

BOY SCOUTS START GOOD TURN PROGRAM

HIKES TO BE TAKEN TODAY AND TOMORROW.

Scouts All Over America Are Observing the National Week—Part of the Program Given Up Here.

Six members of the Boy Scouts of this city will leave this morning for Mount Mitchell where they will spend the night and come back tomorrow. C. Walter Johnson, community boys work secretary, will have charge of the boys and they are expected to have a splendid time.

The boys of Troop No. 1 will Wednesday morning at 8:30 o'clock at the Y. M. C. A. and will hike Cedar cliff where they have planned to spend the day. W. A. Allen, scoutmaster of the troop, will accompany the boys, and this hike promises to be one of the best one day hikes the members of the troop has ever taken.

A large part of the program for the observance of the National Boy Scout week had to be abandoned on account of the health ban. These hikes and trips which the boys have planned to make are a part of the program and have been looked forward to with much interest by the boys for the past several weeks.

Several other troops of the city have also planned trips which they will probably take before the week is over.

During the week of February 8 to 14 hundreds of thousands of Boy Scouts of America all over the country will celebrate the tenth anniversary of the movement, which will be observed everywhere as "National Good Turn Week."

A feature of the anniversary program will be the inviting through some channel of every man, woman and child in the land to adopt for that week the Boy Scout habit of doing a good turn to someone each day.

In many states the governors have issued formal proclamations in behalf of "Good Turn Week," and mayors of many cities have taken similar action.

During the first ten years of scouting in the United States there have been over one million, two hundred thousand American boys who have received training in citizenship through the "physically strong, mentally awake and morally straight" program of the Boy Scouts of America.

Almost 17,000 troops of scouts have been organized, and the movement is now established in every state and in practically every county in the United States.

Sunday, February 8, was observed nationally as Scout Sunday, and churches of all denominations everywhere held "Good Turn" services. On Sunday evening at 8:15, scouts of every city and every village in the land united in a renewal of their scout oath.

Wherever he was at that hour, everyone of the 379,926 scouts and the 108,083 scout leaders stood at scout salute and took anew his obligation to do his best to do his duty to God and to country and to obey the scout law.

Definite programs for each day of Good Turn Week are being planned by the 14,986 troops of scouts, and a feature of the week's celebration will be the holding of fathers and sons banquets.

"High as were the hopes of those of us who have organized the Boy Scouts of America ten years ago, our results have far exceeded even our eager vision," said James T. West, chief executive of the Boy Scouts of America, in commenting upon the ten years' history of the scout movement.

"Every scout and scout official looks back with pride and gratitude over

Break Up That Cold; Avoid Influenza

You can't afford to tifle with a cold. It may lead to influenza or other serious trouble. Start fighting it at once with

MOTHER'S JOY SALVE

Applied externally to the throat and chest, it quickly penetrates to the seat of the inflammation, relieving congestion and excruciating pain, and aiding to prevent pneumonia. It is soothing, warming and antiseptic. It is especially valuable to the tenderest infants. Doctors recommend it. Buy it from your dealer in

Cases Green Co. Greenville, S.C.

These ten years of scouting just past, with their remarkable attendant growth in numbers, prestige and opportunity of service. In all humility, I think we can truly say that the Boy Scouts of America have justified their existence as a vital factor in the life of the nation.

FERNALD'S BILL PASSED

WASHINGTON, Feb. 9.—A bill by Senator Fernald, republican, of Maine, abolishing the housing corporation and transferring its affairs to the treasury department on June 30 next, was passed by the senate today. It now goes to the house.

Famous Old Recipe for Cough Syrup

Really and cheaply made at home, has it beaten all for quick results.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using the well-known old recipe for making cough syrup at home. It is simple and cheap but it has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2 1/2 ounces of Pinex from any drugist, pour it into a pint bottle and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healing effect on the membranes.

Avoid disappointment by asking your drugist for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.
