NEW ORLEANS GOTTON.

NEW ORLEANS, Nov. 29.—Aside from a momentary advance of 3 to 12 points around the opening, it was a session of weakness in the cotton market today. The initial rise was quickly replaced by a net decline which was gradually but constantly widened until the very close, which was at the lowest of the day, when it amounted to 115 to 122 points. The market officially was toned weak, on the close.

market officially was toned weak, on the close.

According to floor comment the market felt some hedge selling in the early part of the day, continued to silde off under duliness and finally felt much liquidation as the result of the poor showing made by mill takings of American cotton for this week which according to Hester, were only 329,000 bales against 425,000 this week two years ago.

The small advance on the opening was partly due to unfavorable weather accounts from the belt, and to claims of a better spot demand in some sections. Locally the spot department showed no sctivity and prices were reduced 50 points which carried middling down to 29.25. At the lowest levels January traded at 25.60.

# Shall America Stint Herself To Feed Germany?

An examination of the American press shows that the German wail for food, which was the first sign of life of the new-born German Government, has not aroused any large amount of compassion over here. To many observers this "propaganda" is important as the opening gun of Germany's fight for a victory at the peace table. All our late full-Germans, pro-Germans, and pacifists are expected to come out of hiding forthwith and "show mercy to the defeated." "They will come," predicts the Kansas City Star, "bearing bouquets, asking permission to offer consolation to the prisoner and to leave tracts and flowers in the cell. . . . Heaven spare us now from mush.' On the other hand, Mr. Herbert C. Hoover, the Food Administrator, says "there has been a great deal of unnecessary furor in this country about feeding the Germans. We are not calling upon the American people to make any sacrifice with a view to feeding the Germans. Remove the water-tight blockade and the Germans will take care of themselves."

The leading article in THE LITERARY DIGEST this week-November 30thtakes up the latest phase of the peace negotiations and by presenting the sentiments of editors of all political persuasions gives the reader a concrete idea of how America feels upon the subject of feeding Germany this winter.

Other articles that will be of great interest to the American people upon subjects that concern them intimately, are:

Full-Page Colored Map in "The Digest" This Week This instructive Map will be eagerly welcomed by the readers of "The Digest," for on it they can easily trace the progress of the great Allied army of occupation in its triumphal march toward the Rhine. The map also shows the German territory to be occupied by the American and Allied armies under the terms of the armistice. The "bridge-heads" along the line are

clearly indicated, with the neutral zone shown in color; also the battle line as it stood when hostilities ceased at the eleventh hour on the eleventh day of the eleventh month of the year. Briefly, the entire region that will be most prominent in the news for a long time to come will be available -for ready reference through this map. It is worthy of permanent preservation.

WICHITA, Kas., Nov. 29.—Tomorrow the Rt. Rev. John J. Hennessy will have completed his thirtieth year as bishop of the Roman Catholic diocese of Wichita. With the exception of Bishop Harkins of Providence, who was consecrated one year earlier, Bishop Hennessy is the oldest Catholic bishop in the United States in point of service. Born in Ireland 71 years ago, he came to the United States in childhood. His early education was received in St. Louis and his theological training at Cape Girardeau college. In 1869 he was ordainhis theological training at Cape Girardeau college. In 1869 he was ordained a priest by papal dispensation, being under the canonical age. For twenty years his work was confined to Missouri, where he labored in the missionary field, built churches in many of the smaller towns, organized educational agencies and found time to edit some of the church publications. In 1880 he become rector of St. John's church, in St. Louis, where St. John's church, in St. Louis, where he remained until appointed bishop of the Wichita diocese in 1888.
