

NORTH CAROLINA SOLDIERS MARCH FOR LIBERTY LOAN

Great Parade and Review of Camp Sevier Soldiers at Greenville.

LIBERTY BONDS TO BE SOLD SOLDIERS

Brigadier-General Scott Reviews Troops—Local Soldiers in the Line.

GREENVILLE, S. C., Oct. 11.—Through streets lined with a crowd double their number almost ten thousand troops of the Thirteenth division, stationed at Camp Sevier, marched today in review before Brig. Gen. W. S. Scott, commanding during the absence of Major Gen. Morrison, in a huge demonstration to further subscriptions to the second Liberty loan. The Fifty-ninth and Sixteenth infantry brigades commanded by Brig. Gen. S. L. Falson, and the Fifty-fifth depot brigade, under the command of Brig. Gen. Lawrence D. Tyson, and constituting more than half of the troops in camp here, took part in the parade. North Carolina troops participated, according to the old designations, were the second and third battalions of the First infantry, the Second and Third infantry entire, and Troops B and C of the first separate squadron of cavalry.

By Different Route.

The troops taking part in the parade entered town by different routes, assembling for the first time only at the instant that the procession was ready to move. In columns of platoons the khaki-clad warriors passed the reviewing stand, located before the Record building on Main street, in which with General Scott stood Mayor Harvey and Alderman Martin F. Ansel, former governor of South Carolina and many other prominent citizens. A stand almost opposite was occupied by Mrs. Scott and by the wives of many of the higher officers of the division. The streets were decked with bunting for the occasion and the civil authorities had "dry" streets keeping the streets cleared for the passage of the troops.

A million and a half dollars is the mark set by camp officials as the goal of Liberty bond subscriptions among the men of the Thirteenth division, and when the first day's campaign resulted in the pledging of more than seventy-five thousand dollars it appears that this mark will easily be passed.

One hundred thousand dollars is the sum which the former Third North Carolina, commanded by Col. S. W. Minor, has resolved to subscribe, and every man in the regiment will take a bond. At a rousing meeting this morning, Ex-Governor Ansel made a ringing appeal, which fired his hearers greatly. A splendid record has been made by the old First North Carolina field artillery, commanded by Col. Albert L. Cox, which at an early hour today had subscribed to more than thirty thousand dollars worth of bonds. Arrangements have been made by the government by which a soldier purchasing a bond may allot a portion of his pay for its payment, the amount being deducted each month from the total due him.

NEXT TROOP MOVEMENT TO CAMP JACKSON WILL TAKE PLACE OCTOBER 26

Large Numbers of White Men Are Yet to Be Sent to Camp.

POPULATION GROWS.

(By Brian Bell.)
COLUMBIA, S. C., Oct. 11.—The next movement of troops to Camp Jackson will be on October 19, instead of October 17, as has been announced. Orders changing the date of the next mobilization were received at the office of the chief mustering officer today. Large numbers of white men are yet to report from North Carolina and Florida and South Carolina has three thousand negroes yet to report.

LITTLE FIGHTING OF IMPORTANCE ON BATTLE FRONTS

Both British and French Keep to Trenches After Last Drive.

RUSSIANS ABOUT TO ESSAY "COME-BACK"

Artillery Duels in Macedonia Are Increasing in Intensity Daily.

Comparatively little fighting activity is in progress on any of the battle fronts, except in the nature of reciprocal bombardments. In Flanders Thursday both the British and French troops kept to their trenches, neither essaying attacks nor being forced to sustain counter-offensives against the new positions they hold as a result of Tuesday's drive.

Ground is Swampy.

Additional rain over this region has accentuated the swampy condition of the ground and it probably will be several days before the British and French again attempt to advance their men for another raid against the Teutons. Wednesday night the French repulsed a heavy counter-attack east of Draelbank. The Germans during this time let the British severely alone in work of destruction and those of the Germans in the nature of disturbers of the peace of the allies in their new trenches.

Russians Coming Back.

