

### \$3,643.50 NEEDED FOR THE Y. M. C. A. DRIVE

TOTAL OF \$1,727.50 SECURED BY TEAMS YESTERDAY.

The workers for the local Y. M. C. A. current expense drive were very successful in their soliciting yesterday. At luncheon yesterday, their report showed that their interest had not lessened in the campaign. The captains showed a total of \$1,727.50 had been secured during the morning work. Dr. J. T. Sevier is still in the lead, his team having reported to date a total of \$2,961. There is a balance yet of \$3,643.50 to be raised.

H. A. Dunham the director of the campaign, stated to the men that he had only asked them for the one full day's work, but that from the reports made at least forty per cent of the people had not been seen who had subscribed last year and that he felt if the workers could only give a short time this morning to the work the amount could be secured. When he made the suggestion the workers all stood up and volunteered to be at the Y. M. C. A. this morning to continue the drive. The secretaries of the association are checking the cards already turned in, against the prospects and will have the cards ready for the workers when they reach the building at 9:30. It is expected that a sufficient amount will have been secured at noon today to make the total which is needed and close the drive.

The workers all report that they have been most cordially received and that all the regular subscribers of the association are renewing their subscriptions and that many are increasing the amounts formerly given. It is a noticeable fact also that many new subscribers have been secured. The program of the local association this year calls for a great movement and the friends are rallying to the

### KNOXVILLE HIGH TO PLAY HERE TONIGHT

East Tennessee Train Will Play Three Games in the City—Good Games Expected.

The basketball fans of the city have turned their interest to the Knoxville high team which will arrive in the city today to play games with three local schools. It is understood that the Knoxville team is a very strong one and that they will give the locals a close contest in all three of the games.

The visitors will meet the "Y" team tonight on the "Y" floor. Friday night they will meet the high school team at the high school, and Saturday afternoon they will play Bingham Military school on the floor of the latter. The members of the visiting team will return home Sunday. Seats are now on sale for Thursday's game at the Y. M. C. A. The line-up for the game tonight is as follows:

Y. M. C. A.	Position.	Knoxville
Joe McIntyre	Center	Donahue
G. Randolph	Guard	Keister
E. Coston	Guard	Crittenden
J. McElhan	Forward	Dean
G. Laughern	Forward	Shannon
B. Murphy	Forward	Shannon
Tennent	Forward	Ayres

support of the work. The building of the association has been used this year to its fullest capacity and has touched the greater portion of the boys of the city in some of its activities.

### ELECT OFFICERS FOR TELEPHONE COMPANY

Fairview and Cane Creek Concerns to Offer Stock on the Open Market—Business Increasing.

Limitations which have existed heretofore as to the amount of stock each subscriber might have were ordered lifted and the stock sold upon the open market at the annual meeting of the stockholders of the Fairview Telephone company and the Cane Creek Telephone and Light company.

The resignation of H. K. Miller, president, was accepted, and H. C. Merrill was elected to fill the vacancy. Mr. Merrill having been vice president, this position was made vacant and James G. K. McPherson, Jr., was made vice president. J. E. Pinkerton was elected as a new member of the board of directors.

Through the sale of stock on the open market the management expressed a belief that the company would soon be considerably enlarged, and that a great majority of the people in the two big sections of the county could be served by the company.

### R. A. WATKINS JOINS NAVY FOR 2 YEARS

Navy in Need of Many Men in Various Branches.

R. A. WATKINS is in the navy. R. A. Watkins, of Cliffside, was accepted for enlistment in the navy yesterday at the local navy recruiting station, and was sent to Raleigh for further transfer to a naval training station. He enlisted for two years as apprentice seaman. Young men leaving school who are unable to attend college will find the hospital corps of

the navy an excellent opportunity to improve their education, if they so desire, and to fit themselves for a useful occupation in civil life after a two-year enlistment in the navy. Men who contemplate the study of medicine, pharmacy or dentistry will find that the knowledge gained in one of the navy hospital schools will be of great benefit to them in their later studies.

The navy maintains hospital schools at Newport, R. I., Great Lakes, Ill., Hampton Roads, Va., and San Francisco, Calif. The school at Hampton Roads, Va., is the best equipped institution of its size in the world and offers advanced training for men who are interested.

