OPEN PUBLIC HEALTH CRUSADE IN CITY

FIVE COUNTIES COMPOSE WESTERN DISTRICT.

Dr. W. T. Galloway to Deliver a Number of Lectures on Wednesday and Thursday.

The "Keeping Fit" campaign which is being waged all over the state under the direction of the state board of health and the U. S. public health service, will be carried out in Asheville this week, and on Wednesday and Thursday exhibits will be placed at a number of the leading stores and in public gathering places.

Dr. W. T. Galloway, who is a noted public health service man of the U. S. public health service, and who is spending some time in this state assisting in the "Keeping Fit" campaign, will arrive in the city Tuesday, and on Wednesday and Thursday make a number of lectures before the leading clubs and various organizations of the city.

There will be a special meeting of the ministers, teachers, civic clubs, probably lodges and other organizations, and Dr. Galloway will therefore speak before the leading citizens of the city.

The state has been divided into a number of districts through which active workers will make thorough campaigns in the interest of the general health of the public, and included in this district are the counties of Buncombe, Haywood, McDowell, Henderson and Madison.

C. Walter Johnson, community boys' work secretary, is promoting the work here and the meetings to be held in Asheville this week, will be followed by gatherings for the same purposes in a number of the cities and towns in the other counties included in this district.

BIBLE LECTURER TO OPEN SERIES

C. E. Putnam, a well known Bible teacher will open a series of lectures today at the Balm Grove Methodist church in West Asheville. He will speak twice a day, at 3:30 o'clock in the afternoon and at 7:30 o'clock in the evening.

The speaker will be here two weeks and it is expected that a large number of people will attend the lectures, which have been given in many sections of the country.

ENJOYABLE BANQUET FOR FOOTBALL BOYS

Attention of the Young Men Called to Work Among Boys of the Community.

Members of the football squad and several of the faculty of the Asheville high school last night were tendered a banquet at the Y. M. C. A. last night under the direction of C. Walton Johnson, community boys' work secretary.

Dr. A. S. Wheeler acted toastmaster and addresses were made by C. Walton Johnson, who outlined the work that the young men of the high school could do which will assist materially in community work among boys; Superintendent M. K. Weber, who spoke interestingly of the accomplishments of high school boys and the present day opportunities for the young educated man, with special reference to his duties toward the young people of the community, and members of the team.

Coach Van Alstyne spoke of the athletic program of the Asheville high school, and regarding the best ways to develop good football, basketball and other teams. Graham Webb, manager of the football team, rehearsed the story of the games played this season and called upon the players to get their eyes fixed on next year's state high school championship. Pierce Matthews spoke about the importance of team work and plenty of practicing. Matthews was a member of this year's football team, and is interested in the athletic program of the school.

NO CASES TRIED IN SUPERIOR COURT

With Attorneys Back From Supreme Court Work Will Be Rushed.

There was no session for the superior court held yesterday owing to the fact that no case was ready for trial, and also the absence of attorneys. Only the signing of old judgments were brought to the attention of Judge Finley at the Langren hotel.

The Monday morning session will open at 9:30 o'clock, and with the attorneys who attended supreme court at Raleigh back to this city, the work of the court is expected to be speeded up, and cases will be called according to the original docket, as far as possible.

LADIES ARRANGE FOR BIG SEED CORN SHOW

Splendid Luncheon to Be Served at the Show at Court House Next Saturday.

At a meeting of the ladies' luncheon committee of the Boys' Corn Club at the Board of Trade yesterday, Farm Agent E. D. Weaver and District Agent J. M. Gray estimated there would be in attendance at least 300, including the boys and girls, members of the corn, pig and potato clubs and their parents at the seed corn show next Saturday.

Each member of the committee is being requested to bring at least 60 sandwiches and one cake, and where convenient, some pickles. Each member of the committee may appoint another lady in her neighborhood to help secure her portion of the sandwiches and other good things that active boys and girls love to eat.

A special committee consisting of Mesdames J. W. Haynes, W. E. Glenn, Rachael T. Hannaman and N. Buckner, was appointed to provide hot coffee.

In the letter sent out to the ladies advising them of the action of the committee, it stated that the men, boys and girls were expected to bring in their exhibits to the court house on or before 10 o'clock next Saturday. Mr. Weaver will be on hand there to look out for them and arrange same on the table.

A number of out-of-town men acquainted with farming, and especially able to tell about it in an interesting way, will be on hand to provide some entertainment that will also prove educational.

FRED JONES GOES TO WINSTON-SALEM

Will Be Chief of Detectives of Reynolds Tobacco Co.

Fred Jones, who was chief of detectives under the former board of city commissioners, has accepted a position as chief of detectives for the R. J. Reynolds Tobacco company at Winston-Salem.

Mr. Jones has been connected with the local police department for many years and is known as a valued officer. Since leaving the force here he has been connected with the Southern railway, which position he gives up to go to Winston-Salem.

NO PRESENTS FOR TEACHERS OR PUPILS

Teachers Take This Action Owing to H. C. of L. This Year—Tried in Other Cities.

This will be a giftless Christmas for the teachers and pupils of the public schools of Asheville, if the decision reached at a meeting of the teachers last week is carried out. The teachers voted that it would be unwise this Christmas to give presents or remembrances to the pupils in their rooms and classes and they also voted that they could not accept gifts or presents from the children under them.

Heretofore it has been the custom to give presents to the students by the teachers, this custom costing a nice penny for the teachers, while on the other hand the parents of the students were worried because they were called on to help select presents for the teachers. This matter has been taken up by teachers in other cities and was worked very successfully during the war and will be carried out again this year.

Under the New Ruling of the Regional Fuel Commission, the Store Will Be Open from 9 a. m. to 6 p. m.

We shall, of course, comply with the order restricting the use of fuel and light—our electric lights and heat will be cut off at four o'clock but—

We have provided other means of adequately lighting the store, and will be prepared to serve our customers from four to six with a fair degree of satisfaction.

We shall appreciate your co-operation during this period by shopping early. The morning hours are best. But customers shopping after four will be shown every attention and served to the best of our ability.

M. V. Moore

AMERICAN RED CROSS BUY RED CROSS STAMPS

In the past many of our friends have done their Christmas shopping late in the afternoon. Coal conservation now requires that we close each afternoon at four P. M. We therefore ask that they do their shopping earlier in the day.

have to say about cream separators this week

REMEMBER that a cream separator has to be used 730 times every year. If it runs hard, or isn't easy to wash, or doesn't skim clean, it is a constant annoyance and bother.

No machine or implement on the farm receives such constant use and there is no other machine on the farm where quality of work means so much and first cost means so little.

A little loss of cream with a cream separator, multiplied 730 times, soon runs into money. It's too big a handicap for any cow owner to try to work under.

Creamer men all over the world long ago came to the conclusion that the De Laval was the only machine they could afford to use. That's why 98% of the cream separators used in creameries the world over are De Laval's.

You will find the biggest and best dairymen almost invariably using De Laval's

Experience has — them that it is the most economical.

You can't afford to take any chances with your cream separator, and we know that if you will come to us and let us put in a De Laval for you, 730 times a year you will say to yourself "I made a good move when I bought that De Laval."

Sooner or later you will buy a DE LAVAL

DO YOU KNOW

You cannot feed a husband on poor food and expect him to earn good wages. You may think you are feeding him well, but the man on the other side of the table by keen observation can perceive what you are feeding him.

A man who eats poor food cannot unravel big schemes. Don't feed him on army bacon. If you do, you will make him a private in capacity. If you want him to be an officer in the field of useful endeavor, feed him an officer's rations—the best food that you can buy.
