**Francis Ouimet Sails to Pit
His Skill Against Euro-
pean Golfers.**

BOSTON, March 29.—Francis Ouimet, youthful holder of the National open golf championship sailed today to match his skill with European golfers on the famous courses of the British Isles and France. On his twenty-first birthday the conqueror of the noted British professionals, Vardon and Ray will be getting in trim for the British amateur championship tournament over the Sandwich course, on May 18 and 19. The first competition in which Ouimet will engage will be for the historic Saint George's champion grand challenge cup at Sandwich, May 14 and 15. Immediately after engaging in the British amateur championship, Ouimet will leave for the continent to take part in the French amateur championship at La Boullie, May 25, 26 and 27. Later he will make a tour of the Scotch courses in preparation for the British open championship at Prestwick, on June 13 to 20.

Ouimet is accompanied by Arthur G. Lockwood, a former Massachusetts amateur champion, who is a native of England. While abroad they will meet Jerome D. Travers, the American amateur champion, and Frederick Herreshoff, who twice has been runner up for that title. It will be the first appearance of the American amateur and open golf champions together in British championship play. Ouimet had little to say about what he thought of his prospects.

ANOTHER STRIKE TREATENED.

ROME, March 29.—Italy faces another general strike. Eighty thousand railway employes are clamoring for an amelioration of their conditions of employment, which would represent an increase of \$10,000,000 in the state budget. The employes held several private meetings today. It was decided if the government refused to give a satisfactory answer to the demands of the men, a general railway strike will be proclaimed April 15. Serious reprisals also were threatened, particularly if the government attempted enforcing military discipline.

lesser importance. The senate interstate commerce subcommittee continues at work on anti-trust bills. In the house the interstate commerce committee, which already has voted for the Covington interstate trade commission bill and still has to act on the proposition for federal control of railway capitalization, is engaged on the repeal bill to the exclusion of all other business, so that nothing is scheduled in the committee for this week.

The house judiciary committee has had its calendar upset by cases involving charges against Representative McDermott, of Illinois, and Judges Speer, of Georgia, and Wright of the District of Columbia.

The committee may act on the McDermott case Tuesday, voting on a report from the subcommittee, which proposes censure of McDermott and national association of manufacturers officials.

The house has a number of appropriation bills ready to consider, including the naval appropriation, which has the right of way.

If the repeal bill should not be disposed of by Tuesday night, it might go over until Thursday, as Wednesday is held to be sacred to "bills on the calendar."

The repeal fight has broken up plans of various committees for taking up important pending bills. The rules committee, particularly is anxious to get action to provide for the proposed investigation of speculation on wheat and cotton exchanges in New York, New Orleans, Chicago and the northwest.

MEMPHIS, March 29.—Ty Cobb's hitting, two singles, a double and a triple out of five times at bat, Boehler and Williams' pitching and the errors of local team made a five to one victory over the Memphis Southern association by the Detroit Americans here today.

followed by recognition of the belligerency of the rebels.

President Huerta has given no intimation of his intentions, but there are many in the capital who still profess to believe that he will take the field and leave the presidency temporarily to Genor Portillo, and later become a candidate for election. By a few it is suggested that the fall of Torreon would hasten that movement, as President Huerta's confidence in his own ability as a military man would force him to measure his training as a soldier, covering his whole life, against the recently developed power of Villa' who until four years ago, was confessedly a bandit.

That General Huerta has any idea of abandoning the fight has not been indicated. Plans for the opening of congress on Wednesday are under way and there is no apparent reason to believe that the president intends to lose the \$5,000,000 pesos for which he arranged last week with bankers.

PELICANS DOWN REDS.

NEW ORLEANS, March 29.—The local Southern association team outplayed the Cincinnati National league first team and won today's exhibition game, 4 to 2.

The Cincinnati team tonight left for Memphis to open a series there Monday.

Notice to Voters

I wish to announce to those who do not personally know me that I am the son of John L. Cathey, who for eight years was the Clerk of the Court. During four years of that time I was his assistant deputy. I am familiar with the duties and requirements of the office. I am seeking the nomination in the coming Primary for Clerk of the Court. I have no Political Organization back of me. I have no money to organize one, but I am asking for the vote of the people who would like to see a change. Are you one of them?
Yours truly,
JOHN H. CATHEY.

ing to men in authority. Six million pesos in flat money are in circulation in the states of Chihuahua, Durango and parts of Zacatecas and this money is steadily decreasing in purchasing power, with no prospective reserve backing while more money is being issued. The present value of a peso note is about 13 cents.

Despite Governor Chao's assurance to the state department that Luis Terrazas, Jr., would not be executed it was learned definitely here that Terrazas was threatened with execution twice within the last eight days. He was saved from death within 1 hour on one occasion only through the efforts of representatives of a foreign government, the pleaded all one night that the prisoner be given an extension of three days. The three days extension was granted and later, through another influence, the talk of execution was dropped temporarily.

**LABORERS ARE WANTED
AT HENDERSONVILLE**

That the "problem of the unemployed," which is said to exist in certain sections of the country, does not affect Hendersonville, is shown by the fact that they are crying for laborers at Henderson county's capital, he "want ad" columns of The Citizen contain an urgent appeal for 100 laborers who are wanted for work at Laurel Park, one of Hendersonville's chief attractions, which boasts a swimming pool and recreation grounds. As a matter of fact, Hendersonville is enjoying quite a boom and her citizens look forward to the most prosperous tourist season that section has yet enjoyed.

was received by General Chao, not a house was occupied, and all showed signs of previous battles.

Delay first was occasioned while Carranza waited for his troop train to catch up. This done, other hours were consumed while the soldiers waited for new uniforms.

The pilot train which preceded the troop train ran into town for the supplies and when it returned there was a great scramble for the outfits. The brown men immediately became a clothing store and box cars and the abandoned houses were turned into dressing rooms.

It was dusk when the cavalcade mounted once again and started for the city. The streets were illuminated and triumphal arches blazed with many colored incandescent bulbs.

At the monument General Carranza was wildly cheered. He spoke in acknowledgment of the welcome and then repaired to the house set aside for him. General Carranza said he expected to spend several days in Juarez, probably until the battle of Torreon is decided.
