The review says it is apparent that Germany's food supply will hold out till the present crop is barvested, al-though the sufferings of the poor have been intensified greatly during the past five months. Military domination has reached with a stars in Germany, the sector cated steel ships, which it is planned to build, will require more money than congress has authorized. When I know how much will be needed, it ill he necessary to ask congress for further sums.

Commandeer Ships

Military domination has twached such a stage in Germany, the review says, that the imperial chancellor is uiterly without authority over the military leaders who do as they please "and leave the civil authorities to come along behind and apologize." "3-Commandeering of ships in yards: On Monday I shall deliver to yards: On Monday I shall deliver to shipbuilders a general statement of the program which I have long been maturing for commandeering ships now under construction for private account (such ships having an ag-gregate tonnage considerably in ex-cess of 1.800,000 tons.) "The essence of this program is to commandeer all such ships and ex-"Information reaching the depart-ment of state," says the committee's review, "indicates that the German political crisis new conters primarily on the questions of internal reform

By ernment is subordinate in importance. The dispute is over measures rather than men. And whether or not the thus federalizing each yard, giving it inus rederaizing each yard, giving it government help and putting it on a apeed basis, we shall produce its greatest efficiency. As fast as the berths are cleared each yard will be devoted to the production of a single chancellor and several secretaries of state loss their position it is unlikely that the political storm can be stilled until definite action has been taken in regard to the internal reform and type of tonnage for which it is best Deace suited. I count upon the complete co-operation of the yards.
