ABOLISH THE ONE WAY THOROUGHFARE RULE

All Vehicles, Including Fire Trucks May Travel Patton Avenue and College Streets Either Way.

Patton avenue and College streets can now be traveled in either direction the individual may select, the city commissioners having rescinded the order passed on August 5, of last year.

The rescinding of this order throws two of the city's main thoroughfares open to the public regardless of the direction one might desire to travel. The motion to rescind the order was made by Commissioner Sherrill, and was seconded by Mayor Roberts. These two gentlemen voting to abolish the order and make the streets open to traffic regardless of the direction, and Commissioner Fitzpatrick registered his vote against the order. However, Mr. Fitzpatrick made it plain that he is not antagonistic to the views of either Mayor Roberts or Commissioner Sherrill, but he merely continues to maintain that in his judgment the streets should be traveled only one way as a measure of safety.

The origin of the ordinance was explained yesterday. It appears that last August while hundreds of automobiles owned by tourists were daily traveling these two main streets, that very often serious congestion of traffic occurred, particularly on Patton avenue. To remedy this condition the one way order was passed, and some of the commissioners understood the measure a temporary one during the rush season, while another considered the order permanent. However, the matter is settled so far as this administration is concerned in the ruling passed yesterday morning, and fire trucks as well as all other vehicles will travel Patton avenue in either direction without violating a city ordinance.

INVESTIGATION AT OTEEN IS STARTED

Colonel J. C. Kinney Arrived Yesterday From Washington.

Colonel J. C. Kinney, from the office of Surgeon General Blue, Washington, D. C., arrived in the city yesterday and began an investigation into the alleged mistreatment of soldier patients at Oteen. Accompanying Colonel Kinney is his wife. They are stopping at the Battery Park hotel.

THRIFT STAMP WEEK BEGINS ON MARCH 1

All Schools in This District to Encourage Thrift Among the Younger People.

State superintendents of schools in every state in the fifth federal reserve district have been notified that national thrift stamp week will be observed beginning Monday, March 1, and ending Saturday, March 6. The war loan organization for this territory is sending out instructions, literature and pledge cards to superintendents, and will co-operate in every way to awaken new interest on the part of parents and pupils in practicing every day thrift. The effort is intended to emphasize the value of saving regularly in small amounts. Through the press, school journals, notices on school bulletin boards, programs, and in various ways the message of the 25-cent United States thrift stamp will be carried.

It is likely that the celebration of thrift stamp week in the schools will culminate on Friday, March 5, with an entertainment featuring the number of thrift stamps each child has bought during the week, and the presentation of a program based on those prepared by the treasury department for this purpose.

DEATH YESTERDAY MRS. H. M. SWARTLEY

Was Sister to J. H. Leonard of This City.

Mrs. H. M. Swartley, of Charleston S. C., died yesterday, her death following an illness of more than a year. She was 51 years of age and is survived by her husband, three brothers, J. H. Leonard, of Asheville; B. B. and B. C. Leonard, of New York, and a sister, Mrs. W. S. Solomon, of Tampa.

Mr. J. H. Leonard had just returned here from Charleston, where he had visited his sister, when he received the news of her death. Mrs. Swartley had visited Asheville on numerous occasions and was well known and highly admired here by a host of friends. She was a member of the Catholic church.

The remains will be taken to her old home at Tampa for burial today.

DINNER WILL BE SERVED FREE AFTER THE AUCTION SALE AT GOLD VIEW GARDENS THURSDAY.

NUMBER OF FLU CASES STEADILY DECREASE

Eleven New Influenza and One Pneumonia Cases With No Deaths Constitute Yesterday's Report.

The influenza epidemic has reached its peak on January 29, when 252 cases were reported to the health authorities. Since that date, however, an occasional small flare-up, the number of cases has steadily decreased. This is the smallest number of new cases to be reported in one day since the appearance here of the disease. Twenty-nine doctors reported yesterday and only one new pneumonia case was recorded. There were no deaths officially reported during the last 24 hours.

Last night there were 44 patients in the emergency hospital, four new ones having been admitted during the day and eight discharged. Of the eight pneumonia cases in the hospital last night none were considered serious. No deaths occurred in this institution yesterday.

INSTALL NEW BOILER SECTIONS AT Y. M. C. A.

Shower Baths Will Be Reopened to Members This Afternoon.

The shower baths are expected to be ready by this afternoon at Young Men's Christian association, after having been out of commission for several days on account of installing new sections in the boiler. The boilers have been needing these sections for some time and the association officials decided that during the influenza epidemic would be a splendid time to have them installed.

With the installation of these new sections the association will be able to furnish a larger amount of hot water for the showers and swimming pool for the large number of its members. There is a considerable number of the members of the association who use the showers every day and they will no doubt appreciate these better facilities.

Don't Abuse YOUR EYES

Don't read in a poor light. Don't read facing the light. Don't read when your eyes are tired. Don't read without glasses, if reading strains your eyes. Our glasses will enable you to read in solid comfort

INFLUENZA CLAIMS 3 WITHIN 12 HOURS

Well Known People of Spruce Pine Are Claimed as Victims in Influenza Epidemic There.

Three deaths were caused within 12 hours in Spruce Pine by the influenza. Claude R. Radford, James W. Hall and Mrs. Tom Duncan being the victims.

Mr. Radford was assistant postmaster at Spruce Pine and is survived by his widow and two small children. He was a young man only 28 years of age. The morning following his death his three-year-old child died from an attack of influenza also. Mr. Radford's father met a very tragic death some years ago, having been killed by lightning.

Mr. Hall was one of the most highly respected citizens of Spruce Pine and was considered one of the section's best citizens. He is survived by his wife and three children.

Mrs. Duncan was before her marriage Miss Carrie Buchanan and made many friends there while teaching school.

"TEE BAR LAND ROLLER"

A Roller and Clod Crusher

with wrought steel frame—very strong and durable. Much better than the smooth roller.

What Do Your Clothes Say About You?

You are judged first by appearance. When attention is drawn to you in social or business life you should have no misgivings about the impression you are going to make.

You owe yourself clothes that will command respect.

Your personality as expressed in your clothes should be defined, not submerged.

This is part of Moore service. Come in and test it.

We Sell Men's Shoes

YOUR WATCH

Why has it stopped? It was not from accident or misuse, but from neglect. Most watch owners never give a thought to the amount of work a watch movement is called upon to perform, the millions of ticks it gives until it stops. It needs and deserves an occasional inspection, cleaning and adjustment. Its monetary value, as well as its usefulness, justifies this occasional attention. We maintain a service department, under an expert watchmaker, to give proper attention to our customers' watches. This is an assurance of satisfaction to which you should give much weight, especially in making your decision from whom you will buy your watch. Our line of watches will merit a visit of inspection.
