ENGLISH PEOPLE JOIN AMERICANS IN CELEBRATION IDEALS STRONGER THAN FORCES OF GERMAN EMPIRE

American Flags Are Displayed on All British Public Buildings. Ideals of Freedom and Justice Will Win, Daniels Says.

STARS AND STRIPES ARE WORN ON COATS TWO ADDRESSES BY SECRETARY OF NAVY

Every Evidence of Most Fraternal Feeling Toward U. S. Displayed. Refers to Jefferson and His Ability to Unite the People.

LONDON, July 4.—No country ever celebrated the national anniversary of another country as the people of Great Britain today are celebrating the Fourth of July. Not alone in London, but in cities and villages throughout the kingdom, in town halls and in churches the American anniversary is being commemorated.

The Fourth began in London on Wednesday night. Theaters and music halls were decorated with the Stars and Stripes and several thousand American soldiers and sailors on leave were entertained at various places.

American Flags Displayed. American flags are out on official and business buildings all over London. For the second time in history the Stars and Stripes wave above the great towers of the parliament buildings in Westminster along with the Union Jack. The American flag is also on the lord mayor's mansion in the heart of the city. Many English people are wearing small American flags on their coats.

The formal celebration began with a fellowship meeting in Central hall, across the street from Westminster Abbey. Five hundred seats there were allotted to American soldiers and sailors. The meeting opened with the band of the Coldstream guards playing the Star Spangled Banner.

Viscount Bryce, former ambassador to the United States, presided and spoke feelingly of the past and present relations between the two countries. Winston Churchill, minister of munitions, then proposed a greeting to the president and people of the United States. This was seconded by N. W. Howell, president of the privy council. Major George H. Putnam, of New York, proposed a resolution expressing "profound satisfaction that the two great English-speaking races find themselves for the first time fighting side by side in the cause of justice and liberty."

The resolution was seconded by Professor Canby, of Yale university. Americans Speak. Vice Admiral Sims, commander of the American naval forces in the zone, and General Biddle, of the American army then were to speak. The meeting concluded with the singing of God Save the King. All American organizations in London had representatives at the meeting and blocks of seats were set aside for wounded British, French, Belgian and Italian soldiers.

At noon the bells of St. Paul's and the Douthwaite cathedral were rung. It is impossible to catalog all the tributes of friendship which mark the day. The dean of Westminster conducted a special service in Westminster Abbey, at which the Battle Hymn of the Republic was sung, and the Star Spangled Banner played. The Rev. Dr. J. H. Jewett held a special service in Westminster chapel and services were conducted in many other churches. The band of the Irish guards gave a concert in the morning at the Eagle hut of the American Y. M. C. A., which is the headquarters for American soldiers. Raymond Stevens, vice-president of the American shipping board, made an address at the hut. American women in London served a luncheon in the new Washington hotel for American officers.

The event which attracted most attention was the baseball game between American soldiers and sailors which King George will attend with the queen and Princess Mary. The King throws out the first ball. The newspaper says that President Wilson must reciprocate after the war by coming over to England and kicking off at a football game. The baseball grounds at Chelsea accommodate 40,000. Twice that number of tickets might easily have been sold. After the game English women will serve tea to 500 American soldiers in Kensington Palace park.

AUSTRALIANS CELEBRATE AMERICAN INDEPENDENCE DAY

(CONTINUED FROM PAGE ONE.)

American Independence day was observed in an unprecedented manner. In London and the large cities of England there were special exercises. Even the small towns joined in honoring the United States. In France the people of Paris and a great many other cities entered into the observance of the day with their proverbial enthusiasm, and elaborate programs were carried out. In Italy the smaller cities vied with their larger sisters in the celebration of the day.

South American nations, three of which had declared the day a national holiday, participated in what was virtually a world-wide demonstration in commemoration of American independence. Along the American sectors of the battle line in France, the day was observed by the boys in khaki, who were called upon to perform only work that was absolutely necessary. The Germans, who had been expected to seize upon the Fourth of July as a dramatic setting for an attack against some part of the line, did not interrupt the celebrations along the front.

GREAT FOURTH CROWD VISITS MT. MITCHELL PARTY TO PURCHASE CATTLE OFF JULY 12

Capacity of Train Service Tested to Limit and About Fifty Fail to Make Trip. Interested Persons Have One Week More in Which to Make Arrangements to Purchase Holsteins.

