Gain Strength Rapidly on Vinol

Vinol is successful because it is a non-secret remedy which contains Beef and Cod Liver Peptones, Iron and Manganese Peptonates and Hypophosphites—but no oil—the very elements needed to build up strength and robustness. Children love to take it.

The Wonderful Efficiency of Vinol is proven by these letters Aiken, S. C.—"My little girl five years of age had been delicate all her life. She was weak, run-down, no appetite, and she could not keep still a minute. We were very much worried about her. Our druggist, who is a doctor, said Vinol was the best tonic he knew for her. We tried it and you ought to see how she has improved by its use."—Mrs. LEONARD W. GEORGE

MAN WHO DEFENDED

EMMA P. O., IS DEAD

Samuel Alexander Fought Emma Burglars in 1901—Funeral Here on Wednesday Afternoon at 2:30.

Samuel Alexander, formerly postmaster at Emma, near here, who defended the office against the attacks of the Emma burglars in 1901, died at his home in West Asheville yesterday, following an extended illness. Following his work in fighting the notorious burglars, Mr. Alexander was rewarded by the postoffice department at Washington with a position there, and since that time has been in Washington. His health failed, however, and he returned to Asheville a short time ago. Surviving are the widow, one daughter, Miss Margaret Alexander; three brothers and two sisters. The funeral services will be held at the Balm Grove Methodist church in West Asheville on Wednesday afternoon at 2:30 o'clock and interment will follow at the West Asheville cemetery.

FORM COW TESTING ASSOCIATION HERE

MUCH INTEREST IN DAIRYING IS STIMULATED.

Newly Formed Association Will Employ an Expert in Dairying—155 Cows Registered Yesterday.

A Cow Testing association was formed at the regular meeting of the Buncombe County Dairy Association at the board of trade room yesterday afternoon by Earl Brintnall, agent in charge of Dairying, department of agriculture, Raleigh, with the co-operation of J. Walker Haynes chairman of the dairy division of the board of trade. Mr. Brintnall stated very clearly the object and advantage of the Cow Testing association which was to study and introduce the most improved feeding methods for economical milk production. The economical purchase of feed, the elimination of boarder cows or cows that do not produce enough milk to pay for their feed and care. Continuing Mr. Brintnall declared that the association would mean more milk from fewer cows which can be kept for dairy feed bills and labor for the care of the cow. In addition to these members of the association will be shown that the best calves from the best cows which can be kept for dairy purposes and the poorer calves from the poorer cows can be sold, which in turn will build up a herd to continue the increased milk production. It was also decided to have a register work in the association for milk and butter fat. Advance register work means the keeping of records of heifers and cows for a certain number of pounds of butter fat per year. A mature five year old cow in order to enter in advance register must show a minimum of 360 pounds of butter fat per annum. This work of the association will prove to the dairymen and farmers the advantage and greater benefit of the purebred type of cows. At the meeting yesterday afternoon 155 cows were registered for the association which will begin active work in the spring of 1920. Mr. Brintnall and E. D. Weaver will take the matter up directly with the dairymen for the completion of the minimum number, when a man with experience will be selected for the position and on or after his full time of this important matter.

INANDA SCHOOL ROW IS AIRED IN COURT

Trouble Traced to Some Persons Disgruntled Because a \$50 Salary Will Not Supply Christmas Treats.

Marion Parker was tried on a charge of having used profane language on a public highway, and Larkin Parker for an assault upon Perry Alexander before Magistrate Hunter, and each defendant was fined \$25 and the costs, yesterday.

These cases grew out of the recent trouble at the Inanda school house, when the doors of the building were nailed fast and the teacher and children were unable to gain admittance. It developed in the testimony that children of the Parker brothers had been implicated to some extent in nailing the doors and stretching a wire so that it hindered and made impossible an entrance into the building.

Mr. Alexander, school committeeman, had started to draw the nails and cut the wire so that the teacher and children could gain an entrance, when he was accosted on the road and he said "cussed out" by Marion Parker, who was alleged to have defied anyone to open up the building. The committeeman, however, proceeded to tear down the barricade and allow the teacher and children to get in out of the cold.

Afterward it was said that the defendants offered testimony that the teacher, Mrs. Mary Higgins, who receives a salary of around \$50 net, did not furnish an abundance of candy, fruit and nuts, as a Christmas treat, and in view of that fact the children were disgruntled over the further conduct of the school, by Mrs. Higgins.

