

WASHINGTON, June 6.—Forecast for North and South Carolina: Local showers Wednesday and Thursday; gentle variable winds.

ESTABLISHED 1868.

ASHEVILLE, N. C., WEDNESDAY MORNING, JUNE 7, 1922.

PRICE FIVE CENTS.

# THE ASHEVILLE CITIZEN

"DEDICATED TO THE UP-BUILDING OF WESTERN NORTH CAROLINA"

## GET OPTIONS FOR DEVELOPMENT ON PIGEON RIVER

### Charlotte Man Outlines Plans for Great Power Project in Region.

## SPENDS MONTHS IN COLLECTING DATA

### River Falls 1,400 Feet in Distance of 35 Miles, Says A. C. Springs.

By R. G. LEIPER (Staff Correspondent). WAYNESVILLE, June 6.—Plans for what may become in the near future one of the largest power projects in Western North Carolina were outlined here by A. C. Springs, of Charlotte, who has spent months in acquiring options and needs to property for 33 miles along the Pigeon river from Waynesville to Newport, Tenn.

In this distance the river falls some 1,400 feet, giving opportunity for four or five large power development units that would be capable of producing between 170,000 and 250,000 horsepower, according to the estimates of reliable engineers, varying with the conditions of stream flow. Impounding in two places to conserve water for use in the drier seasons is included in the plan made known by Mr. Springs. One of these alone would yield an additional 25,000 horsepower, he believes.

In making known details of the project upon which he has been at work for months, the Charlotte man, who has had his residence at Waynesville for some time past, is careful to assert that he has closed definitely and finally with northern capitalists for the construction of the project, but has assurances that lead him to be optimistic for an early undertaking of the actual construction work.

Of the four or five units contemplated, the largest dam necessary, he asserts, would be about 175 and 200 feet high, and one of the units engineers have computed would develop upward of 80,000 horsepower, secured either through tunneling or by a canal to gain the needed sheer drop giving 700 foot head.

Markets for this large amount of power exist not only at Knoxville and Asheville, as well as intermediate points, but likewise to the possible coming of large new industrial plants that could be located at various points along the Pigeon river. Mr. Springs feels that with unexcelled water, climate, plenty of raw products at hand or easily secured, and with good labor conditions, such power would naturally attract prospective manufacturers to the Western North Carolina, in which he has implicit faith.

With this in mind, he has covered the entire 33 miles of river bank, upon both sides, securing options or deeds outright to thousands of acres of bottom land.

## MUSIC FESTIVAL QUOTA OF \$32,000 IS UNDERWRITTEN

### Notices Have Been Mailed For First Rehearsal Of Chorus.

A total of \$32,000 has been underwritten for the music festival, it was announced last night by the board of directors at the Chamber of Commerce. An effort was made to underwrite the festival to the extent of \$30,000 and officials are pleased with the \$2,000 additional amount. The festival on the part of business.

Notices have been sent out for the first rehearsal of the festival chorus, to be held at the Auditorium Thursday night at 8 o'clock, under the direction of Wade E. Brown. Mr. Brown will arrive today or tomorrow and begin active preparations for the August festival.

It has been practically decided to present Samson and Delilah as the choral feature of the festival. Matzenberg, soprano, will sing the title role on the night of the festival, Monday night, and Edward Johnson, tenor will appear on a Saturday night, it is stated.

## ALLEGE MISAPPROPRIATION OF LARGE SUMS OF MONEY

WILSON, June 6.—H. L. Finch, former manager of the C. S. Tomlinson company, chain stores here, was arrested today on a warrant sworn out by officials in connection with the misappropriation of a sum ranging from \$125,000 to \$500,000. He is held in jail in default of \$20,000 bond.

Finch's only comment on the case at a meeting of the creditors of the Tomlinson concern and while there he said he went to a hospital in Washington, D. C., for treatment and on his return here was placed under arrest.

Finch's only comment on the case was to the effect that his friends would come to his rescue.