A. J. Arey and Charles Carter will leave for Ohio to purchase Holstein cattle on Friday, July 12, instead of today, as was announced by error. Mr. Carter announces that a large number of farmers and dairymen have already taken advantage of the opportunity offered them to buy Holstein cattle on the co-operative plan. Over a carload of cattle have been contracted for, said Mr. Carter, and the party hopes to carry orders for at least two whole carloads when it leaves next week. About twenty cows, it is said, can be shipped in a car and the number ordered so far is twenty-six. One week is left now for those who have delayed the matter this far to see Mr. Arey or Mr. Carter and arrange with them to purchase the cattle. If any need backing, the Wachovia Bank and Trust company has expressed a willingness to furnish financial aid.

Mr. Carter says he will be glad to talk with anyone about the advantages of the Holstein cow, several of which he and his brother are now using for dairy purposes, and Mr. Arey will be at the Langren hotel a day or two before the date of departure and will be glad to aid any who wish help or information concerning the Holsteins.

SECRETARY BAKER SENDS MESSAGE TO AMERICAN ARMY IN FOURTH ADDRESS

ROCKFORD, Ill., July 4.—Secretary Baker delivered a message to the 2,500,000 men who compose the American army today in an address to the soldiers of the Eighty-sixth division at Camp Grant.

"You are the army of a free people," he declared, speaking from a roped arena prepared for boxing contests and addressing thousands of troopers, grouped on a hillside before him. "Your country is sending you to rescue France from the heel of an invader, who represents, we hope, the last principle of the autocratic and despotic upon this earth of ours." Mr. Baker declared that the war was for the men in the army "the great adventure," which called for and glorified the qualities of youth. "When you go," he added, "the heart of your country will be with you and when you finally return from the field of glory, the arms of your country will be spread wide to receive you."

GREAT SPLASH OF VESSELS IN ALL PARTS OF THE U. S.

(Continued From Page One.) launching of the 3,500-ton wooden steamer Agria at the Tampa Dock company's yard here today, it was stated that the vessel will be ready for sea within twenty-five days. The first signal of the vessel's movement was given from the wharf of its sister ship, the Namecki. This is the first Ferris type boat on the Atlantic seaboard in which steam has been raised. The Tampa Dock company will lay its sixth keel tomorrow in the cradle vacated by the Agria.

NEWPORT NEWS CELEBRATES. Newport News today celebrated July 4, "liberty launching day" by launching three torpedo boat destroyers and staging the greatest parade ever seen in the city. Approximately 9,000 soldiers, sailors and civilians took part in the parade, while airmen from Langley field shaved the tops of telephone poles as they sped along near the earth only to rise higher in the air and execute death-defying stunts by the score.

The new destroyers are the Harnden, Abbot and Thomas. They were christened by Miss Mabel B. Stephens, of Gloucester, Mass.; Miss Louise Abbot Cook of Pittsburgh; and Mrs. C. E. Thomas, of Annapolis, Mr. respectively. Following the launches and parade there was a great community sing, led by a band of 130 pieces from the Hampton Roads naval base. Later in the day a \$20,000 war camp community club house was thrown open to the soldiers. Following this, the negroes of the city paraded.

REPULSE OF THREE ENEMY RAIDING PARTIES NOTED IN PERSHING'S REPORT

(Continued From Page One) Woods, and was especially heavy on the right of our positions. Numerous points in our rear areas were also shelled. The fire was continuous rather than heavy. High explosives, shrapnel and a small amount of gas were all employed. Besides delivering harassing fire the German batteries were obviously attempting to register on some of the roads in our rear. "Our own batteries vigorously returned the fire and at one point registered directly upon a detachment of the enemy. The activity of the German airplanes like that of the German artillery was notable in being continuous rather than concentrated at any one time or place. More than the usual number of balloons were in evidence. One of the hostile planes was brought down by anti-aircraft fire opposite the right of our sector and forced to land behind its own lines. Numerous groups of men passed recently along the roads running between Givry, Epaux, Belleaux, Bonnes, Griselles, Etrepilly, LeTartre and Plessisance. Wagons and trucks moved along the same routes singly and in large groups. Infantry activity on both sides was normal.

"Along the Marne on the 23 and 29 of June the German artillery continued to deliver the scattered but fairly vigorous fire of the days preceding. On this day, however, the heaviest fire was on the left rather than on the right of our sector. On the other hand our left sector still continued to draw most of the shrapnel. The shelling was confined mostly to the afternoon and evening, and on objectives identical with those previously reported. German machine guns were particularly quiet and there was little rifle fire. Hostile airplanes also were less frequently observed than has been usual during the past fortnight. Behind the German lines men were seen strolling about in the usual fashion. In the Colmar sector the German
