Your children should have it as a means of furthering their education; the young man and young woman just out of school must now have practical knowledge; the whole family should keep abreast of the times and learn of the mighty advancement of all mankind.

## IN PICTURE AND PROSE

It tells the wonderful story of the greatest achievement ever undertaken. It tells why the Panama Canal was constructed—its purpose, promise, and history; how the monumental work was accomplished, the vast expenditures of labor, skill and money; the untold benefit that will accrue to all the people of the world—all told in an easy, human interest style that imparts the exact information, but never tires.

The Accompanying Illustration is Greatly Reduced in Size, and but Vaguely Portrays the Rare Beauties of the Original.

### PARTIAL CONTENTS

Please note that these subjects are not technical nor statistical; they are more in the nature of pleasing stories—the things that you would be interested in were you to personally visit the Canal Zone. Some of the chapter titles follow:

- THE FRONT DOOR TO PANAMA
- THE PANAMA RAILROAD
- THE SACK OF OLD PANAMA
- REVOLUTIONS AND THE FRENCH REGIM.
- THE UNITED STATES BEGINS WORK
- THE FORMATIVE PERIOD
- COL. GOETHALS AT THE THROTTLE
- GATUN DAM AND LOCKS
- THE CULEBRA CUT
- SANITATION OF THE ZONE
- THE INDIANS OF PANAMA
- SOCIAL LIFE ON THE CANAL ZONE
- LABOR AND THE GOVERNMENT OF THE ZONE
- FORTIFICATIONS; TAXES; COMMERCE
- DIPLOMACY AND POLITICS OF THE CANAL

These and numerous other subjects of equal interest are illustrated with more than 600 rare pictures, many in natural colorings, all of which gladden the eye as well as enrich the mind. It is indeed the story of Panama in Picture and Prose.

Reduced illustration of the Beautiful Big Book—Size 9x12 Inches.

### SEN. SIMMONS CONFERS WITH PRESIDENT WILSON

Talks Currency and North Carolina Patronage With the President.

(By George H. Manning.)  
WASHINGTON, Nov. 17.—Senator Simmons called at the White House today and discussed banking and currency and North Carolina patronage with the president for some time. President Wilson was much pleased with the way Senator Simmons got the tariff bill through the senate without a break, and is seeking advice from Senator Simmons as to the best methods of keeping the senate in "the straight and narrow path," so as to get the currency bill through that body.

In discussing patronage, Senator Simmons urged the appointment of Sam Rogers, of Macon county, for a consulship. It is understood Rogers can have an appointment if he will accept. When he was here several months ago he practically declined a consular office, saying he preferred an appointment in Washington. At that time he was mentioned for consul to Havana.

A great number of North Carolinians were in Washington today, among them Judge Walter Moore, of Jackson county; M. J. Corbett and H. C. McQueen, of Wilmington; Sam T. Humicutt and V. L. Lemay, of Smithfield, and J. J. Plummer, W. G. Haywood and J. M. Fickel, of Raleigh.

Moore was a candidate for district attorney, but may get another appointment. Hunnicutt is candidate for income tax collector. Messrs. Plummer, Haywood and Fickel are chemists in the state agricultural department, and are here attending the agricultural chemists' association. Representative Stedman returned here today.

### U.S. INTERVENTION WILL BE RESISTED BY HUERTA

(Continued from Page One.)

Obstacles developed since the fall of Juarez created a feeling of uncertainty tonight as to the outcome of the diplomatic exchanges between the United States and the Mexican constitutional rebels.

President Wilson's representative, William Bayard Hale, conferred twice today with Francisco Escudero, Carranza's minister of foreign relations. It was evident that the capture of Juarez and other rebel successes in the interior had encouraged General Carranza's leaders to such an extent that they believed the lifting of the American embargo on the importation of arms was not as necessary as previously it had seemed.

On the other hand it appeared that the original expectation of the insurgents that the ban of the transfer of war munitions across the line would be lifted had been met with more definite requirements from the Washington government.

The parley between Mr. Hale and General Carranza and the latter's representatives reached a crucial stage last night. After a conference with Mr. Hale today, Foreign Minister Escudero said he expected the negotiations to end within 24 hours but he would not venture no prediction as to the outcome. He added, however, that there would be another meeting perhaps the final one, tomorrow.

Since last night communications to Mr. Hale from Washington have been unusually long. It required the entire staff at the consulate, assisted by Mr. Hale, to translate them today from the code.

### FIERY SPEECHES AND RESOLUTIONS AT MEETING

(Continued from Page One.)

land never being used for canal purposes, but for the copper it contained.

Exaggeration Impossible.  
John H. Walker, president of the Illinois mine workers, who has spent months in the Calumet region, said it would be impossible to exaggerate conditions there "which would disgrace the most barbarous country in the world."

