PLANS MADE FOR THE DEMONSTRATIONS
Pruning and Spraying to Start Thursday and Continue All the Week in This Section.
In order to secure proper technical records, Paul T. Schooley, extension horticulturist, and M. A. Smith, extension entomologist, visited the orchard of James Coleman on the Dixie highway near Weaverville yesterday, and laid off the demonstration plots where the pruning and spraying demonstration of apple trees will be given at 2 p. m. next Friday February 13.
Mr. Schooley states that the trees and general lay of the orchard is most excellent indeed and anticipates a large crowd of farmers and those interested in apple growing in this section, present at the apple growing demonstration next Friday.
At 11:30 a. m. Thursday, February 12, the pruning and spraying demonstration will be given in the orchard of P. H. Bailey at Saluda, and at 10:30 a. m. Saturday, February 14, will be given in the orchard of Solicitor Pritchard, one mile out of Marshall.
Mr. Schooley and Mr. Smith will go to Marshall this morning and take the technical records and lay off the demonstration plot in Solicitor Pritchard's orchard near Marshall.

MAY ATTEND CITY SECRETARIES MEETINGS
W. W. Edwards, of Local "Y," May Take Part in the Sessions to Be Held Next Week.
W. W. Edwards, secretary of the local Young Men's Christian association, is planning to attend the conference of the city "Y" secretaries in Washington, D. C., on February 17 and 18.
This meeting of the secretaries has grown out of several informal conferences of city general secretaries, held during the Detroit convention, which revealed the need of a representative conference of the secretaries for the purpose of considering some of the vital questions which now confront the city associations.
The opening session of the conference will begin at 10 o'clock on the morning of February 17 at the Y. M. C. A., 1736 street, N. W., and, as many will want to get away on the 18th, the secretaries are requested to be on hand promptly.

DOGS TRAILED MAN FOR STEALING MEAT
Tom Inman Arrested Near Sunburst and Held For Court.
J. A. Lyster returned yesterday from Sunburst where he went Sunday following the robbery of the smoke house of F. D. Roger's there. The dogs followed the trail for three miles up Big creek to the home of Tom Inman. Although the meat, which was stolen from Mr. Roger's house, was not found at Inman's, the evidence by which the dogs followed the trail pointed to Inman as the party wanted and he was arrested and brought to Waynesville.
Inman is about 22 years of age and was arrested a little over a year ago, charged with stealing a hog out of a neighbor's pen. He being under age at that time and his case was dropped from the court and was discharged. Inman was tried yesterday before a magistrate at Waynesville and was bound over to the next term of criminal court, which will take place there within a few days.

THE HALLMARK STORE
BUY IT TO USE
You ought to use your Silverware. Every piece from the largest silver tankard all the way to the tiny vanity box, was made for utility. You should use it every day, just as you do your dining table or your living room furniture. One great difference you will notice of course—silver does not depreciate. Articles made of silver grow more valuable as the years go by. Every silver article we sell you will give you service, and be worth more and more later on.