## TRUE LEADERSHIP IS GIFT OF GOD, ASSERTS MORWOOD

### Commencement Sermon at Trinity College Heard By 1,500 People.

## REVOLVING FUND IS PROVIDED IN PLAN

### To Establish Fully Developed School of Religious Training.

(Special Correspondent, The Asheville Citizen). TRINITY, June 6.—Creating of a new source of revenue for Trinity college was assured today when the board of trustees meeting in annual session in connection with commencement finals approved the idea of a revolving fund incorporated in the report of President W. P. Few. Three members of the board were appointed to work with a committee from the alumni council to perfect plans for the fund. The 22 members of the board present started the movement by subscribing a total of \$630. Under this system Trinity alumni will pledge themselves to contribute a sum annually to the support of the college.

The trustees re-elected the present controlling groups of the college and approved the suggestion contained in the report of President Few that all money which will come to Trinity, some \$300,000 from the Christian education movement, be used to establish a school of Hebrew and religious training as soon as possible.

To Add Five New Chairs The board agreed with Dr. Few, that it should buy five new chairs for the department of Hebrew. They would include a professor of church history and missionary theory, a professor of psychology, a professor of public speaking, a professor of Old Testament and a professor of missionary training.

The day was properly listed on the commencement program as a alumni day and hundreds of old students were back for the high peak of the finale. At 1 o'clock several hundred alumni met at Annual Duke gymnasium for the annual dinner and mixed a good time with their friends. The principal address was made by Dr. Paul V. Anderson, of Richmond.

Officers of the General Alumnae association were elected as follows: President, Mrs. H. E. Spence, Durham; vice president, Mrs. J. H. Hawks, Durham; treasurer, Grace Holton, Durham; secretary, Vera Carr, Durham.

A new dawn for athletic activities at Trinity was augmented when at 4 o'clock in the afternoon the corner stone of the Alumni Memorial gymnasium was laid with Masonic ceremonies. A great crowd assembled to witness this feature. When completed the gymnasium will be the most modern in the state.

In the alumni address at night Sidney S. Alderman, of Greensboro, contrasted the three cardinal virtues of youth, manhood unstrained, faith and vision with the three cardinal faults of youth, impetuosity, quick reaction and hurried decisions. He declared that the greatest quality of youth, Mr. Alderman said, is an alumnus declared his vision of Trinity was a college that produced culture of body, mind and spirit.

Leadership Greatest Need of the Day. Rev. Dr. Frederick C. Norwood, pastor of City Temple, London, England, greatly moved the congregation of 1,500 people who packed Craven Memorial hall this morning for the commencement sermon of the Trinity college finals. With dynamic fervor, Rev. Dr. Norwood pleaded for leaders for the crowd, men of spiritual insight who could "see" beyond the horizon of the present, and the high spots on the third day of the Trinity commencement.

The alumni had arrived in full force for the alumni and alumnae dinners at 1 o'clock, the laying of the cornerstone of the Alumni Memorial gymnasium at 4 in the afternoon and the alumni address by Sydney S. Alderman, '13, of Greensboro, at night.

Regarding true leadership, the English minister said: "The true leadership that feels the pity of the multitude and seeks to give true guidance to one's fellows, is the aristocratic gift of God. The object of the pupil is to create an atmosphere for the factory and the forum. It is there that the real work has to be done—commercial life transplanted into terms of Christian leadership, political life all greater with Christian purposes. These are the world's crying needs and to them in a sense the pupil is subsidiary because it is the root out of which that type of man grows."

Rev. Dr. Norwood in developing this idea had said in part: "There is a multitude in the world today that is the leader of the multitude. I speak to you with eagerness because it would seem there should be no more likely place for the finding of leaders than among those who cross the threshold of active life, endowed by nature, blessed by fortune, equipped by education, inspired by ambition. My approval shall be first that you see the multitude, that you feel the pastor of his claim upon you, and then that you consecrate yourselves to high service."

To Prerequisite Of Omnipotence. Jesus was the only man who ever saw a multitude. It is not given to many to see, least of all to see a multitude. No man ever saw a multitude unless he saw it unobscured and without reference to space. Who can truly see a multitude but omnipotence? To see a multitude you must look back before the beginning of the creation.