The prospects of a return to heavy fighting in Roumania, with the Russians the aggressors, seem good. On the Rumanian plain and near Braila the Rumanians have heavily bombarded the Teutonic allies' position, while the Germans in reprisal shelled the important Danubian town of Galatz, their shells causing several fires. On the northern sector of the eastern front near Riga the Germans, after a heavy bombardment, pushed back the Russians in the vicinity of the Pskov high road.

Daily the artillery duels in Macedonia with the entente forces exerting the greater power are increasing, especially in the direction of Dolran and north of Monastir, and it is probable that at no late date the predicted allied offensive in this region will begin.

There have been no developments concerning the attempted mutiny aboard German warships at Wilhelmshaven and Emperor William, amid the political turmoil that had been created by the revelations of disaffection in the navy, is visiting King Ferdinand of Bulgaria in Sofia.

GERMAN FIGURES.

BERLIN, Oct. 11.—(Via London.) (Continued on Page Two.)

SUBSCRIPTIONS TO LIBERTY LOAN ARE UNDER ESTIMATES

Less Than Seven Per Cent. of Second Loan Has Been Subscribed.

THIRD OF TIME HAS ALREADY PASSED

Tremendous Drive in Next Two Weeks Necessary to Raise Loan.

WASHINGTON, Oct. 11.—Less than seven per cent. of the \$5,000,000,000 which the government hopes to obtain in subscriptions to the second Liberty loan had been subscribed at the close of business last night.

Treasury officials made public the actual subscription figures tonight. The total is \$325,465,000. This figure includes every dollar reported to the reserve banks from every section of the United States except in one reserve district, Minneapolis, where no figures were reported.

"The subscriptions indicate the necessity for the hardest kind of work on the part of the whole country," reads the treasury department's announcement. The campaign is more than one-third gone. Fourteen working days remain.

The Figures.

Subscriptions by federal reserve districts were as follows:	
Richmond	\$ 12,229,000
Boston	41,800,000
New York	13,537,000
Philadelphia	13,583,000
Cleveland	1,896,000
Atlanta	1,703,000
Chicago	4,816,000
St. Louis	1,729,000
Kansas City	1,237,000
Dallas	1,839,000
San Francisco	16,047,000
Minneapolis	no report.

These figures represent the total of subscriptions "actually filed with the several federal reserve banks and the treasury department."

Many Reports Missing.

"While a very large number of incorporated banks and trust companies throughout the country have not yet reported any subscriptions to the federal banks," the statement continues, "and while the Liberty loan committees have unofficially reported a number of large subscriptions which have not yet been formally filed, making due allowance for these unreported amounts, the subscriptions thus far received indicate the necessity for the hardest kind of work on the part of the whole country for the balance of the campaign."

The secretary of the treasury has requested subscriptions to an amount of \$5,000,000,000 in order that allotments might be made up to \$4,000,000,000.

"There are twenty-four business days during the campaign period and in order to obtain subscriptions of \$5,000,000,000 the average daily subscriptions must amount to more than \$208,000,000 whereas up to date the (Continued on Page Two.)

PHILADELPHIA MAYOR IS HELD TO GRAND JURY UNDER BOND OF \$10,000

Six Charges Made Against Mayor in Connection With Election Riots.

OTHERS ARE HELD.

PHILADELPHIA, Oct. 11.—Mayor Thomas B. Smith was today held under \$10,000 bond by Judge Brown, in the Municipal court to await the action of the grand jury on charges growing out of the murder by alleged imported gunmen of a policeman in the Fifth ward here on primary election day. The gunmen are declared to have been brought here to intimidate voters and workers opposed to the faction favored by Mayor Smith and his political associates.

The charges against the mayor include misbehavior in office; contempt of court in refusing to produce certain documentary evidence; violation of the Sherman election law forbidding participation in politics by city employees; conspiracy to commit assault and battery and conspiracy to commit murder.

Three other principal defendants, Isaac Deutsch, common councilman and defeated candidate for the nomination to select council; William R. Finley, prominent attorney and executive director of the republican city committee, and David Bennett, a police lieutenant in the Fifth ward, also were held under \$10,000 bail each on similar charges and five policemen under Bennett's defense, were each held in \$5,000 bail.