John B. Lennon, treasurer of the federation, described the daily parades of men and women in the copper country. Armed men—militia and detective agency employees—marched along with the paraders on the highway, he said, seeking to provoke them to violence.

"After midnight," said Lennon, "I walked through the streets of Calumet in company with Michigan public officials, and saw young soldiers drunk on the streets with revolvers in their belts. I saw them insult women on the streets."

President Gompers said the executive council was doing its utmost to aid the copper miners.

The convention adopted resolutions urging the unions to work zealously for the eight-hour day; condemning Sunday work, and declaring opposition to the movement for Sunday opening of postoffices, and sympathizing with the postal clerks in their struggle for shorter hours and abolition of night work so far as possible.

You will have missed much if you do not hear Dr. Laird.

What is believed to be the largest shipment of vinegar ever made consisting of a solid train of fifteen cars, was sent recently from a factory in Paris, Texas.

### EDITOR FRANK P. GLASS NAMED AS U.S. SENATOR

Prominent Newspaper Man Named by Gov. O'Neal to Fill Vacancy.

BIRMINGHAM, Ala., Nov. 17.—Frank P. Glass, editor of the Birmingham News and president of the Montgomery Advertiser, today was appointed United States Senator by Governor O'Neal to succeed the late Senator Joseph F. Johnson. Mr. Glass is one of the best known newspapermen in the south.

Mr. Glass is 55 years old and a native of Alabama. In 1886 he acquired half interest in the Montgomery Advertiser, two years later becoming editor of the Birmingham News.

In making the appointment, Governor O'Neal said:

"I am still of the opinion that the provisions of the seventeenth amendment did not deprive me of power to fill by appointment the vacancy in the senate of the United States on the death of Hon. Joseph F. Johnson.

"Mr. Glass has been for many years one of the leading journalists of the state. He has been bold and courageous in the advocacy of every issue or cause that he has espoused. He has for long years rendered valued service to the party, and while he has never yet held public office, no one doubts by reason of his long study of economic government questions his wide range of information, his ability to represent creditably the state in the federal senate. He is in full accord and sympathy with the wise and progressive policies of the president of the United States, whose personal friendship and confidence he enjoys."

### Aunt Sally's Advice to Beauty Seekers

Red Nose. The nose is a more delicate organ than most people imagine. It should be touched as little as possible. For undue redness the treatment recommended in following paragraph will be found effective. Apply without rubbing.

Muddy Skin. The sanest, safest and surest method of giving a clear, healthy, transparent appearance to the complexion is to apply ordinary mercerized wax every night for from one to two weeks. This wax, obtainable at any drug store (one ounce is sufficient), actually takes off a bad complexion by gently and gradually absorbing the thin veil of surface skin. The new skin then in evidence is as fresh and velvety as a young girl's. The wax is applied like cold cream and washed off mornings.

Wrinkles. A harmless lotion made as follows has been found very effective in cases of wrinkles and crow's feet: Powdered saxolite, 1 oz., dissolved in witch hazel, 1-2 pt. Rub the face in this daily for awhile.—Woman's Realm.

### SMITH WHIPS NEGRO.

BOSTON, Nov. 17.—Gunboat Smith of New York, was given the decision over Sam Langford of Boston, at the end of a twelve-round bout here tonight.

### CATARRHAL TROUBLE ENDED—USE HYOMEL

You Breathe It—No Stomach Dosing—Clears the Head.

Use nature's remedy for catarrh of cold in the head, one that is harmless yet quick and effective.

It is the healing oils and balsams of Hyomel which you breathe through a small pocket inhaler. This curative and antiseptic air reaches the most remote air cells in the nose, throat and lungs, killing the catarrhal germs and quickly restoring health to the diseased mucous membrane.

Hyomel has benefited so many sufferers of the worst cases of catarrh, with offensive breath, raising of mucus, frequent sneezing, droppings in the throat and spasmodic coughing that it is sold by Smith's Drug Store with a guarantee to refund the money if it does not do all that is claimed for it. A complete Hyomel Outfit, containing inhaler and bottle of liquid, sells for only \$1.00. Extra bottles of liquid, if later needed, 50 cents. Druggists everywhere sell Hyomel.

### NEW LEAGUE.

PIERRE, S. D., Nov. 17.—Articles of incorporation were filed with the secretary of state here today for the Colored National Baseball League of the United States. The league is capitalized for \$50,000, and is backed by Chicago men.

It has been figured out that the screw of an Atlantic liner revolves something like 630,000 times in the voyage between New York and Liverpool.

### AUDITORIUM SCHLOSS THEATRE CIRCUIT

Today, Tomorrow and Wednesday  
Mat., 3:30; Eve., 8:30.