## Eleven Railroad Unions Call Strike Vote Immediately On Issuance Of Wage Cut Orders

### Strike Votes to Affect 1,200,000 Employees.

## Declares New Wages Do Not Permit Minimum Living Wage.

(CINCINNATI, June 6.—(By The Associated Press).—Over the protest of the three labor representative of the United States railroad labor board, a new wage cut of 7 cents an hour for railway shop mechanics and 9 cents for freight car men, cutting 400,000 shopmen approximately \$50,000,000 a year was ordered by the board today.

The new wage reduction brought an estimated added saving of \$59,669,347 annually to the railroads, following on the heels of a \$50,000,000 cut in the wages of maintenance of way laborers last week. The shop crafts decision becomes effective July 1, the same date as last week's order.

The minority report of the labor members pointedly stated that the majority decision was made "with no consideration of human needs" and charges that it fails to carry out the function of the board to set a "just and reasonable" wage. "The tendency of this decision is to vindicate the propaganda of the railroads and consequently condemn such statements as the majority have been able to bring to public attention," the minority opinion said.

## Perseverance Will Capture One Of Six Autos Offered By The Asheville Citizen

### All Prizes Are Valuable and Necessary in Every Day Life.

## STEP RIGHT UP AND ENTER YOURSELF

### Many Folks Never Leave the "Post" Because Of Timidity.

Today is one of "opportunities." It is a day when perseverance and energy will win. By the persistent application of these two qualities in the "Circulation Drive" now being made by The Asheville Citizen, a goodly number of persons in this county will win a new car and drive handsome automobile purchased at great cost, and all of the very latest design. After one fully realizes the possibilities of this great offer there isn't one lot of doubt but that the decision will be to get busy at once and begin an active campaign for subscriptions and votes.

Prizes to Be Given Valuable. If the prize list contained just one or two cars of small value, and in the event no commission be paid those who were not awarded a prize, the proposition would, perhaps, not appeal so strongly. But, there are six automobiles—each and everyone of them of unquestioned value and dependability.

Most of us can't see now how we ever got along without the automobile, of course, but it is with reverence in the memory of the present generation when talk of the "horseless carriage" was accepted more or less as a joke, and the chaps who first suggested the idea of propelling a vehicle without a "nag" to pull it were in a class with Darius Green and his flying machine. Folks laughed about Darius and his silly idea for years, but no one viewed the horseless carriage as anything except a curiosity. That is, no one but the inventor.

The derrick train of the Asheville division was immediately sent to the scene of the derailment and officials were confident last night that the tracks would be cleared early this morning and would not interfere with traffic today.

S. J. Mulvaney, superintendent, went to the scene and superintended the clearing of the tracks. At 2 o'clock this morning the dispatcher's office of the Southern railroad reported that the derrick had been cleared for traffic and therefore will not affect the time of arrival of the early morning train from Salisbury.

## MORRISON FOR UNITED EFFORT BY THE CAROLINANS

(Special Correspondent, The Asheville Citizen). GREENSBORO, June 6.—Governor Morrison made a brief talk at the Greensboro Pure Food show this afternoon. He told an audience what a great aid health pure food is. Then told of the progress made in the state and asked the efforts of his hearers to make it continue.

Present were a delegation of Greenville, S. C., boosters stopping here today on their tour of several southern states. The governor asked to get South Carolina to join hands with North Carolina and make the two states great and wealthy, standing for the best in the way of spiritual and material improvement.

## WARE COUNTY CONVICT IS KILLED SEEKING LIBERTY

RALEIGH, June 6.—One convict was instantly killed and another shot in the leg tonight as they fled up a highway from prison guards, who had surrounded them in a dump of woods an hour after they had jumped from a prison truck bringing them into camp, four miles from Raleigh, after the day's work. Guards fired, they stated, when the prisoners refused to obey their command to halt.