SAW MILL EXPLOSION NEAR BLACK MOUNTAIN KILLS 3; INJURED TWO
Boiler of Engine of Broad River Mills, Owned by Asheville Man, Exploded, Killing Three Workmen Instantly—Too Much Steam Given as the Cause.
In an explosion which occurred yesterday at the plant of the Broad river saw mills, six miles from Black Mountain, in McDowell county, three men were killed and two injured. The dead are: Harold Taylor, hand at the mill; Fred Garrison, fireman, and Raymond Barnwell, logger. The injured are Frank Young, miller, and one unidentified man, who is said to be only slightly injured.
The explosion is said to have been caused by too much steam in the boiler. The plant had been running all day, and Barnwell had just come in with a trail of logs, and taken a seat near the boiler when the explosion occurred. Pieces of the boiler struck the five men, killing three of them instantly and injuring the other two.
The bodies of the men were badly mangled, the information states, and medical aid was summoned from Black Mountain, Dr. Woodcock going to the scene, but three men were dead when he arrived there. Barnwell is said to be from Grace, where his mother now lives, but the other two dead men lived near the scene of the tragedy and their bodies were taken to their homes, while Barnwell's body was brought to Black Mountain to be sent to Asheville.
The plant was badly damaged, the reports state, much of the machinery being torn up and broken. The explosion was heard for several miles. It is stated, many people living nearby by thinking that the sound was from blasting in the mountains.
The mills were located in the Lackey section, about six miles from Black Mountain, and are the property of Edwin L. Gaston, of Cumberland avenue, this city, who maintains wholesale lumber offices in the Drummer building, and is secretary of the Williams-Brownell Planning Mill company, of Biltmore. Mr. Gaston visited the scene of the wreck yesterday afternoon and last night.
The lumber sawed at the mills is brought to Black Mountain for shipment, but the road is a long, rough one and few Black Mountain people were familiar with the location of the mills, when questioned yesterday. The capacity of the mills was said to have been between 15,000 and 20,000 feet.
The coroner of McDowell county visited the plant yesterday afternoon, but it was understood last night that he did not hold an inquest over the bodies, as the statements of the two injured workmen, the only live men left after the explosion, being clearly to the effect that the explosion was accidental and happened when the men were several feet from the boiler and engaged in different work. It is understood that the mill will be rebuilt and the work continued, as the company owns a large amount of timber in that section.

453 BOOKS WERE ISSUED SATURDAY
High Record Reached at Pack Library—New Books Shelves.
A new high record in circulation was reached by the Pack Memorial Public Library Saturday, the number of books issued then being 453. The previous high mark had been made the previous Saturday when the circulation was 435.
A number of new juvenile books were shelved yesterday, most of them being soon taken out. With the closing of the schools children are making extensive use of the municipal library.

ESSAY CONTEST FOR CHILDREN IS OPEN
War Department Wants Children to Write Best Essays on Enlistment in the Army.
The national essay contest inaugurated a short time ago by the war department offering prizes to the school children who write the best essay of 400 words on the advantage of an enlistment in the United States army, is arousing great national as well as local interest.
It has also been enthusiastically endorsed by the leading business men of the state, who are offering many local and state prizes. Many of the children who expect to compete for the prizes have written the war department requesting literature. The requests were so numerous yesterday that telegrams were received at the local recruiting station to have children informed that literature is available and all information relative to the rules of the contest are to be had more quickly from the local recruiting station or the state general office, which in North Carolina, is located at Greensboro.

BURIAL SERVICES FOR A. M. GOODLAKE TODAY
Will Take Place at Riverside Cemetery at 11 O'Clock.
Funeral services will be held this morning at 11 o'clock at Riverside cemetery for A. M. Goodlake, who died Sunday night at his home on Central avenue. The deceased was 60 years of age and was a well known contractor and builder of this city. He is survived by his wife, five sons and four daughters, all of this city and county.
The following members of the local Carpenters' union No. 354 will act as pallbearers: Joseph Shook, C. G. Worley, Will Kuykendall, Jesse Moss, Irwin Garland and H. P. Clayton.

DISK BEFORE PLOWING
and after plowing. This method of tillage leaves no clumpy strata under the seed bed to cut off subsoil connections—no cut off crop yields. With
Cutaway
Double Action Disk Harrows you can practice this method without extra cost. They double cut every inch they leave the land level; they are light draft; they save at least one horse and one man; they cost surprisingly little; and there's a size for every farmer!
Ask your dealer to show you CUTAWAY (CLARK) Double Action Harrows. If he doesn't tell them write us. Where we have no agent we ship direct.

We Sell Men's Shoes

A GOOD INVESTMENT
Good jewelry has a permanent value, not only from a monetary standpoint, but from the standpoint of service and satisfaction. Cheap jewelry is seldom serviceable and therefore the expected satisfaction is lacking in its use. Our policy is not to sell the cheapest goods. We strive to merit your patronage and that of your friends by the service we give and the goods we sell. The giving of jewelry, such as rings, pins, lavallieres and necklaces violates no law of thrift, for in each is found an investment of proven worth. Their beauty and value are constant reminders of the giver. You can always have the assurance of getting just the right quality and service at
