Old Time Sores And Ulcers Healed Old Wounds Often Bother Many Years After

People who have been poulticing and anointing an old sore for years and years are the way it heals quickly after using S. S. S.

When you come to realize that the skin and the flesh beneath are composed of a network of tiny blood vessels you solve the mystery.

There are wonderful medicinal properties in S. S. S. that follow the course of the blood stream just as naturally as the most nourishing food element.

Do not allow some searful clerk to lull you into the atmosphere of sloth and ease something "just as good" as S. S. S. Beware of all substitutes.

New York Americans defeated the local southern association team here today 5 to 2.

LEON EMANUEL MADE EXCELLENT RECORD Wins in Fancy Diving Competition at New York City—Made Unusually Good Showing.

Leon Emanuel, of this city, brother of the Misses Emanuel and Mrs. A. A. Paul, of the Emanuel Business college, who is in school at Townsend Harris hall, in New York city, carried away all honors in the fancy diving contest which was one of the features of the recent eighth annual high schools swimming contest for championship.

According to the New York Tribune "Emanuel of Townsend Harris hall, had comparatively little trouble in winning the fancy diving competition. He cut into the water like a knife, turning difficult twists and half turns to hit the water with scarcely a splash."

Mr. Emanuel has taken an active part in various forms of sport since he has been in school at New York and has made some unusually brilliant showings in the water. His friends here will be pleased to learn of his excellent showing in the competition.

REACH GUIDE IS OUT; IT'S BASEBALL TIME The 1914 Reach American League guide—the official handbook of the great junior major league presided over by famous Ban Johnson—has just made its appearance, thus ushering in one more base ball season.

The book gives a complete review of the American league's thirteenth eventful season as a major league; complete records and averages of the American league 1913 race and players; a graphic story of the American league's successful and victorious part in the memorable post-season world's championship series of 1913 between the Philadelphia Athletics and New York Giants; a synopsis of all remarkable American league pitching feats and also of all the noteworthy games of the 1913 season; and a general review of all matters affecting the American league during the whole of 1913 and 1914 up to date of publication.

For Freckled, Rough or Spotty Complexions The freckling, discoloring or roughening to which delicate skins are subject after exposure to wind or sun, often appearing in early spring, may readily be gotten rid of. Mercolised wax, spread lightly over the face before retiring and removed in the morning with soap and water, completely peels off the disfigured skin. Get an ounce of the wax at any drugstore. There's no more effective way of banishing freckles or other cutaneous defects. Little skin particles come off each day, so the process doesn't even temporarily mar the complexion, and one soon acquires a brand new, smooth, and generally beautiful face.

Wrinkles caused by weather, worry or illness are best treated by a simple solution of powdered sarsille, 1 oz., dissolved in 4 pt. witch hazel. Bathing the face in this produces a truly marvelous transformation. Adv.
