

MARSHALL, N. C., Sept. 8.—The jury on Saturday night last, having returned a verdict against Wallace Ray for the murder of Greely Hensley, it now remains for him to be sentenced. Ray was not the least affected by the jury's verdict and when, in the early part of Saturday night, they fled into the courtroom to return their verdict, he did not show the least concern. Immediately after the verdict was returned by the foreman of the jury the defendant was ordered into custody and he now awaits sentence in the common jail of Madison county.

The evidence disclosed the fact that on a Sunday afternoon last November, the defendant and the deceased had been drinking together. That the trouble arose over a bottle of whiskey and that the killing followed after the defendant and deceased had dismounted from their mules and engaged in a few words. The defendant followed the deceased several steps and then shot him through the heart twice.

The case was one of the hardest fought cases that Madison county has heard in years. The state proved that the defendant Ray had previously killed a man, had shot several women in affrays, and that he had been indicted many times for assaults with knives and pistols, whereas on the other hand the defendant's counsel alleged that the deceased was a man known as a dangerous and vicious person. The counsel for the defendant endeavored to acquit him on the plea of self-defense.

Solicitor Robert R. Reynolds was assisted by Attorney Guy W. Roberts, of Marshall, while the defense was represented by Congressman James M. Gudger, Jr., and P. A. McElroy, of the local bar. Thomas S. Rollins, of Asheville, defended Loban Franklin, who was also indicted in connection with the murder, but the state, after hearing the evidence, did not ask for a verdict against Franklin, and as a consequence, Judge Carter ordered that a verdict of "not guilty" be entered in his case.

The arguments of counsel consumed several hours. Solicitor Reynolds opened for the state. Then followed the arguments of Attorneys Gudger, McElroy and Rollins. Guy V. Roberts made the closing argument. His honor, Judge Frank Carter, delivered his charge in a clear and concise manner, in which he reviewed at length the contentions of both the state and the defense, after which he defined clearly and at length the law bearing on the case.
