MACHINERY SHIPPED FROM KANSAS CITY
WILL BE INSTALLED IN PLANT OF LOCAL FIRM.
Building of the Independent Scales Company Nearing Completion—Machinery to Be Installed.
The management of the Independent Scale company, which recently was organized here and which purchased the patents and equipment of the Kansas City Scale company, received a message yesterday to the effect that the machinery of the Kansas City plant has been shipped to Asheville, and it is expected that it will be received here within the next ten days. The new equipment will be placed in the plant of the local concern, at the corner of Choctaw and McDowell streets, which is rapidly nearing completion. The building is being erected at a cost of \$115,000 and will be modern in every respect. It is being constructed of stone and brick and the front part of the structure is two stories in height. The recently acquired machinery will be installed on the first floor while the offices of the concern will be situated on the second. The building will be heated by steam and the machinery will be electrically propelled. The plant will be one of the most modern of its kind in the state.
The Independent Scale company was organized here several months ago, with the following officers: President, Captain James P. Sawyer; secretary and treasurer, Lawrence H. Jones. The directors of the concern are: H. W. Plummer, Captain J. P. Sawyer, William Jones, L. H. Jones, W. B. Northrup and George S. Powell. It is expected that the manufacture of scales will be started within the very near future and the plant's pay roll will amount to \$1,000 per week. The company has a capital stock of \$175,000 while the equipment which is being brought to Asheville recently was appraised at \$82,000.
With the purchase of the Kansas City company, the Asheville concern has secured the services of the superintendent and designer of that factory, who will come to this city to give his personal attention to the scales manufactured here. He was the designer and manufacturer of the market and formerly was associated with the Dayton Scale company, having been connected with that concern about ten years. After severing his connection with that organization, he has devoted his time to the development and manufacture of the Kansas City scales. The local concern, in addition to its recent purchase owns some very valuable patents which will be developed immediately and put on the market, thus giving the Independent Scale company a line of six or eight different types of computing scales.
It is interesting to note that every scale which will be made here will bear the "made in Asheville" mark

and it is believed that this city will gain a great deal of valuable advertising as a result of the location of the plant in this city.
CHILDREN HATE OIL, CALOMEL AND PILLS
"California Syrup of Figs" best for tender stomach, liver, bowels—tastes delicious.
Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.
With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.
If your child's stomach, liver and bowels need cleansing, give only delicate "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it, that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.
Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.
Swedish chemists have invented a way for separating from coal tar the finely divided carbon which it holds in suspension.
New Jersey woman pours oil in stove to hasten fire, and 3-year-old child burns to death.

HANDSOME RING IS GIVEN TO MR. ROWE
As a token of their appreciation of the work which he has done looking to the betterment of the lodge, the members of the Asheville lodge, Knights of Pythias, have presented a handsome ring, bearing the emblem of the order. The inside of the ring bears an appropriate inscription.
Mr. Rowe has been a member of the Asheville lodge for the past several years, and during the time that he has been connected with the organization he has held various offices. Recently, he resigned his office stating that his work is such that he will be out of the city a great deal of the time and he will not be able to take an active part in the work of the order.
Southern Railway has tickets on sale at the secretary's office of the Jackson County Fair on the fair grounds.
Two Columbia, Tenn., men who have been married forty-seven and fifty-one years respectively are wearing the same shirts on the anniversary in which they were wed.

POLICE COURT.
William Shotzinger, arraigned at yesterday's session of the city police court on a charge of perjury was adjudged not guilty, evidence being offered to the effect that when the defendant made certain statements at a recent session of the court, he had not been sworn.
Paul Lyerly was fined \$5 and the costs for exceeding the speed limit and John Thrash was adjudged not guilty of running his automobile without a state number. Will Campbell paid the costs for refusing to pay back fare and Jack Reed was found not guilty of assault.
William Shotzinger, who recently was found guilty of drunkenness, was fined \$10 and the costs and E. L. Baker paid \$2 and the costs for the same offense.
All trains stop at the entrance to the Jackson County Fair, 23, 24, 25, 26.
CELEBRATION POSTPONED.
CLEVELAND, Ohio, Sept. 20.—Portions of the Perry centennial celebration postponed earlier in the week because of rain, again were interrupted by showers this afternoon. An historic parade, portrayed by a hundred children, had just begun when a hard shower came. The fireworks display tonight also had to be put off until tomorrow night.