DOWN IN BED AND SO WEAK

Lady Suffered Terribly for Eight Weeks But Her Case Showed Wonderful Improvement After Taking Cardui.

Johnson City, Tenn.—Mrs. M. R. Scott, living near this town, states: "About three years ago I was down in bed . . . terrible and so weak I couldn't bear the sight of food. This condition continued for about eight weeks . . . I thought I was going to die, and knew I must get something to do me some good. I had heard all my life of Cardui and the good results obtained from its use. So I decided to try it. After about a half bottle of Cardui my appetite improved, then I was less nervous. I kept it up until I had taken five bottles—and such an improvement! I gained flesh and now am the picture of health, due, I believe, solely to the use of Cardui. I am the mother of ten children and feel well and strong." Cardui is a mild, medicinal tonic for women. It has stood the most severe of all tests—the test of time having been in use for over forty years. It is composed of purely vegetable ingredients, which have been found to help build up the vitality, tone up the nerves, and strengthen the womanly constitution.

PLANS MASS MEETING AT LIBERTY SCHOOL

Some Patrons Advocate Consolidation of Liberty and Snow Hill Schools and a New Building.

Miss Ethel Terrell, county superintendent of schools, and T. P. Gaston, member of the board of education, will meet a number of the patrons of the Liberty and Snow Hill schools, at the Liberty school house Thursday afternoon at 2:30 o'clock, at which time the advisability of consolidating the two districts will be discussed. It is said that at present the need for a better school house and a larger school at each of these places is greatly felt, and a patron in the city yesterday said that a new building could be placed so that it would serve the patrons of both schools and not be more than two and one-half miles from the farthest family.

In case the patrons of the two schools can not agree upon the consolidation plan, it will probably be proposed that each school take active steps at once toward increasing the teaching staff and the erection of larger buildings.

Those familiar with the situation in these two schools point out that the present agitation for either a consolidation or for two better schools thoroughly evidences the fact that the people of these two progressive communities are awake to the needs of adequate school buildings and competent teaching corps.

JUNIOR COUNCIL HAS ENJOYABLE BANQUET

Asheville Council Number Six Installs Officers—Council Is In Best Condition Since Organization.

Immediately following the installation of officers at the lodge hall in the Paragon building last night, members of the Asheville Council, No. 6, Junior Order, held a very enjoyable banquet in the Japanese tea room of Green's cafe.

A very large per cent of the members were present and 67 participated in one of the most pleasant gatherings ever held by the council. With Mark Erwin, acting as toastmaster, there was throughout the sumptuous banquet an abundance of material conducive to laughter and after his remarks no persuasion was necessary to make the Juniors smile. W. A. Dayton, the retiring councilor, was presented with a handsome chest of silver, the gift of the members of the council, as a token in recognition of his faithful work which has attributed greatly toward the present fine condition of Council No. 6. In the report of the council it was made known that while all reports were optimistic and justly so, present financial status of the council is the best in its history. One member remarked that when the pecuniary side was labeled "O. K." the entire works would be found in "excellent condition."

Musterole Loosens Up Those Stiff Joints—Drives Out Pain

You'll know why thousands use Musterole once you experience the glad relief it gives. Get a jar at once from the nearest drug store. It is a clean, white ointment, made with the oil of mustard. Better than a mustard plaster and does not blister. Brings ease and comfort while it is being rubbed on! Musterole is recommended by many doctors and nurses. Millions of jars are used annually for bronchitis, croup, stiff neck, asthma, neuralgia, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

inal sick of the county. A committee was appointed to investigate the matter, to consult with the county commissioners and to report back to the society at the next general meeting.

It is believed that some plan can be worked out whereby the criminal sick can be taken care of in this county. At present there is a young boy at the county home suffering with tuberculosis and his case caused the matter to be taken up at this time.

NOTICE. All water bills are due from the first to the tenth of each month, and must be paid. There will be no further notice given those in arrears.

Ends Stubborn Coughs in a Hurry

For real effectiveness, this old home-made remedy has no equal. Ready and cheap.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief given is almost like magic. It takes but a moment to prepare, and really there is nothing better for coughs.

Into a pint bottle, put 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to make a full pint. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, the full pint saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out and then disappear altogether. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, hoarseness, and bronchial asthma.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Brest Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system. Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Liniment. When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 80 cent bottle of old, honest "St. Jacobs Liniment" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone. Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin. Nothing else stops lumbago, sciatica and lame back misery so promptly!