The defense, contending that Judge Brown, sitting as a committing magistrate had no jurisdiction in hearing the case, refused to enter bail before that court, but did so in another court where nine writs of habeas corpus were granted on the petition of counsel to release the defendants from the Municipal court. The writs were made returnable October 19, when the question of Judge Brown's jurisdiction will be argued. Bail was fixed in the same sum for their appearance at this proceeding.

EARLY REGULATION OF BAKING INDUSTRY IS PROMISED BY HOOVER

Plans to Control Production and Distribution of Bread Considered.

EXPERIMENTS TRIED.

WASHINGTON, Oct. 11.—Early regulation of the baking industry was promised tonight by Food Administrator Hoover.

Plans to control bread production and distribution already are under consideration and will be put into operation as soon as bread making experiments now being conducted in several cities are completed. Municipal bread depots will be provided if it is found that retailers cannot be controlled under a voluntary arrangement.

The baking industry was left out of the general food control to be put into effect November 1. Before taking any steps to deal with the industry the food administration wishes, first, to standardize baking flour; second, to standardize bread ingredients, and, third, to standardize either the size of the loaf or the price.

The bread content will be established on the basis of facts disclosed in the co-operation of millers. It is hoped to establish a standard bread, containing the same amount always of lard, milk and other ingredients. Flour will be standardized through the co-operation of millers. In further standardization the food administration still is in doubt as to whether it will be best to establish a definite size loaf or to establish a definite price with the size as a variable.

Universal Opinion

SWINGING THEIR WAR CLUBS LIKE THE CAVEMEN OF OLD, NEW YORK GIANTS BAT OUT SECOND VICTORY OVER SOX

Benzy Kauff, the Talkative Federal Leaguer, Redeems His Thirteen Hillless Trips to the Plate With a Brace of Home Runs, While Schupp Finally Hits His Stride and Gets a Place in Baseball's Hall of Fame.

NEW YORK, Oct. 11.—Swinging their war clubs like the cavemen of old, the New York Nationals battered their way to victory over the Chicago Americans today by a score of 5 to 0. As a result of the second defeat of the White Sox in two days, the Giants are traveling westward tonight on even terms with their rivals in the struggle for world series victory. The outcome of the battle for premier baseball honors is as much in doubt as before the series began in Chicago last Saturday. Each team now has won two contests and the indications point to a full seven-game drive before either club will admit the supremacy of the other.

The victory of the Giants in the fourth game was the most impressive of the struggle to date, for the National league color bearers excelled both in pitching and with the bat. While the Chicago combination threatened several times, they never got a runner beyond third base and the team left for the shores of Lake Michigan without having been able to cross the Polo grounds' home plate in eighteen innings.

Two New Heroes.

Two new diamond heroes leaped to pedestals of fame in the clash today for Ferdinand Schupp, of Louisville, Ky., operations in Flanders have brought him back without a run, and Benny Kauff, of Middleport, Ohio, led the batting massacre with two home runs.

The youthful lefthander fully redeemed himself for the vicious ally-pitching in the second game on their home grounds when the Comiskey park batters drove him from the mound early in the contest, while Kauff, after thirteen hitless trips to the plate, finally found his batting eye and broke through Pitcher Faber for a circuit drive which paved the way for the Giants' onslaught

that later was to demoralize the White Sox. The effectiveness of Schupp's hurling and Kauff's batting was sufficient to defeat the American league champions, but the thrill of victory was contagious and their teammates were only a stride behind them in the rush through the White Sox trenches.

Unusual Feat.

Only twice in the long history of world series baseball has Kauff's feat of two home runs in one game been duplicated. Before the former batting leader of the Federal league made his two circuit drives the honor was divided between Harry Hooper, of the Boston Americans of 1915, and Outfielder Dougherty, of the same club in 1903. Hooper hammered two home runs into the bleachers in the fifth game of the world series of two years ago against the Philadelphia Nationals, while in the ancient days of the post-season play, Dougherty established the record with his twin drives against the Pittsburgh Nationals of 1903.

