A home built in Grove Park can be sold at a profit rather than at a loss. Phone 1583.

LOUISVILLE, Ky., Oct. 12.—The Society of St. Vincent de Paul, a Roman Catholic charitable organization with a membership extending throughout the world, opened its national congress in this city today.

Most of the humming birds are tropical, but a few species are found in the temperate parts of North America.

Mt. Pleasant, Tenn.—"As a girl I was always well and hearty," says Mrs. M. E. Rail, of this place. "I have always been accounted healthy. I never felt any trouble like—weakness until I came to the change of life. I was about forty-five when that began. I think I would have died had I not found out what a good friend to women Cardui is."

I suffered a great deal. I had a number of fainting spells, and would be obliged to lie in bed a week or two at a time. I never liked to lie in bed because it interfered so with my work. The swimming in my head was nearly continuous. I could not stoop down it would make me so dizzy. I think I used Cardui off and on for two or three years, using in that time about 8 or 10 bottles. I began to feel the improvement in health before I had taken one bottle, but kept on taking it until I got in perfect health.

Had it not been for Cardui I know I would have been dead. Now I am 52 years old, and weigh about 175, and am in the most perfect health."

Give Cardui a trial for your troubles. It should do for you what it has done for thousands of others. Advt.
