is more important to every living individual, is more easily acquired and continuously maintained than any other form of security known. Fire insurance is rebuilding security, but cannot replace the thousands of lives lost every year.

The life of a little girl was saved here last week with the use of a J-M FIRE EXTINGUISHER which her father had placed in the home. One of our largest LAUNDRIES was saved from big fire damage by having FIRE EXTINGUISHERS in the building.

MOTHER NATURE OBJECTS TO FORCE Tender Intestinal Tracts Can't Stand Powerful Physics.

When a physio or misadventured "inactive" causes the slightest pain or gripe you may know that instead of helping nature throw off the poisonous accumulation in the body, it is getting rid of them by force.

This rending, tearing action is extremely harmful and painful to the tender membranes of the bowels and intestines.

Sloan's Relief Tablets, gentle as nature itself, work in a soothing, helpful way. They eliminate all poisons and end constipation, yet do it without gripe or pain to the body. They are not habit forming. Get a box of 30 tablets today and use no others. Sloan's Relief Tablets are safest.

Thanks Management at Oteen Hospital

Officially expressing the general appreciation of the great aid which the Oteen hospital management has rendered the city in providing complete equipment for the emergency hospital, thanks having already been voted the commandant, Colonel William H. Lyster by the Red Cross influenza committee, Mayor Gallatin Roberts yesterday dispatched to Colonel Lyster the following letter. Copies of this letter were also sent to the war department, Senators Simmons and Overman and Representative Weaver.

Col. William Lyster, Oteen, N. C.

My Dear Sir: May I express to you the appreciation of the city commissioners and the citizens of Asheville for your prompt attention and hearty cooperation at the solicitation of Messrs. Thos. Wadley Raoul, S. Lipinsky, M. A. Erskine and myself in securing permission from the war department to use certain equipment from Oteen in our emergency hospital located in the city. If it had been necessary to have purchased this equipment for the emergency hospital, which is now in operation and doing such a great and necessary work, it would have cost this city from \$15,000 to \$20,000, and it would have taken so much longer time to procure the equipment and open the hospital.

Again thanking you, I am, Yours very sincerely, GALLATIN ROBERTS, Mayor.

#### WANT NO. CAROLINIAN APPOINTED TO BOARD

McDuffie Wires Representatives Urging Them to Get Representation on Interstate Commerce Commission.

President McDuffie, of the board of trade yesterday wrote Senators Simmons and Overman and Congressman Weaver urging them to use every effort to secure the appointment of a North Carolinian on the interstate commerce commission.

Recently President Wilson appointed ex-governor Stuart, of Virginia, to fill the vacancy on the commission, but Governor Stuart declined to serve. It is understood that most of the members of the commission are from Virginia, which, as everybody knows throughout the south, has the advantage in railroad matters over all other states south.

A number of Virginia cities, including Norfolk and Richmond are considered rate station points for freight moving from all western points to the Atlantic seaboard. This condition was worked out in the time of the old Richmond and Denver railroad when Sol Haas conceived the scheme that would make it possible to haul freight two or three thousand miles or more at a lower cost than freight could be hauled from much shorter distances.

With a live-active member on the interstate commerce commission for North Carolina the interests of the state and south could be better looked after than if Virginia should have all of the members.

Other persons interested in securing equitable freight rates for North Carolina and other southern states are asked to wire or write their senators and congressmen urging their activities in securing the appointment of a North Carolinian.

Just Yellow Mustard for Backache, Lumbago

Grandmother's old mussy mustard plaster or poultice generally brought relief alright even in the severest cases, but it burned and blistered like blazes.

"Heat cases pain" reduces the inflammation and scatters congestion but you'll find that while Begy's Mustard is a star in the field of true yellow mustard and other pain destroyers is just as hot as the old fashioned plaster it is much quicker, cleaner and more effective and cannot blister.

It's a great external remedy—just rub it on wherever aches, pains, inflammation, congestion or swelling exists and in a very few minutes the relief you