At these schools are taught, first aid, minor surgery, anatomy, physiology, toxicology, bacteriology, materia medica, pharmacy, chemistry, X-ray and typewriting. Young men who enlist as hospital apprentices second class,

are sent to one of these schools for a six-months' course of instruction in the duties of a hospital corpsman.

### REV. WM. JONES TO SPEAK AT Y. M. C. A.

Chaplain of Asheville School To Be Sunday Speaker.

Rev. Wm. Jones, chaplain for the Asheville School for Boys, will be the speaker at the local Y. M. C. A. Sunday at four o'clock. Rev. Mr. Jones spoke recently at Trinity church and his friends here will be glad to know that he will speak again in the city.

He was asked to speak here at the request of one of those who heard him recently in the city. His subject will be "The Parable of Jesus as a Guide to Living."

The musical program will consist of a solo by Miss Lucile Fitzgerald. The accompanist will be Miss Virginia Whitfield.

ject will be "The Parable of Jesus as a Guide to Living."

## Thin, Nervous People Need Bitro-Phosphate

### What It Is and How It Increases Weight, Strength and Nerve Force In Many Instances

SHOULD BE PRESCRIBED BY EVERY DOCTOR AND USED IN EVERY HOSPITAL  
Says Editor of "Physicians' Who's Who."

Take plain bitro-phosphate is the advice of these physicians to thin, delicate, nervous people who lack vim, energy and nerve force, and there seems to be ample proof of the efficacy of this preparation to warrant recommendation. Moreover, if we judge from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are often due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by Smith's Drug Store in Asheville, and most all leading druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate should produce a wonderful transformation in the appearance; the increase in weight frequently being astonishing.

Clinical tests made in St. Catherine's Hospital, N. Y. C. showed that two patients gained in weight, 23 and 27 pounds, respectively, through the administration of organic phosphate; both patients claim they have not felt as strong and well for the past twelve years.

Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear, dull eyes ought to brighten and pale cheeks glow with the bloom of perfect health.

Physicians and hospitals everywhere are now recognizing its merits by its use in ever increasing quantities. Frederick Koelle, M. D., editor of New York Physicians, "Who's Who," says: "Bitro-Phosphate should be prescribed by every doctor and used in every hospital

to increase strength and nerve force and to enrich the blood."

Joseph D. Harrigan, Former Visiting Specialist to North Eastern Dispensatory, says: "Let those who are weak, thin, nervous, anemic, or run-down, take a natural, unadulterated substance such as bitro-phosphate and you will soon see some astonishing results in the increase of nerve energy, strength of body and mind and power of endurance."

Bitro-Phosphate is made entirely of the organic phosphate compound referred to in the National Standard Dispensatory as being an excellent tonic and nerveine and a preparation which has recently acquired considerable reputation in the treatment of neurasthenia. The standard of excellence, strength and purity of its substance is beyond question, or every Bitro-Phosphate tablet is manufactured in strict accordance with the U. S. Pharmacopoeia test requirements. Bitro-Phosphate is therefore not a patent medicine and should not be confused with any of the secret nostrums, so-called tonics or widely advertised "cure-alls."

CAUTION—Although Bitro-Phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, owing to its tendency to increase weight it should not be used by anyone who does not desire to put on flesh. Adv.

### Because---

I maintain three very extensive chemical laboratories in which all materials are thoroughly tested. No harmful materials can ever enter into Royster goods. Our home and foreign markets are picked over for the choicest raw materials; then I formulate them in just the proportion which my life-time experience has found to be best for each crop for which the fertilizer is intended. The results of all this care is, naturally, a complete mixture which is really the "last word" in fertilizer. So, you see, I am justified in feeling proud of the Royster Products, which come from our fifteen up-to-date plants.

## Service is a Pleasure

TO THE man who dislikes the commonplace, who will not build a home like his neighbors nor wear a suit like his fellows, the Roamer makes its appeal. Every Roamer possesses individuality. Its patrician poise sets it aloof from conventional automobiles. Its finish proclaims the taste of its owner because the choice of color, upholstery and top material is optional without added expense.
