C. M. EMBLER CARRIES HIS LIQUOR TO JAIL

Ed. Mitchell and C. M. Embley Bound Over to Federal Court—Accident Case Held Open.

Ed Mitchell and C. M. Embley, who 'surrendered' three quarts of 'white lightning' to the police when they were locked up in the city jail, retained a quarrel for future use, which was discovered yesterday morning while the men were being tried upon charges of having on hand more liquor than the law tolerates. Following their examination before Judge Wells their cases were transferred to federal jurisdiction and they were given a second hearing before U. S. Commissioner Vonnio L. Gudgey, who bound the defendants over to the March term of U. S. District Court.

PLANS TO ASCERTAIN STAND OF SHIPPERS

ATLANTA, Ga., Feb. 11.—Newspapers in Jacksonville, Tampa, Miami and Palm Beach were requested today by Regional Director Winchell to ascertain whether the majority of Florida fruit shippers approve of railroad administration regulations requiring 432 boxes to be packed to a freight car.

Weather conditions in the east are retarding the return of empty cars, Mr. Winchell said, and the requirement that cars be loaded to capacity appears necessary for several weeks to come in order to move citrus fruit. Not more than 50 per cent of the usual freight cars are expected to be available in that time, he said. If the majority of the shippers desire otherwise, however, Mr. Winchell said he would like to know it. The papers are requested to telegraph him the results of their canvass.

OFFERS NEW FORMULA TO PREVENT INFLUENZA

Prominent Kentucky Pharmacist Says Simple Home Made Mixture Is Splendid.

There is too much mystery floating around about influenza.

Why not get down to first principles and destroy the vicious germs before they can do any damage?

People with catarrh and acute colds invite the pernicious microbes of influenza, so why not make the membrane of the nose and throat proof against germs.

If people who have colds and catarrh will just get three-quarters of an ounce of Mentholized Arcline and mix it with a pint of water that has been boiled, they will have a very generous and not costly supply of medicine that will quickly soothe and heal the sore inflamed membrane and make it so healthy that the most ambitious germ will have a hard time finding lodging.

Snuff or spray this prescription into the nostrils and gargle the throat two or three times a day as directed.

This quickly opens up the stuffed-up nostrils and makes the entire nasal tract clean and healthy. Leading pharmacists everywhere dispense Mentholized Arcline since people have begun to learn of its wonderful virtues.

NEGRO COMMITTED HIS ROBBERIES BY DAYLIGHT

WILL BLAIR TELLS HOW HE ROBBED HOMES HERE.

Oss Fuller Taken By the Detectives, in Connection With the Robberies Here.

Unable to obtain all the evidence which the officers believed was necessary, in the many cases of burglary against Will Blair, colored, who was shot down in a chase by city detectives Tuesday, the trial has been postponed in Police court for a few days. The detectives have been able to connect up with the series of robberies against Blair, Oss Fuller, colored, who was arrested yesterday and is now held in jail, pending a hearing. Blair is being held until the outcome of his trial, while Charlie Jones, colored, charged with receiving stolen goods, has been released under a \$1,000 bond.

The most startling developments in the burglary charges against Blair, who is believed to be the king pin burglar of the city, by the officers, are his statements that he always committed his robberies in the day time. He just simply selected a house in any section of the city that suited him, walked up, knocked, if no one answered and the door was unlocked, walked in and helped himself. If anyone answered to his knock, he merely applied for work, and if accepted, always made the price so high that the person answering would not take him.

He walked in the home of C. H. Bartlett on Central avenue, a few days ago, just at the supper hour, picked over the coats and cloaks hanging on a hall rack, selecting one belonging to the niece of Mr. Bartlett and walked out. The other robberies have been just as daring, all being carried out in the broad day light. Blair has admitted all of the robberies and talks freely of what he has done. His word is not serious and is not giving him any trouble.

Another deal of residence property occurred yesterday, when J. M. Cooper, manager of Trivers store, bought, through the firm of B. H. Sumner and Son, a residence from Paul H. Reynolds of Merrimon avenue, the consideration being about \$10,000. These two deals are among the largest for residence property made during the past few weeks.

FRESH AIR AND EXERCISE STOPS AILMENTS

SLUGGISHNESS THAT IS BRED OF PHYSICAL INACTIVITY HARD CONDITIONS TO OVERCOME.

Says well known Andes Expert

We can't all be devotees of the great out-of-doors, and so the office men and women too often pay the penalty of the all-day grind at the desk, the bench and sales counter, said the Andes man, recently.

In many cases the sluggishness that is bred of physical inactivity, marks the indoor worker for its own.

Thousands who do not take sufficient physical exercise have found Andes the ideal tonic and invigorant.

To say that I feel good all over is to speak the acme of contentment when this is supplemented by a steady increase in weight, after a long period of illness, the fortunate person usually feels that they want to share their good luck with the less fortunate "other fellows."

This is the spirit that prompted Miss Agnes Statemeyer, saleswoman at Loveman, Joseph and Loeb, big department store, Birmingham, Ala., to tell her remarkable story.

Miss Statemeyer had suffered from sleeplessness, indigestion and general run-down condition. After using a bottle of Andes she felt so much better she purchased three more.

In regard to Andes she said: "I really don't understand how such a great medicine is made. Andes is wonderful. When I first read the testimonials I did not give them consideration, but so many good people continued to praise Andes that I decided to take a chance with it, fortunately I did because today my physical condition is better than it has been for years, and I would recommend Andes to anyone who had the same trouble I had."

Sold in Asheville by Grant's Pharmacy and by good druggists everywhere.
