DR. WILLIS G. CLARK SENDS OUT MESSAGE

RECALLS PREVIOUS WARS, PESTILENCE AND FAMINE.

Remedy is to Turn Back to God and Show Dependence on Him Through Prayer.

Rev. Willis G. Clark, rector of Trinity Episcopal church, has sent the following message to the members of his church and congregation.

"War, pestilence and famine are the three oldest scourges known in the annals of mankind. The scriptures record many cases of such afflictions upon the human race, and always account for these scourges by the fact that man has wandered away from God. The scriptures also record the remedy for these afflictions. That remedy is the turning of man back to God and the showing through prayer of man's dependence upon Him. The scriptures also record that in these afflictions some of the very best of people have suffered and died as martyrs for the need of others to learn the lesson of the uncertainty of human life. That lesson teaches us a call to repentance and to the consecration of one's life to the choosing of those things that God has put first."

"We dare not say that we have been so free from sin as to justify a conclusion eliminating the hand of God from this plague that is now upon us, and account for this plague in some other way than as a judgment of the Almighty. We cannot say that our eyes were so open to the shortness and uncertainty of human life and to the need of repentance and a holier way of living as not to justify the martyrdom of one of the best of our city to make us think of these things."

"Something was wrong with us in this world. So God, after trying to teach us in many ways, sent the scourge of war. And now He has added to this scourge of 'the pestilence that walketh in darkness and sickness that destroyeth in the noontide.' And with this pestilence the voice of His ministry is silenced for the time being. We can find no precedent in the history of the world for this latter condition."

"The burden of my prayer for us all, dear friends, is that we will not fail to see the meaning in these things, and not let them pass as things apart from God."

"I pray that we will hear God's voice in our hearts beseeching us during these our tragic times, to 'Come now, let us reason together.' 'Wash you and make you clean, put away the evil of your doings from before mine eyes.' 'Cease to do evil.' 'Learn to do well; and though your sin be as scarlet, they shall be as white as snow.' 'If ye be willing and obedient ye shall eat the good of the land; but if ye refuse ye shall be devoured with the scourge, for the mouth of the Lord hath spoken it.' (Isa. 1: 16-20.) 'In the world ye shall have tribulation, but be of good cheer. I have overcome the world.'"

"So we are called by these judgments of God to a life of repentance and obedience, and to such a faith in Christ as to make us victorious over a life of worldliness."

"I am denied the joy of preaching to you, dear people, but I felt as your pastor and as God's minister to you that I must send you these all too inadequate expressions of my thoughts and prayers. I go to the church regularly at 11 a. m. to pray for you. If any of your dear ones are sick and you want my prayers, just let me know. How I do miss you at the church! And what a joy it is to know how greatly you miss the church yourselves! May we sanctify these days of the deprivation of public worship by a deepening of personal and home devotions."

"Let us pray that it will not be long before we meet again within the walls of the church we love."

PERRY LANE GASTON WRITES FROM FRANCE

IS SPENDING VACATION AT AIX-LES-BAINS.

Says Is In Worth Million Dollars to Meet 'Honest to Goodness' American Girl

Private Perry Gaston, son of Mr. and Mrs. R. J. Gaston, of Hominy, who is with the air service legal department of the American expeditionary forces in France, has written his mother an interesting letter from Aix-Les-Bains, which is appended below.

Mr. Gaston enlisted in the aviation corps last December and with ninety-six other men went to Fort Thomas and was then transferred to Camp Sevier. After four months in training he went overseas and is now stationed in Paris as a clerk in the disbursing and legal department of the air service.

Another Asheville boy, Thomas Black, son of Mrs. A. M. Black, of Birtley street, is with Mr. Gaston. The following letter was written while these boys were in the French Alps on a furlough of seven days, the first vacation they have had since being in the army.

"I am at this place spending my vacation of seven days, the first time since in the army. Since the Americans haven't a home to go to for spending our leaves like the French, English and other soldiers, our government officials have been good enough and thoughtful enough to prepare a relief area where we can spend our vacations with all expenses paid and where there is most every kind of amusement to entertain us all under the management of the Y. M. C. A. This place is in the heart of the French Alps. We will visit the peaks where Hannibal crossed with his army (Hannibal's Pass), also where Napoleon crossed. We are only two hours by auto from the Swiss and Italian border. Tomorrow we will go up Mt. Revard on a little railroad and look over into Italy and Switzerland, seeing Mt. Blanc. There is also some beautiful lakes here, old abbeys and monasteries. J. P. Morgan came here very often and took the hot sulphur baths and occupied one entire floor of the best hotel."

"The Y. M. C. A. building, of which I sent post cards of both exterior and interior views, is the most important part to us boys. The building is simply grand and before the war was used as a gambling place second to 'Monte Carlo,' the largest in the world. We have in it a moving picture show, French vaudeville, band concerts, dancing hall, all kinds of games and a canteen all going at the same time. Quite a few American girls here. Y. M. C. A. helping entertain the boys—also quite a few real nice French and Swiss girls that are spending the summer."

"It is worth a million dollars to me most, to be able to talk and be with an 'honest to goodness' American girl once more. I wouldn't give _____ for every foreign girl over here, although they are all very beautiful, exceedingly clever and fascinating."

"Black is with me and we will be here until October 1, then back to work again some 200 miles away."

"We boys over here fully appreciate and realize what you good people at home are doing for us and you really deserve more credit than is being shown. But in years to come it will be brought forth just how the people stood back of the army. It is a fact we are far better looked after, cared for and have most everything we could expect, and other nations envy."

"I look so much like a German retreat."

MRS. L. A. WATTS WAS BURIED LAST SUNDAY

Funeral services for the late Mrs. Frank Wolfe were held at the home of her parents, Mr. and Mrs. L. A. Watts, at Skyland, on Sunday at noon.

The deceased died of pneumonia following influenza after one week's illness. She is survived by her husband, her parents, six sisters, one brother and two small children.

The sisters of the late Mrs. Wolfe are Miss Caille Watts, who is well known in Asheville, where she has been connected with the Brownhurst flower shop for some time, and Misses Bess, Essie, Pearl, Parlee and Bobby Watts, all of Skyland. Her surviving brother is Harry Watts.

Mrs. Wolfe had a large circle of friends to whom she was known as a young woman of many lovable traits of character and has been spoken of as a consistent Christian and church worker. The funeral services were conducted by Rev. W. A. Willis, special music was rendered by the Messrs. Pressley, uncles of the deceased, and interment was made at Mount Zion church, near Skyland.
