Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to pre-vent its sponge-like pores from clog-ging with indigestible material, sour bile and poisonous toxins, says a noted

Not only will the patrons probably see an excellent game, but they will be contributing the price of their admission to the Red Cross as, according to reports, the nat proceeds will be given to the society.

to the society.

Not only is the first line team of Davidson playing wonderful ball this season, but its second team is also making quite a record. Bingham has met some of the stiffest opposition this meason that it has empountered in several seasons, but, except when it went entirely out of its class, the team has given a good account of itself.

Elliott is said to be lovelier than ever.

"Fighting Odds" deals with big business as it is encountered in the rapidly growing automobile industry. It is a powerful story of intrigue and trickery on the part of powerful men, and of the loyalty and perseverance of a beautiful woman to outwit the conspirators and bring them to justice. It is said to provide Maxine Elliott many highly emotional scenes, in which she appears to outdo anything she ever attempted on the stage.