## URGES WOMEN TO AID IN BETTERING FARMS OF STATE

### Governor Morrison Addresses Graduates At N. C. C. W.

## DELIVER DIPLOMAS TO 95 YOUNG LADIES

### Produce Food and Then Beautify Homes, the Governor Pleads.

(Special Correspondent, The Asheville Citizen). GREENSBORO, June 6.—Commencement at North Carolina College for Women here came to a close this morning with the addressing to the graduating class of 95 by Governor Morrison and delivery of diplomas to the graduates.

The governor urged the young women to do their part towards making North Carolina a great food-producing state. He asked them to raise poultry, keep bees, keep a milk cow and make cheese. Every home in North Carolina should have fruit trees around it, he said, a berry bush, grape vines, nut trees. The women can see that they are planted and cultivated.

"After making a land flowing with milk and honey," the governor said, "plant flowers and make the state an earthly paradise. Its possibilities are great and it is rich in agricultural products, although the people of the state do not practice agriculture. The state needs more hogs and more attention paid to horticulture and agriculture. It should be a felony for a North Carolina home to be without a garden."

"Work for the state," he urged. "Strive for the betterment of things as they are and pass on a priceless heritage to one's children." An interesting program was rendered. The exercises opened with the national anthem, then the invocation and the "Old North State," rendered by the audience. After the governor's address, the girls club sang, "Dear W. Smith presented the graduates to the president, Dr. J. I. Poust, who conferred the degrees.

Following is the list of graduates: The degree of master of arts was conferred upon Miss May Meador, of Hills Point. The following received diplomas: Bachelor of Arts: Misses Carey Bachelor, Raleigh; Ethel Baugh, Raleigh; Jessie Crayley, Wilmington; Bell Graham; Katherine Bonitz, Wilmington; Clara Brawley, Gastonia; Annie Bridges, Forest City; An interesting program was rendered by Bynum, Farmville; Elizabeth Caldwell, Raleigh; Anne Cantrell, Winston-Salem; Clara Craven, Greensboro; Helene Crayley, Wilmington; Edith Cunningham, Franklin; Charlotte Daugherty, Kinston; Florine Davenport, Columbia; Annie Dobbins, Hillsboro; Margaret E. Egan, Raleigh; Hannah Fleetwood, Hertford; Grace Forney, Greensboro; Gertrude Fox, Hickory; Emmeline Goforth, Lenoir; Connie Heater, Cross, Margaret Heinsberger, Wilmington; Huliah Hoolman, Rich Square; Mary Hunt, Casar; Daley Hunter, Turkey; Zellan Hunter, Greensboro; Martha Ivy, Cary; Mary John, Laurinburg; Lucy Hunter, Turkey; Mills Kampe, Old Fort; Mary Kearns, Farmer; Vera Keach, Tabor, King, Salem; Lila Koonce, Wilmington; Luella Koonce, Colesman; Juanita Koonce, Salisbury; Helen Leach, Franklin; Mary Liles, Morven; Pauline Lucas, Plymouth; May McArn, Laurinburg; Elizabeth McCracken, Fairview; Mary McDonald, Candor; Josephine McPherson, Waynesville; Lucie Mason, Sanford; Kate Mitchell, Mount Airy; Hazel Mizell, Robertsonville; Pattie Price, Chapel Hill; Jessie Rose, Wallace; Eva Rosser, Jonesboro; Mary Singleton, Mebane; Eva Sisk, Thomasville; Sarah Smith, Laurinburg; Julia Southerland, Goldston; Mabel Stamper, Leaksville; Elizabeth Stanford, Terrell; Teachey, Reidsville; Sallie Tucker, Grifton; Athleen Turnage, Ayden; Annie Underwood, Farmville; Germaine Villedien, Paris, France; Josephine Weaver, Lexington; Fola White, Olin, Kates, Whitely, Enfield; Katherine Yoder, Linville. Bachelor of Science: Misses Lucie...

## INDIANA, PENNSYLVANIA AND NOW IOWA IN UPRISING

WASHINGTON, June 6.—The result of the Iowa senatorial primary is a great shock and embarrassment to the Harding administration. Colonel Brookhart, the successful candidate, is the "red rag" of the west to the "old guard" of the east.