In shutting out the Sox without a run, following a similar feat by Rube Benton yesterday, Schupp also equaled a double shut out which has been scored few times since the beginning of the present century. In 1903, the Chicago Nationals whitewashed the Detroit Americans twice in succession, and in 1905 the Giants shut out the Philadelphia Athletics for games out of five, while the only victory of the Mackays was also a shut out by the Indian pitcher "Chief" Bender. Christy Mathewson, now manager of the Cincinnati Nationals, and "Iron Horse" Joe McGinnity were the New York twirlers who engineered the quadruple whitewash of the Athletics.

There was nothing to forecast the sensational developments of today's game and the men of the fleet hand between Faber and Schupp with little, if any, advantage for either. Kauff was the third man to face Faber in the Giants' half of the fourth, Burns and Herzog having failed to make first base. With two out and his record of not a hit in the series in thirteen times at bat, a by-word among the fans, Kauff was desperate.

Saw "Groove" Ball.

With a ball and a strike called against him, he saw a "groove" ball coming up from Faber's hand and taking a deep toothhold in the batter's box, he flung the full weight of his body into the sweep of the bat. There was a terrific crack and the ball flew like a bullet over second base and far onward into center field.

Outfielder Felch, the man who made the tremendous circuit drive off Sallee in the opening game of the series, sighted the sailing sphere and sprinted for the center field bleacher fence. The ball passed over his head and fell among the folds of a canvas sign, which before it was dropped at the beginning of the game, announced: "The Giants have bought their Liberty bonds, have you?"

Felch, in his eagerness to hold Kauff at third fumbled the ball as he tried to pick it up, and the Giants' runner was crossing the plate as the sphere was finally returned to the infield. Kauff's team mates and the fans gave him an enthusiastic greeting as he sped toward the Giants' dugout.

The circuit blow appeared to take something of Faber's confidence, and although Zimmerman was retired on an infield out, the White Sox hurler faltered as soon as he faced the Nationals in the succeeding sessions. Fletcher opened with a single to center. Manager McGraw crossed the Sox by switching from his well known hit and run system to bunting. Robertson and Holke both laid down perfect bunts and by fast springing the bases were filled. Rariden's hopper to Faber resulted in a double play, Fletcher being forced at the plate and (Continued on Page Eight.)

if any, advantage for either. Kauff was the third man to face Faber in the Giants' half of the fourth, Burns and Herzog having failed to make first base. With two out and his record of not a hit in the series in thirteen times at bat, a by-word among the fans, Kauff was desperate.

HAIG IS CONGRATULATED BY GENERAL PERSHING

English Commander Looks Forward to Fighting Beside Americans.

BRITISH HEADQUARTERS IN FRANCE AND BELGIUM, Oct. 11.—(By The Associated Press.)—The receipt of the news that General Haig has been brought many congratulatory messages to the British troops. Field Marshal Haig has issued an order of the day containing a number of dispatches received on October 5 and the replies sent to them. General J. J. Pershing, commander of the American expeditionary force in France, telegraphed: "Permit me to extend sincere congratulations to you and your magnificent army upon your recent important gain in front of Ypres. They give a striking answer to the weak-kneed peace propaganda. Field Marshal Haig sent this answer: "I wish to thank you very heartily in behalf of the British army under my command for your most kind telegram. We look forward to the day when the American armies join us on the western front and we are quite confident that the allies, so reinforced, will fight the war to an early and decisive issue."

DISCONTENT IN GERMAN NAVY BEGAN LONG AGO

Men of Fleet Had Reached State of High Tension, Is Reported.

AMSTERDAM, Oct. 11.—According to some reports here the discontent in the German navy began eight months ago and the men of the fleet had reached such a nervous state owing to the prolonged high tension that only a spark was needed to cause an explosion. On board the warships involved it is said large numbers of pamphlets were found dealing with the cause of the war and asking why Germany became the best hated nation in the world. Others distated on the vic influence of junkerdom and the big manufacturing interests and purported to give the truth about "the men behind the war."