Brookhart is worse than the defeat of Senator New or the nomination of Pinelott. Beveridge in Indiana and Pinelott in Pennsylvania encouraged their respective state organizations but promised loyal support to Harding. Colonel Brookhart made it plain that he would join the LaFollette, Borah and Ladd group, and fight against the administration whenever it seemed wise. Former stout hearts on the republican side of the senate lost their courage over the Iowa news.

Brookhart was opposed by Senator Cummins, Secretary Wallace, Republican National Chairman Adams and other Harding supporters. He licked the whole layout.

The administration of President Harding and the dominating element in the republican party received a...

## TRAMMELL GAINS RENOMINATION AS FLORIDA SENATOR

### Defeats Former Governor Gilchrist by Vote of Three to One.

## IOWA SENATORIAL PRIMARY IS SHOCK

### Brookhart Victory Worse Than Defeat of New to Administration

JACKSONVILLE, Fla., June 6.—Incomplete returns from 25 counties as reported by Florida newspapers to The Associated Press tonight indicate the renomination of Park Trammell as United States senator by a majority of three to one over his opponent, former Governor Albert W. Gilchrist.

On the face of these incomplete returns, the former governor was leading in only four counties, Bradford, Hardee, DeSoto and Jackson. Meager returns were received from West Florida.

Returns from the fourth congressional district showed Representative W. J. Mears far in the lead over W. A. McWilliams, president of the state senate. Mr. McWilliams apparently has been defeated in his home town, St. Augustine.

A close race developed in the second district, where Representative Frank Clark is opposed for re-election by Colonel Robert W. Davis, who served in congress 18 years ago. On the face of the returns Clark was slightly in the lead.

Returns from the third district were meager, but the vote so far compiled showed Representative Smithwick leading Ben S. Hancock of Pensacola.

In the first district, Representative H. J. Drane was unopposed. Little could be learned tonight on which to base even a conjecture as to the fate of two women candidates for the state legislature.

## BROOKHART RECEIVES THE G. O. P. NOMINATION

DES MOINES, Iowa, June 6.—(By The Associated Press).—Smith W. Brookhart of Washington, received the republican nomination for United States senator from Iowa at the primary Monday, according to returns received tonight from all but 346 of the 2,348 precincts in the state.

Of 239,084 votes cast in these precincts, Brookhart received 118,493 or 41 per cent. Thirty-five votes are necessary for nomination.

The vote was: Brookhart 118,493; Clifford Thorne 46,429; Charles E. Pickett 45,902; Leslie E. Francis 27,906; Burton E. Swan 25,582; Claude M. Stanley, 11,678.

## THE STATE SHOWN IN NINETY-SIX COUNTIES

Of the 96 counties used in the tabulation, Mr. Lee carried 65 and Mr. Avery 31.

Following are the majorities: For Mr. Lee—Alexander, 32; Alghansy, 200; Ashe, 100; Bertie, 225; Bladen, 125; Brunswick, 300; Bunncombe, 1,132; Carteret, 50; Caswell, 108; Chatham, 1,083; Cleveland, 1,482; Columbus, 787; Craven, 1,141; Cumberland, 970; Dare, 100; Davidson, 1,738; Davie, 79; Duplin, 482; Forsythe, 79; Gaston, 247; Gates, 191; Guilford, 193; Granville, 339; Graham, 677; Halifax, 370; Haywood, 1,725; Henderson, 100; Hertford, 146; Hoke, 150; Iredell, 1,925; Jackson, 100; Jones, 194; Lee, 359; Lincoln, 100; Madison, 111; Martin, 448; McDowell, 7; Mecklenburg, 1,955; Montgomery, 200; Moore, 240; Nash, 56; New Hanover, 1,620; Northampton, 45; Onslow, 87; Orange, 783; Pamlico, 400; Polk, 100; Randolph, 384; Richmond, 291; Roberson, 2,630; Rockingham, 800; Rowan, 281; Rutherford, 297; Scotland, 728; Stanley, 600; Surry, 800; Swain, 26; Transylvania, 192; Tyrrell, 204; Union, 2,231; Wake, 127; Washington, 300; Wilkes, 43; Yadkin, 103; Yancey, 303.