GREAT BRITAIN ASKED TO RELEASE SWEDISH MAIL

Statistics on Food from Sweden Are in the Seized Pouches.

WASHINGTON, Oct. 11.—The state department at the request of the food administration, has asked the British government to release the three bags of Swedish mail seized at Halifax from the steamer that brought Dr. Lundholm, a member of the Swedish economic mission to this country. It developed today that the pouches are at the British embassy here with their seals intact.

COAL SHORTAGE IN UNITED STATES IS FINALLY ADMITTED

Geological Survey Says An Unprecedented Demand Is Responsible.

PRODUCERS ARE NOT TO BLAME, IS STATED

Serious Shortage Exists in Ohio, and Garfield Promises Relief.

WASHINGTON, Oct. 11.—Existence of a general coal shortage was admitted tonight by the geological survey, which attributes the situation not to the failure of producers to do their best, but to the unprecedented demand.

"The tremendous increase in manufacturing and transportation activity this year," said a statement issued, "has created a demand for soft coal in excess of that in the past, an increase in demand that is difficult to measure in terms of tons, but that is certainly more than the ten per cent by which production has increased. To meet this demand the operators have been mining coal at a rate never before equaled."

Serious in Ohio.

A serious coal shortage exists in Ohio, fuel administration officials were told today by a delegation of consumers headed by Attorney General McGehee who came to Washington to protest against lifting the embargo on coal shipment to Canada. Of 300 towns in the state reporting, more than 100, the delegation declared, are entirely without coal and are unable to obtain supplies because virtually all coal mined in the state is going through the ports to the northwest and to Canada.

People Suffering.

The people of the state, spokesmen (Continued on Page Two.)

MAXIMUM STEEL PRICES FIXED BY AGREEMENT WITH MANUFACTURERS

Are About One-third Under Existing Market Prices Is Announced.

WILSON APPROVES.

WASHINGTON, Oct. 11.—An agreement between the war industries board and steel manufacturers fixing maximum prices for steel products at about one-third under existing market prices was approved today by President Wilson.

Prices agreed upon, with Pittsburgh, Pa., and Youngstown, O., as base are: Blooms and billets (4x4 or larger) \$47.50 gross ton; billets (under 4x4) \$51; slabs \$55; sheet bars, \$51.

Prices with Pittsburgh as base are: Steel bars (3 to 5) \$43.50 per hundred pounds; steel bars (5 to 8) \$3.50; steel bars (8 to 10) \$3.75; steel bars (over 10) \$4; skip (grooved) \$2.90; skip (universal) \$3.15; skip (sheared) \$3.25.

Prices for pig iron and steel shapes, frames, etc., were fixed by agreement some time ago and the policy is now extended after frequent conferences between the war industries board and the federal trade commission, which supplied cost of production figures, and between the board and the manufacturers. "The prices become effective immediately, subject to revision January 1, next."

The board, announcing the agreement tonight, makes this statement: "The prices enumerated have been fixed by the president on the assurance of the steel industry that these prices equitably adjust the relations of the steel interests to each other, and will assist them in fulfilling their obligations to give the country 100 per cent of production at not to exceed the prices heretofore announced."

"Measures will be taken by the war industries board for placing orders and supervising the output of the steel mills in such manner as to facilitate and expedite the requirements for war purposes of the government and those nations associated with us, and to supply the needs of the public according to their public importance and in the best interest of all, as far as practicable."

The prices will apply to private as well as to government contracts. The price of billets, fixed at \$47.50, represent a reduction from the current market price of about \$25.50 a ton; billets at \$51, a reduction of \$74; sheet bars at \$51, a reduction of from \$29 to \$44 a ton, and wire rods, fixed at \$57, a reduction of \$32 a ton.

Prices later will be fixed on most of the other iron and steel products, including finished wire, nails, tin plate and sheet iron.