## EVERY STILL MAINTAINS NOMINATION BY 5,000

(Special Correspondent, The Asheville Citizen). MORGANTOWN, June 6.—From information received from reliable sources today A. C. Avery says he is still of the opinion he will be nominated by a 5,000 majority.

## Local And Outside Capital Back Hotel For Haywood Street

### To Pick Non-Party Leader as the New Premier of Japan

### Believe Takahashi Would Have Made Most of Results of Washington Parley

(TOKIO, June 6.—(By The Associated Press).—A non-party leader, untaunted by suspicion of militarism, thoroughly in accord with the agreement reached at the Washington conference, but in his home policies definitely against universal suffrage, will be the next premier of Japan to succeed Premier Takahashi, who resigned today, in the view of well-informed circles.

Takahashi's resignation has caused keen disappointment among distinguished observers of political events, who felt that he was the man to make the most of the results achieved at Washington. It also was believed his financial experience would have been valuable in the difficult task of leading the country back to the road of prosperity. It is considered unlikely that the kenseikai, or opposition party, will be asked to form a cabinet.

Japan's public men are most anxious to avoid the slightest suspicion that the country is reverting to militarism. The whole situation at present points to the choice of a non-party man for premier, with the support of the seiyukai or present government party.

Returns from the third district were meager, but the vote so far compiled showed Representative Smithwick leading Ben S. Hancock of Pensacola.

## NOTE CONFERENCE IN LEE SHOWN AS MAJORITY GAINS

### Has Majority of 15,944 in 96 Counties Reported—Avery Claims Lead.

(SPECIAL CORRESPONDENT, THE ASHEVILLE CITIZEN). RALEIGH, June 6.—Corporation Commissioner W. T. Lee has a majority of 15,944 in 96 counties, according to the latest and most complete tabulation of figures made here.

Most of the returns used are complete and official. The others are based on reliable reports from counties, in most cases containing the exact majorities in precincts heard from. The four counties not included in the tabulation, Wayne, which cast no vote, Hyatt, Pender and Sampson are not expected to change the majority materially, so that next week's official count is expected to show Mr. Lee has been generally expected and the later returns showed him materially stronger than the early returns indicated.

Rather than seeing in the result a blow at the corporation commission, his majority is considered a vote of confidence in that body, and in Mr. Lee as chairman. The counties lost were those seldom before the commission with one or two exceptions, while the counties that have been affected frequently by rulings supported Mr. Lee incumbent strongly. Mr. Lee has been at his home in Waynesville since the primary.

Haywood street property has been rapidly advancing in value during the past 12 months and with the erection of the new hotel building, towering above the other buildings of the city and the completion of the Loughran building, the peculiar thoroughfare will have a new life. The new hotel building, with its 250 rooms, many with private bath, will be in the new hotel building and the lobby, lounge, dining room and other departments will be of the very latest in hotel architecture, providing for both beauty and comfort.

Numerous movements have been made in Asheville in the interim of a new hotel and statistics have been taken at various times showing the need for the additional facilities. Archibald Nichols, heading a committee from the Merchants' association and the Chamber of Commerce, has also been active in the interests of the new project. It is stated, "The discussion of a name for the new hotel, the manner of furnishing, the date for construction to start and other details will be handled later. It is stated, however, it is declared that work will commence at an early date as soon as plans are completed and details arranged."

PROMOTE FAISON TO RANK OF BRIGADIER-GENERAL. WASHINGTON, June 6.—Col. Samuel Lane Faison, United States infantry, was named today by President Harding to the rank of brigadier-general in the regular army. The nomination was sent to the senate for confirmation.

Colonel Faison will succeed Brigadier-General William S. Sage, who died June 4. During the World War Colonel Faison, who held temporary rank of brigadier-general, commanded the Thirtieth division during its active operations in France. In addition to the distinguished service medal, he was awarded decorations by the French government for war service. He was appointed to the military academy from North Carolina graduating in 1883 and now is assigned as commander of the 22nd infantry.

## THE SAME YESTERDAY, TODAY AND FOREVER

By BILLY BORNE
